

WORLD MALARIA DAY

EVENT: Class Assembly

DATE: 27 April 2026

CONDUCTED BY: Class IV and V

The class assembly for Classes 4 and 5 was conducted with great enthusiasm and purpose. The assembly commenced with an awareness message on **World Malaria Day**, aimed at educating students about the causes, symptoms, and prevention of malaria.

Students were informed about the importance of maintaining cleanliness in their surroundings and preventing the accumulation of stagnant water, which serves as a breeding ground for mosquitoes. The session also highlighted essential dos and don'ts to protect oneself from mosquito bites, emphasizing personal hygiene and preventive health measures.

The assembly concluded on a celebratory note with the announcement of the **Cub Council Members**. The selected students were warmly congratulated and encouraged to carry out their responsibilities with sincerity, dedication, and leadership. Their appointment marks an important step towards fostering responsibility and teamwork among young learners.

The assembly was informative, well-organized, and meaningful, successfully combining health awareness with the recognition of student leadership.
