

LEARNING BEYOND BORDERS

ACTIVITY: A collaborative History class with the Russian students

DATE: 28 April 2026

Students participated in an enriching collaborative History class with students from Russia, creating a unique opportunity for cross-cultural learning and global engagement. The interactive session encouraged participants to explore historical themes through diverse perspectives while fostering meaningful international connections.

During the class, students exchanged ideas, shared insights, and discussed historical events and their significance in shaping societies. The collaboration provided a platform for learners to appreciate different viewpoints, compare cultural experiences, and deepen their understanding of world history.

The session not only enhanced historical knowledge but also promoted communication, teamwork, and intercultural understanding. Engaging with peers from another country helped students develop global awareness and broaden their outlook beyond geographical boundaries.

The collaborative class was a valuable and memorable learning experience, demonstrating how education can connect young minds across the world and encourage mutual respect, curiosity, and lifelong learning.
