### SAFE COMMUTING OF STUDENTS THROUGH PRIVATE TRANSPORT

Dear Parents,

The safety and well-being of our students remains our highest priority. It has come to our notice that several students commute to and from school through privately arranged transport such as vans, auto-rickshaws, cabs, pooled cars, and other private vehicles.

While parents may choose their preferred mode of transport, it is essential to ensure that all private transport arrangements comply with the safety norms prescribed by the Regional Transport Office (RTO) and other competent authorities. Unauthorized transport vehicles operating without valid permits, fitness certificates, insurance, or proper verification pose significant risks to student safety.

To ensure the security of all students and smooth dispersal from the school premises, parents are requested to adhere to the following guidelines:

#### 1. Verification of Vehicle and Driver

Parents must ensure that the vehicle engaged for transporting their child has:

- A valid Registration Certificate (RC)
- Valid Insurance
- Fitness Certificate
- Pollution Under Control (PUC) Certificate
- Appropriate Commercial/Transport Permit, wherever applicable

The driver must possess:

- A valid Driving Licence
- Police Verification
- Proper identification documents

#### 2. No Overloading

Vehicles carrying students must not exceed their approved seating capacity. Overloading is unsafe and strictly discouraged.
