Ref no: BIS/606/26

Dear Parents,

Subject: Temporary Unavailability of Beds in the Medical Room

This is to inform you that the Medical Room of the school will be under renovation on 23rd & 24th July 2026. During this period, beds will not be available in the Medical Room for students requiring rest or observation.

Therefore, parents are requested to avoid sending their ward to school if the child is unwell or requires medical attention.

However, please be assured that basic first aid and necessary immediate assistance will continue to be provided to students during school hours.

We appreciate your cooperation and understanding in ensuring the health and well-being of our students.

Regards,

Principal
