

World Paper Bag Day Celebration

Organised by : ITL Public School | Date: 12 July, 2026 | Classes : I to XII

“The greatest threat to our planet is the belief that someone else will save it.”

— Robert Swan

ITL Public School organized **World Paper Bag Day 2026** under the inspiring theme **“Small change. Big impact. Choose paper, choose a better tomorrow.”** The day highlights how simple, conscious shifts in our daily habits can significantly contribute to environmental preservation. By encouraging the transition away from single-use plastics, the school community emphasized the vital environmental benefits of choosing paper bags.

From being energy efficient and reducing harmful emissions to saving gallons of oil and conserving landfill space, switching to biodegradable alternatives is a crucial step towards reducing waste. Students were motivated to carry this sustainable choice with pride for the sake of our planet's future. By fostering ecological responsibility, ITL Public School continues to inspire its youth to opt for paper bags, embrace sustainability, and actively shape a greener future together.

Key Highlights & Core Initiatives

- **Transition from Single-Use Plastics:** Sensitization drives and practical activities encouraged students to adopt paper bags, emphasizing the urgent need to eliminate harmful single-use plastics from everyday usage.
- **Resource & Energy Conservation:** Educational sessions highlighted the significant ecological advantages of paper bags, including lower carbon emissions, oil conservation, and reduced landfill burden.
- **Fostering Ecological Responsibility:** Hands-on participation empowered students to proudly choose eco-friendly alternatives and act as ambassadors for sustainable living in their homes and communities.

The celebration successfully reinforced a strong commitment to environmental stewardship, inspiring students to make small daily changes that collectively yield a massive positive impact on our planet.
