The answer of an addition is called a <u>Sum</u>. 2. <u>Adding Zero</u> - When we add 0 to a number, the sum is the number itself. – Example: $453 + 0 = 453$ 3. <u>Adding One</u> - When we add 1 to a number, the sum is the next number. – Example: $122 + 1 = 123$ 4. <u>Changing the Order</u> - When we change the order of the numbers, the sum remains the same. – Example: $123 + 205 = 205 + 123$ Q. Complete the blanks using addition facts: a. $\underline{\hspace{1cm}} + 1 = 735$ b. $623 + 0 = \underline{\hspace{1cm}}$ c. $336 + 133 = \underline{\hspace{1cm}} + 133$ Practice assignment: Do page 13 of the assignment booklet.	Add 2-digit numbers accurately, with and without carrying, and apply addition in simple real-life situations.

Mental Health Week-
5th to 9th October

Mental Health Week Activity

Freeze and Melt

Students pretend to be ice statues, tensing their bodies for a few seconds. On the cue “Melt,” they slowly relax each body part while taking deep breaths, ending in a calm, relaxed posture.

Students will build physical control, body awareness, and emotional regulation through movement and stillness.
