

PREVENT RABIES, SAVE LIVES

ACTIVITY: Rabies Day Awareness Session

DATE: 29 April 2026

CONDUCTED FOR: Class VI

As part of the monthly **Rabies Day observance**, held on the 28th of every month, an awareness campaign on the **Prevention of Rabies** was conducted for Class 6A. The session aimed to educate students about the dangers of rabies and the importance of timely preventive measures.

A PowerPoint presentation was shown to provide students with essential information about rabies, including its causes, symptoms, modes of transmission through animal bites, and the importance of seeking immediate medical attention. Students also learned about the significance of timely vaccination, responsible pet ownership, and the correct steps to follow in the event of an animal bite.

The campaign emphasized the message **“Prevent Rabies, Save Lives”**, encouraging students to become responsible and informed citizens who can spread awareness within their families and communities. The session highlighted how awareness and prompt action can play a crucial role in preventing this life-threatening disease.

Students participated actively throughout the session, demonstrating keen interest and engagement. The awareness programme successfully enhanced their understanding of rabies prevention and reinforced the importance of health, safety, and community awareness.
