

YOUNG MINDS AT WORK

ACTIVITY: Mental Math Competition

DATE: 21 September 2026

CONDUCTED BY: Class 1

Students of **Class 1** participated in the Mental Math Competition with great zeal and enthusiasm. The young learners actively engaged in the competition and answered questions with confidence. Such activities help enhance **concentration, calculation speed, and logical thinking**, while strengthening foundational mathematical skills. The competition provided an enjoyable platform for students to challenge themselves and develop confidence in their mathematical abilities.
