Workshop On Digital Literacy

Date: 01.08.26

Day : Saturday

Digital literacy is the ability to effectively and safely use digital technologies to find, create to get exposure to the vary information. To enlighten the importance of it a workshop was being organised for class 5 students to make them aware of certain knowledge about it. There was an interactive session in which various information were gained to make the digital literacy useful for the students. PPT was also shared with students which consist coding, cyber security and etc. Students enjoyed the workshop session and shared their views aswell and participated actively during the session. Overall it was fruitful learning experience.
