

NAME OF THE EVENT: CHILD SAFETY: STUDENT SENSITIZATION ACTIVITY

Grade: III–V

Day & Date: Friday, 17.07.2026

A child safety sensitization session titled “Your Safety, Your Security” was conducted for the students of Grades III–V. The interactive session focused on helping children understand the concepts of safe and unsafe touch, good and bad secrets, personal boundaries, and the importance of saying “No”, moving away from unsafe situations, and informing a trusted adult. Students were also guided on staying safe while using the internet and being kind and respectful to others. Through engaging discussions and simple examples, they learned the importance of speaking up whenever they feel uncomfortable or unsafe. The session concluded with a Safety Pledge, encouraging every child to stay alert, be confident, and always seek help from parents, teachers, or school counsellors whenever needed.
