

CHILD SAFETY: STUDENT SENSITIZATION ACTIVITY

Grades: VI–XII

Day & Date: Friday, 17.07.2026

A comprehensive Child Safety Student Sensitization Activity titled “Your Safety, Your Security” was conducted for students of Grades VI–XII to promote a safe, respectful, and inclusive school environment. The interactive sessions focused on the core values of Respect, Responsibility, and Safety, while creating awareness about personal and digital boundaries, safe and unsafe touch, mutual consent, trusted adults, cyberbullying, and harassment. Students were sensitized to the provisions of the Protection of Children from Sexual Offences (POCSO) Act, 2012, and encouraged to understand their rights and responsibilities. Through the action-oriented mantra “Recognize, Move, Report,” they learnt to identify unsafe situations, seek timely support, and report concerns to parents, teachers, school counsellors, or other trusted adults. The programme concluded with a Child Safety Pledge, reinforcing every student's commitment to building a secure, supportive, and responsible school community.

Activity Glimpses
