AUGUST

The Rose Plant

Once upon a time there was a rose who was very proud of her beautiful looks. Her only disappointment was that she grew next to an ugly cactus. Every day, the rose would insult the cactus on his looks while the cactus stayed quiet. All the other plants in the garden told the rose that she is wrong, but she was proud of her own good looks.

One summer, the well present in the garden grew dry and there was no water for the plants. The rose began to droop. She saw a sparrow dip her beak into the cactus for some water. Though ashamed, she asked the cactus if she too could have some water. The kind cactus readily agreed and they both got through the tough summer, as friends.

Moral : Respect everyone .

Recitation- Rhymes related to the topic

FIRST THE SEED

First the seed, then the grain

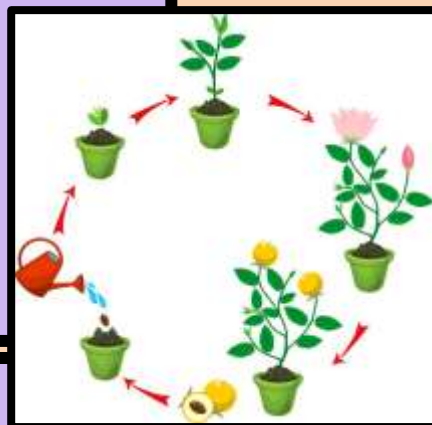

Thank you God for the sun and the rain

First the flour then the bread

Thank you God that we are fed

Thank you God for all your care

Help us all to love and share.

TREES

Trees are big, and trees are small,

Some are short and some are tall.

They give us shelter, they give us food,
don't think of them as firewood.

If they could talk, they would say,
we harm no one please stay away.

so let us try and save the trees,
and enjoy their fresh and cool breeze

Let's all of us pledge today
about their value let's convey.

वीर सिपाही

हम भारत के वीर सिपाही,
कभी नहीं घबराएंगे।

जाड़ा, गर्मी, वर्षा में भी,
आगे बढ़ते जाएंगे।

जो भारत का दुश्मन होगा,
उसको मार गिराएंगे।

लेकर हाथ तिरंगा झंडा,
जय जयकार लगाएंगे।

RABBIT, RABBIT

Rabbit, Rabbit 1,2,3

Will you come and play with me?

Camels, Camels 4,5,6

Why do you have a hump like this?

Monkeys, Monkeys 7,8,9

Will you teach me how to climb?

When I counted up to 10,

The elephant says,
"Now start again".

GOOD MANNERS

We say "Thank You"

We say "Please"

We don't interrupt or tease.

We don't argue, we don't fuss

We listen when others talk to us.

We share our toys, we take our turn.

Good manners aren't too hard to learn.

 SORRY 

 PLEASE 

 WELCOME 

 THANK YOU

REASONING & ANALYTICAL THINKING

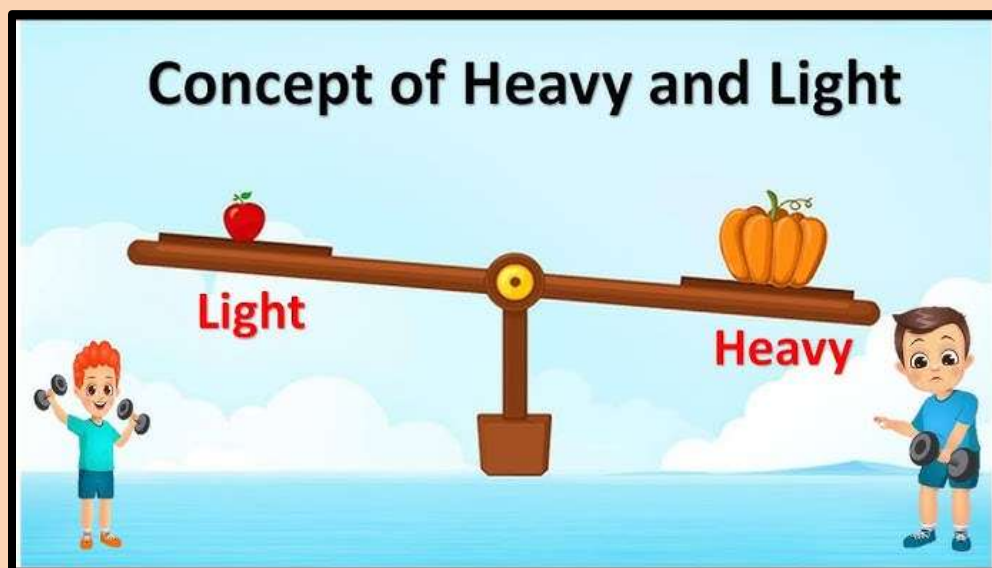

To develop these skills, following PRE NUMBER CONCEPTS will be introduced through hands-on activities and real –life experiences to make learning meaningful and enjoyable.

Reinforcement will be done through worksheet.

LONG – SHORT

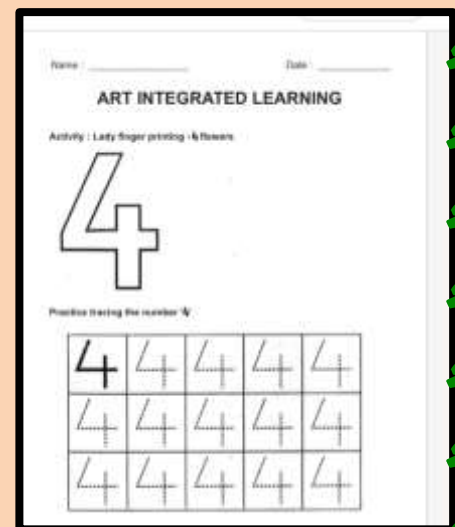

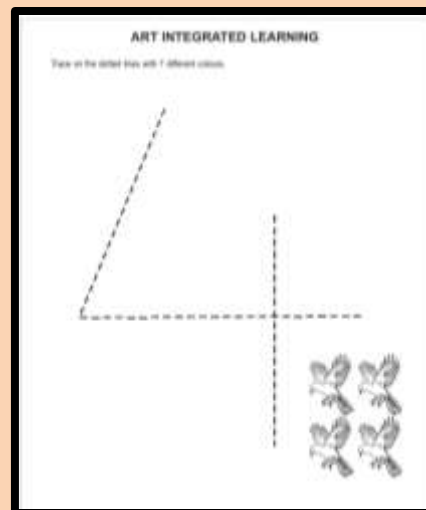

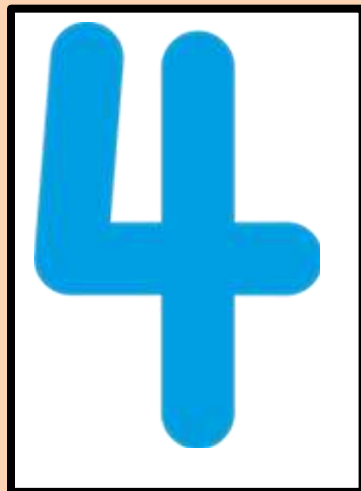

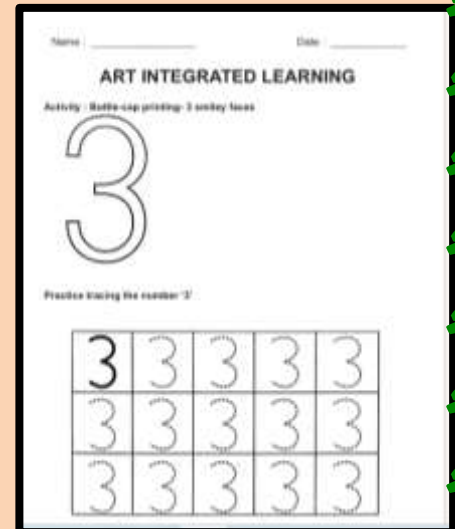

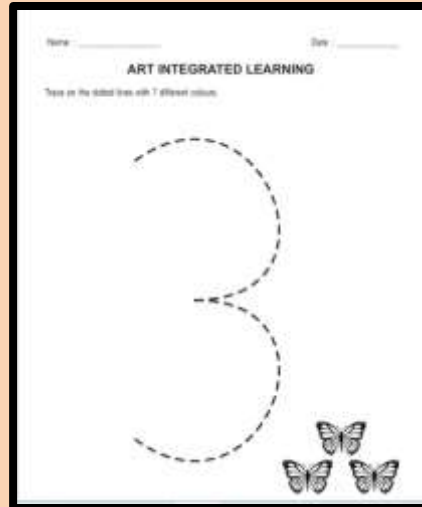

HEAVY – LIGHT

UNDERSTANDING OF NUMERICAL CONCEPTS

Introduction of Recognition, Value Counting, Writing of numbers
3 and 4 with the help of crayons .

Life Skills- Awareness

Students will learn about the importance of plants, taking care of the environment, not plucking the flowers and leaves and nurturing them with water every day.

Attitude-Discipline

Children must be encouraged not to pluck flowers and leaves for they too have life. This will in turn help them to respect the bounties of nature and help maintain an ecological balance.

FOR PARENTS

- Take the child for a nature walk and show her different types of leaves, flowers, insects and worms that are found in the garden/plant area.

- Help the child identify leaves of at least three different common plants (e.g. – Tulsi, Neem, Peepal)

- Parents to reinforce pre-number concepts (e.g. - big/small, long / short , heavy / light) in daily conversation.
- Please discuss the significance of festivals like Independence Day, Raksha Bandhan with your child.
- Show her pictures, videos and physically - the National Emblem, National Bird, National Animal, and National Flower.
