Pre Periodic Test-1 (2026-27)
ENGLISH

DATE:

CLASSV

Sec: __

General Instructions:

1. This question paper consists of three sections.
2. Read the question paper carefully.
3. All the questions are mandatory.

SECTION – A	
1	Read the passage and answer the following questions: Water is one of the most precious resources on Earth. Every living creature, from the tiniest insect to the tallest tree, needs water to survive. Humans use water for drinking, cooking, cleaning, farming, and even generating electricity. Dirty water can carry harmful germs that cause diseases like cholera and typhoid. Water pollution is one of the biggest threats to clean water. It is caused when people throw garbage, chemicals, or waste into rivers, lakes, and oceans. Factories sometimes release harmful substances into water bodies without proper treatment. This not only harms humans but also affects aquatic life such as fish, turtles, and water birds. Simple habits like turning off taps when not in use, fixing leaks, and not littering near water sources can make a big difference. Government and scientists are also working together to clean polluted water and invent ways to recycle it. After all, saving water today means saving life for tomorrow. a) Mention any two causes of water pollution given in the passage. b) Smoking is <u>injurious</u> to health. Replace the underlined word with its synonym from the passage. c) What are some actions people can take to save water? d) Assertion (A): Water pollution harms aquatic animals. Reason (R): Polluted water helps fish and turtles grow healthier. Choose the correct answer: a) Both A and R are true, and R is the correct explanation of A. b) Both A and R are true, but R is not the correct explanation of A. c) A is true, but R is false. d) A is false, but R is true
SECTION-B	
2	Recently, your city experienced a heavy storm that caused power cuts and disrupted daily life. Write a diary entry describing what happened during the storm, how your family coped with the situation, and your thoughts on the importance of being prepared for natural disasters.
