

ANTI-TOBACCO AWARENESS DRIVE

ACTIVITY: Anti-Tobacco Awareness Drive

DATE: 13 April 2026

CONDUCTED BY: Class VIII-C

As part of the school's Anti-Tobacco Awareness Drive, students of Class 8C participated in an informative and engaging session on tobacco prevention. The students watched an awareness video highlighting the 1933 MANAS helpline, which provides support and guidance related to mental health and well-being.

Following the video, an insightful class discussion was conducted to help students understand the harmful effects of tobacco use and the importance of making healthy lifestyle choices. The session encouraged students to think critically about peer influence, addiction, and personal responsibility while reinforcing the message that prevention and awareness are key to building a healthier future.

The activity successfully empowered students with knowledge and awareness, inspiring them to become informed and responsible advocates for a tobacco-free life.
