

SCIENCE WEEK - DAY 3

CLASSES 6-8

Quiz Competition

As part of **Science Week – Day 3**, an exciting **Science Quiz Competition** was organised for students of **Classes VI–VIII**. The quiz featured questions on scientific concepts, discoveries, and everyday applications of science. Students participated enthusiastically, showcasing their knowledge, quick thinking, and teamwork. The competition made learning interactive and enjoyable while fostering curiosity and a spirit of healthy competition.

CLASSES 9-12

Senior Debate Competition

Students of **Classes IX–XII** participated in a thought-provoking **Senior Debate Competition** as part of **Science Week – Day 3**. The participants confidently presented well-researched arguments on contemporary science-related topics, demonstrating critical thinking, effective communication, and analytical skills. The competition encouraged students to express their perspectives, respect diverse opinions, and engage in meaningful discussions, making it an enriching and intellectually stimulating experience.
