INSTITUTIONAL ANNOUNCEMENT

**MBS School of Planning and Architecture Announces
Institutional Rebranding as MBS College**

From: Office of the Director, MBS College

To: All Stakeholders

Subject: Transition to Co-Branding under “MBS College” Identity

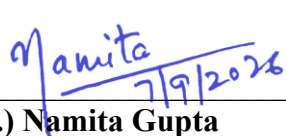

MBS School of Planning and Architecture has officially rebranded as MBS College, marking its evolution into a multidisciplinary institution offering programs across Architecture, Engineering and Technology, Business Administration (BBA), Computer Applications (BCA), and Commerce (B.Com).

Guided by vision to be a premier multidisciplinary center of higher education, MBS College remains committed to academic excellence, innovation, industry-oriented learning, and holistic student development.

To align with this strategic expansion, all collaborative initiatives, joint promotional materials, and official communications will now operate under the updated MBS College identity. All stakeholders and co-branding partners are directed to adopt the new name and logo across all digital, print, and media assets moving forward.

Updated logos, brand guidelines and media assets are available through the Director's Office.

For MBS College

Prof. (Dr.) Namita Gupta
Director
