

YOUNG VOTERS, DEMOCRATIC VOICES

ACTIVITY: Mock Elections – Experiencing Democracy in Action

DATE: 12 August 2026

CONDUCTED BY: Class 9B

As part of the Social Science chapter “**Elections,**” students of **Class IX-B** participated in an engaging **Mock Elections Activity**. Students contested elections, presented their manifestos, and actively participated in the voting process.

The votes were then counted using different electoral systems, including **First-Past-the-Post (FPTP), Majority, and Proportional Representation (PR)**. The activity provided students with a practical understanding of the electoral process and democratic principles while encouraging participation, critical thinking, and informed decision-making.
