

Friendship Day - Celebrating the joy of friendship and togetherness

Classes-I-V

Day/Date- Friday, 31 July 2026

“Friendship is the golden thread that ties hearts together”

Celebrating the joy of friendship and togetherness, ITL Public School organised a creative Friendship Day Card Making Activity of Classes I-II and a Friendship Band Making Activity for the students of Classes III-V on 31 July 2026 in observance of Friendship Day.

The activity provided students with an opportunity to showcase their creativity by designing colourful friendship bands. The young learners enthusiastically crafted unique bands and exchanged them with their friends, making the celebration even more meaningful.

Through this engaging activity, students learnt the values of friendship, kindness, sharing, empathy, cooperation, and respect. The classrooms were filled with smiles, excitement, and a spirit of togetherness as children celebrated the joy of friendship.

The activity concluded on a happy note, leaving students with cherished memories and reinforcing the importance of building strong, caring, and lasting friendships.
