

Plantation Drive 2026

DATE: 3 July 2026

VENUE: ITL PUBLIC SCHOOL, SEC 9, DWARKA.

Conducted by: Environmental council

“One tree can start a forest; one action can inspire a generation.”

ITL Public School organized a Mega Plantation Drive on July 3, 2026 in the school premises and nearby residential societies. The initiative aimed to spread awareness about environmental conservation and encourage students to contribute towards a greener and healthier future.

The management, Students, teachers, and Eco Club members enthusiastically planted a variety of trees, including Sheesham, Jackfruit, Arjun, and Ficus, along with common herbs and shrubs such as Tulsi, Aloe Vera, Lemongrass, Hibiscus, and Jasmine. The participants learned about the ecological and medicinal importance of these plants and their role in improving air quality, supporting biodiversity, and creating sustainable green spaces.

The drive witnessed active community participation and inspired everyone to take responsibility for nurturing the saplings. Through this initiative, ITL Public School reaffirmed its commitment to environmental stewardship while instilling in students the values of sustainability and care for nature.
