

Cir No.: STS/54/2026-27

10.07.2026 (Friday)

Dear Parent,

As you may be aware, the Central Board of Secondary Education (CBSE) has introduced a new two-level structure for Mathematics and Science starting from the current academic session 2026-27 for Class IX. In accordance with the CBSE guidelines, all students will continue to study the uniform standard syllabus and appear for the mandatory 80-mark annual examination.

However, to cater to academically inclined students, CBSE has introduced optional **Advanced Mathematics and Advanced Science**. The aim of these advanced courses is to encourage deeper conceptual learning, develop analytical reasoning and strengthen Higher-Order Thinking Skills (HOTS) through additional, high-level content without impacting the student's overall board aggregate score. In alignment with this progressive vision, our school will be conducting specialised classes for Class IX students who wish to challenge themselves and opt for these advanced subjects. Please note the following critical details:

- **Eligibility Criteria:** Selection for these specialised classes will be determined solely based on the student's performance in the **Periodic Test-1**.
- **Assessment:** Students who qualify and opt for these subjects will be formally tested in both subjects during the **Mid-Term Examinations**.
- **Class Schedule:** To ensure comprehensive study, these supplementary classes will be conducted during regular school hours as well as on Saturdays.

If you wish for your ward to take advantage of this academic opportunity, please fill out the consent slip below and submit it to their respective class teachers latest by 13.07.2026 (Monday).

Warm regards

Ms Meneka I. Singh
(Principal)
