SAY NO TO PLASTIC – CHOOSE BETTER, LIVE BETTER

Dear Parents,
Greetings!

As part of the Department of School Education & Literacy (DoSE&L), Ministry of Education, Government of India's initiative, **Swachh Evam Harit Vidyalaya Rating (SHVR) 2026-27**, and in continuation of our efforts to promote a clean, green, and healthy school environment, we request your support in reducing the use of plastic and other non-biodegradable materials in and around the school premises.

We have planned hands on activity (Theme: Operational Maintenance: **Say No to Plastic-Choose Better, Live Better**)

We therefore request parents to kindly support us for one week (28 Sep – 02 Oct, 2026) by:

- Sending reusable steel or glass water bottles and durable, reusable lunch containers with your ward.
- Avoiding single-use plastic bottles, cups, spoons, straws, plastic wraps, and disposable packaging wherever possible.
- Preferring reusable cloth bags and napkins and eco-friendly alternatives for daily school needs.
- Avoiding packing very hot or oily food in plastic containers, aluminium foil, or unsuitable disposable packaging.
- Encouraging children to practise the principles of Reduce, Reuse, and Recycle and to dispose of waste responsibly.
- Discussing the importance of saying "No to Plastic" at home so that this message becomes a shared family habit.

Our collective responsibility

A healthy child needs a healthy environment. Small choices made every day can create a significant positive impact. By working together, school and parents can help children develop responsible habits and become conscious, environmentally responsible citizens.

"SAY NO TO PLASTIC TODAY — CHOOSE A CLEANER, GREENER AND HEALTHIER TOMORROW."

We sincerely appreciate your cooperation and support in making our school and community a safer and healthier place for our children.

Principal
