## **ENVIRONMENTAL AWARENESS WORKSHOP REPORT SESSION 2026-27**

**Name of the Activity** : Environmental awareness Workshop  
**Day & Date** : Tuesday , 21 July 2026  
**Class** : VII  
**Teacher Incharge** : Ms.Nancy  
**Activity Incharge** : Kumari Shalini

### **A Glimpse of the Event**

**Objectives:** *The Environmental Awareness Workshop is designed to encourage students to become responsible environmental stewards by:*

- 1. Developing an understanding of pollution, waste management, conservation, and climate change to recognize the importance of protecting the environment.*
- 2. Promoting awareness about sustainable practices such as waste segregation, recycling, and conservation of natural resources.*
- 3. Encouraging students to adopt eco-friendly habits and make responsible choices that contribute to a cleaner, greener, and more sustainable future.*

### ***Brief Report***

**“The Earth is our shared home; protecting it begins with awareness and responsible action.”**

As part of its commitment to promoting environmental responsibility and sustainable living, **MBS International School, Sector-11, Dwarka**, organized an **Environmental Awareness Workshop** for the students of **Class VII** on **Tuesday, 21 July 2026**.

The workshop aimed to sensitize students towards environmental conservation and encourage them to adopt eco-friendly practices in their daily lives. Through informative presentations, interactive activities, and group discussions, students gained valuable insights into the importance of protecting the environment and preserving natural resources.

The workshop highlighted:

- The causes and effects of **air, water, land, and noise pollution**.
- The importance of **waste segregation, recycling, and proper waste management**.
- The need to conserve **water, forests, biodiversity, and energy resources**.
- Understanding **climate change**, its impact, and ways to reduce one’s carbon footprint.
- Simple sustainable practices such as reducing plastic usage, following the **3Rs – Reduce, Reuse, and Recycle**, planting trees, and conserving electricity and water.
- The role of every individual in protecting the environment and contributing towards a greener and healthier future.

The session concluded with an engaging **Environmental Quiz**, followed by a **Green Pledge**, where students pledged to protect nature, use resources responsibly, and actively participate in

**MBS INTERNATIONAL SCHOOL**

environmental conservation.

The workshop proved to be highly informative and inspiring, motivating students to become environmentally conscious citizens and adopt sustainable habits in their everyday lives. Through such initiatives, **MBS International School** continues to nurture responsible learners who are committed to building a cleaner, greener, and more sustainable future.
