From Editor's Desk

Today's teenagers are navigating a rapidly evolving, tech-driven world with unprecedented global awareness, curiosity, and adaptability. While searching for identity amidst digital influence, academic pressure, and peer expectations, they are actively embracing future-focused fields—from artificial intelligence and entrepreneurship to sustainability and global collaboration. What makes this generation remarkable is their ability to blend modern innovation with timeless values. Progress does not mean forgetting heritage; respect, integrity, compassion, and cultural roots can seamlessly coexist with scientific temper and independent thinking. Staying connected to their roots gives young people stability, while a forward-looking mindset inspires the courage to dream. The role of parents and educators is not to eliminate challenges, but to listen, guide, and equip youth with wisdom and resilience. Rather than merely instructing them, adults must provide the space for teenagers to question, explore, and distinguish information from true understanding. Standing at the intersection of tradition and transformation, today's teenagers are not merely preparing for what lies ahead—they are actively shaping the future. By balancing technological advancement with emotional awareness, social responsibility, and cultural pride, they possess the unique potential to build a more conscious, innovative, and grounded world for tomorrow.

HIGHLIGHTS OF THE MONTH

SCHOOL EVENTS

Celebrating Doctors' Week

On July 3, 2026, our Pre-Primary and Grade I & II students proudly celebrated Doctor's Week with an engaging and insightful session on Personal and Oral Hygiene, conducted by Dr. Jyoti Gahlot. Through interactive discussions, an informative assembly, and age-appropriate learning, Dr. Gahlot inspired our young learners to understand the vital importance of maintaining good hygiene and adopting healthy habits early in life. We extend our heartfelt gratitude to Dr. Jyoti Gahlot for inspiring our students and reminding us all that good health begins with simple daily routines. Together, we continue to nurture healthy, confident, and responsible individuals.

SCHOOL EVENTS

Investiture Ceremony: 2026-27

The Investiture Ceremony for the session 2026-27 was held on 24 July 2026 with great pride and enthusiasm, marking an important milestone as the newly elected student leaders of Grades VI-XII formally assumed their responsibilities. The ceremony was graced by the esteemed Chief Guest, Dr. (Col.) A Garg, and Guest of Honour, Mr. Rahul Mangla, along with the school management, dignitaries, coordinators and members of the school community. The newly elected Student Council and House Council members were honoured with their badges and sashes and entrusted with their respective responsibilities. The young leaders took the solemn oath to uphold the values and traditions of the school and discharge their duties with sincerity, integrity and dedication. Through inspiring addresses and the ceremonial proceedings, students were reminded that leadership is rooted not merely in authority, but in service, accountability, teamwork, discipline and the courage to lead by example. The ceremony celebrated the emergence of young leaders who are ready to contribute meaningfully to the school community while developing the confidence, responsibility and sense of purpose that leadership demands. The event concluded on a note of pride and optimism, as the newly appointed leaders embarked on their journey of service, responsibility and purposeful leadership for the year ahead.

SCHOOL EVENTS

Anandotsav - Celebrating the Birth of Divinity

On 22 August 2026, Saturday, our Pre-Primary Wing celebrated Janmashtami with joy, devotion, and togetherness in a vibrant cultural celebration marked by 100% participation. Through the story of Shri Krishna's life, our young learners became acquainted with our cultural values and traditions. A captivating story skit and cultural presentations brought alive his journey from Mathura to Gokul, highlighting values of love, courage, compassion, devotion, and togetherness. The celebration featured enchanting jhankis by our Toddlers Group, vibrant traditional costumes, cultural performances, and the excitement of Dahi Handi. Every child participated with enthusiasm, making the event a truly memorable experience. The beautiful presentations and wholehearted participation of our young learners left our parents delighted and proud.

SCHOOL EVENTS

Teachers' Day Celebration

Teachers' Day was celebrated with great enthusiasm and heartfelt emotions on 5 September, as the students of Class1 to XII came together to honour and express their gratitude towards their mentors.

The celebration was a beautiful reflection of the deep bond shared between teachers and students. The students not only felicitated their teachers but also made sincere efforts to acknowledge their dedication, guidance and tireless contribution to their lives. The celebrations included engaging and entertaining games specially organised for the teachers, creating moments of joy, laughter and togetherness. Adding a personal and emotional touch to the occasion, the students presented gifts and specially created reels showcasing the hard work, commitment and memorable moments of their educators. These thoughtful gestures brought immense happiness and made the teachers feel truly valued and appreciated. The Vote of Thanks delivered by the Academic Head ,Mrs Deepti Goyal beautifully summed up the spirit of the occasion, acknowledging the invaluable role played by teachers in shaping young minds and nurturing future generations. The celebration was further marked by the best wishes and blessings of the Principal Sir Mr Prem Ojha, whose words added a special significance to the occasion. His message left a lasting impression on the students and teachers alike. The Teachers' Day celebration was not merely an event but a cherished emotional experience, strengthening the bond between the graduating students of Class XII and their mentors. It served as a heartfelt reminder that the lessons, values and memories shared between teachers and students remain an enduring part of their lives.

Teachers' Day Celebration

SCHOOL EVENTS

मातृ-पितृ वंदन समारोह

"मातृदेवो भवः। पितृदेवो भवः।"

गेटवे इंटरनेशनल स्कूल में कक्षा III-V के विद्यार्थियों के लिए आयोजित मातृ-पितृ वंदन समारोह प्रेम, सम्मान और भारतीय संस्कारों से भरपूर एक भावपूर्ण आयोजन रहा। कार्यक्रम का शुभारंभ अभिभावकों के स्वागत, दीप प्रज्ज्वलन, संगठन सूत्र और साइलेंस टाइम से हुआ। इसके पश्चात आदरणीय प्रधानाचार्य जी ने अपने प्रेरणादायक विचारों से सभी का मार्गदर्शन किया। विद्वान श्री महेंद्र शास्त्री जी ने मातृ-पितृ वंदन के महत्व को सरल एवं प्रेरक शब्दों में समझाते हुए माता-पिता के प्रति सम्मान और कृतज्ञता का संदेश दिया। उनके मार्गदर्शन में विद्यार्थियों ने अपने सामने बैठे माता-पिता का एक साथ मातृ-पितृ वंदन किया। यह भावपूर्ण क्षण सभी के लिए यादगार बन गया।

कार्यक्रम का समापन राष्ट्रगान के साथ हुआ। गेटवे इंटरनेशनल स्कूल ऐसे आयोजनों के माध्यम से बच्चों में प्रेम, सम्मान, कृतज्ञता और भारतीय संस्कारों के मूल्यों को सुदृढ़ करने के लिए निरंतर प्रयासरत है।

SCHOOL EVENTS

Learning Feedback Day: Power of home-school partnership

Our Learning Feedback Day brought students, teachers and parents together in a meaningful celebration of learning, reflection and growth. Across Grades III-XII, students took increasing ownership of their learning and confidently shared their progress, achievements, areas for improvement and the steps ahead.

Grades III-V | Student-Led PTM & Gallery Walk

Our young learners confidently reflected on their learning journey and engaged in meaningful conversations with their parents. The Gallery Walk added another special dimension, giving parents an opportunity to explore and appreciate students' learning tasks, creative work and achievements.

Grades VI-VIII | Student-Led Learning Conversations

Students took the lead in sharing their CT-II results, identifying learning gaps, reflecting on areas that need attention and discussing the steps they need to take forward. The conversations encouraged responsibility, self-awareness and a growth-oriented approach to learning.

Grades IX-XII | Learning Feedback Day

Students engaged in thoughtful conversations with their parents about their experiences, achievements, areas where they seek support and their goals ahead. Teachers and parents offered encouragement and constructive feedback, strengthening the partnership that supports every learner's journey.

Across all grades, the day reflected an important shift–from simply receiving feedback to understanding, reflecting upon and acting on it.

A meaningful celebration of student voice, ownership and the power of home-school partnership!

SCHOOL EVENTS

Insightful in-house training session on "AI in Classrooms"

We were delighted to have amongst us our esteemed CBSE Resource Persons, Ms. Deepti Arora and Mr. Deepak Kuhar, for conducting an insightful in-house training session on "AI in Classrooms." The session was highly engaging and enriching, offering educators a wonderful opportunity to explore and understand the use of various AI tools in teaching and learning. Their guidance made complex concepts simple and practical, empowering teachers to integrate technology more effectively in their classrooms. We truly appreciate the effort, clarity, and enthusiasm they brought to the session. Looking forward to more such meaningful learning experiences for our educators.

SCHOOL EVENTS

MUN 6.0: Where Young Minds Meet Global Issues

The school proudly hosted MUN 6.0, an enriching platform that brought together young minds from more than 15 schools, with nearly 300 enthusiastic delegates from Classes VI to XII. The conference provided students with an opportunity to step into the shoes of diplomats., engage in meaningful debates, deliberate on global issues and develop essential skills of communication, negotiation and leadership. With eight dynamic committees, MUN 6.0 witnessed vibrant discussions, thought-provoking arguments and spirited diplomatic exchanges. The school is delighted to celebrate the outstanding achievements of its young delegates. Under HVS, Yuvraj Dhaka (Class VI) received a High Commendation, while Aradhya Joshi (Class VI) earned a Special Mention and Mardav Jain (Class VI) received a Verbal Mention. In UNEP, Siddharth (Class VII) secured a Special Mention, while Aarohi Jain (Class VII) received a Verbal Mention. The UNHRC committee saw an impressive performance by our delegates, with Navya Mann (Class VII), Ojas (Class VIII), and Veronica (Class VIII) receiving Special Mentions, while Saanvi Mittal (Class VIII) and Saniya (Class VI) earned Verbal Mentions. In another remarkable achievement, Bhavishya (Class X) was awarded a High Commendation, while Alankriti (Class X) received a Special Mention. Somya Dhiman (Class X) and Kiara Chopra (Class X) were honoured with Verbal Mentions. In UNOOSA, Bhavyam Malhotra (Class X) brought laurels to the school by being adjudged Best Delegate, showcasing exceptional research, diplomacy and leadership. In UNGA-DISEC, Ansh Dahiya (Class IX) earned a Special Mention for his confident participation and insightful deliberations. The Global Well-Being Forum provided another engaging platform for delegates to discuss issues concerning the well-being of societies and communities. Our students participated with enthusiasm and demonstrated thoughtful perspectives throughout the proceedings. MUN 6.0 was more than a competition; it was a celebration of young voices, global perspectives and the spirit of diplomacy. The conference empowered students to think critically, listen respectfully, articulate their ideas with confidence and appreciate diverse perspectives. The event concluded as a memorable experience, leaving the delegates with valuable lessons in leadership, collaboration and responsible citizenship.

Legal Awareness Programme

The morning assembly at Gateway International School 12th August'26 today became a meaningful and positive occasion to instill the spirit of Independence Day while creating legal awareness among students. A Legal Awareness Programme was organised in the school under the aegis of the District Legal Services Authority (DLSA). The programme aimed to acquaint students with their legal rights and duties and encourage them to become safe, responsible and aware citizens.

During the programme, experts from the District Legal Services Authority Mr. Vikas Saini and Ms. Premlata, interacted with the students and shared important information related to various aspects of law in a simple and accessible manner. They emphasised the importance of knowing one's rights and fulfilling one's responsibilities as a citizen.

The experts also guided the students on how to seek appropriate assistance in case of any legal problem, injustice or violation of rights, and advised them not to hesitate or panic in such situations. They further apprised the students about the availability of free legal aid, highlighting its importance in ensuring access to justice for all.

The programme concluded with a sincere expression of gratitude from the school to the officials and experts of the District Legal Services Authority for their valuable guidance and interaction with the students.

The legal awareness programme proved to be informative, enriching and inspiring, empowering students with essential knowledge and encouraging them to become responsible citizens who are aware of their rights, duties and the importance of justice.

SCHOOL EVENTS

Career Counselling Session at School

A career counselling session was organised 19th August'26 at the school to guide students in making informed and meaningful decisions about their future academic and professional pathways. The session was conducted by two eminent guests from Chitkara University–Sh. Amandeep Singh, Senior Manager, and Prof. Mandeep Singh, Director, Office of Strategic Initiatives.

The distinguished speakers interacted with the students and provided valuable insights into various career opportunities, emerging fields, higher education options, and the skills required to succeed in today's competitive world. They emphasised the importance of understanding one's interests, strengths, aptitude, and aspirations before choosing a career path.

The experts also encouraged students to look beyond conventional career choices and explore new-age opportunities emerging with technological and societal advancements. Their engaging interaction and practical guidance helped students gain greater clarity about career planning and the importance of making well-informed choices.

The session proved to be highly informative and inspiring for the students. It provided them with an opportunity to learn directly from experienced professionals and equipped them with valuable perspectives for planning their academic journey and future careers.

SCHOOL EVENTS

Gateway's Tennis Triumph at State Championship

Gateway Shines at the 59th Haryana State School Games Lawn Tennis Championship!
Proud moment for Gateway International School, Sector-11, Sonipat as our players excelled at the championship held 8-10 September at Lotus Sports Academy, Gurugram.
Hardik - U-19 Boys:1st Position & **Haryana School State Champion.
Prakram Veer Rana - U-17 Boys:2nd Position.
Heartiest congratulations to both players for their outstanding performance!
Kudos to Principal Mr. Prem Kumar Ojha, Sports HOD Mr. Amit Lamba, and the Sports Department for their guidance and support.
A proud achievement for the entire Gateway family!

SCHOOL EVENTS

Parliament and Pradhan Mantri Sangrahalaya Visit

Students of Grades VIII, XI and XII Humanities visited the Parliament of India and Pradhanmantri Sangrahalaya, gaining a deeper understanding of India's democratic institutions and political journey.
At the New Parliament Building, students witnessed the Lok Sabha and Rajya Sabha from the Visitors' Gallery and also visited the Old Parliament Building, where they had the opportunity to sit in the Central Hall. They learned about the roles and functions of both Houses and had their questions answered by the guide.
The visit to Pradhanmantri Sangrahalaya further enriched their understanding of the lives and contributions of India's Prime Ministers.

It was a meaningful experience that connected classroom learning with history, democracy and civic awareness.

PRE-PRIMARY WING ACTIVITIES

PRE-PRIMARY WING ACTIVITIES

Eating Healthy Habits

On 16 July 2026, Thursday, our Diamond students presented a Special Assembly on Healthy Eating Habits through a lively skit, an energetic song, and fun riddles, inspiring everyone to make nutritious food choices. The assembly nurtured the value of responsibility by encouraging students to care for their health through mindful everyday choices.

Leadership and Integrity

On 9 July 2026, Thursday, our students learnt a valuable lesson through the story The Honest Ant and the Wise Elephant. As the ant, elephant, and monkey shared their journey, our little learners discovered that true leaders should be honest, kind, and always choose to do the right thing. A meaningful story that can instill values, leadership skills, and integrity from an early age.

Save Animals, Birds, Water & Environment

On 23 July 2026, Thursday, our Diamond Emerald students presented a meaningful Special Assembly on the theme “Save Water, Save Life.” Through a lively skit, they beautifully conveyed the importance of conserving water, protecting plants, and preserving nature. Our little scholars learnt the importance of: Using water wisely without wastage, Caring for plants, Showing kindness towards animals and birds. Together, let us save water, protect nature, and secure a brighter future for all.

Bond of Love Raksha Bandhan Celebration

On 27 August 2026, Thursday, our little ones celebrated Raksha Bandhan with love, joy and gratitude! The special assembly began with a heartwarming story that beautifully highlighted how Raksha Bandhan goes beyond the bond between brothers and sisters. It celebrated the beautiful values of love, care, protection, gratitude and togetherness. The students joyfully tied rakhis to their friends and expressed their love and gratitude towards The Principal, Curriculum Head, Coordinator, teachers, bhaiyas and didis who care for, support and guide them every day. The celebration beautifully reflected the spirit of Raksha Bandhan—spreading love, strengthening bonds and appreciating those who make a difference in our lives.

Bathroom Vocabulary

On 24 September 2026, Thursday, our Pre-Primary students participated in an engaging Washroom Vocabulary and Safety Awareness Assembly. They explored common washroom items, learned the importance of hygiene and cleanliness, and discussed Good Touch and Bad Touch through an age-appropriate session. They learned about personal boundaries, saying “NO”, and seeking help from a trusted adult. The assembly helped students strengthen their vocabulary, hygiene awareness, and personal safety skills.

.

Ganesh Chaturthi Celebration

On 10 September 2026, Thursday, our Pre-Primary students participated in a special assembly celebrating Ganesh Chaturthi. The students learnt about the significance of the festival and understood that Lord Ganesha is welcomed into our homes with love and devotion, bringing happiness, wisdom and positivity. The students also enjoyed listening to the beautiful story of Lord Ganesha and discovered meaningful values and life lessons through the story. It was a joyful morning filled with learning, storytelling and meaningful experiences, making the celebration both educational and memorable for our young learners.

Rhythm through utensils (Jam Session)

On 6 July 2026, Monday, our students participated in an engaging JAM Session, exploring music and rhythm using everyday utensils. The activity enhanced their listening skills, hand and eye coordination, rhythm awareness, creativity, and self-expression through joyful musical exploration.

Life Skill (Theme - Water)

On 4 August 2026, Tuesday, our Pre-Primary students enthusiastically participated in hands-on, water-based life skill activities that nurtured independence while reinforcing the value of water conservation. Pearl students carefully practised pouring water. Ruby students confidently learnt to pour and serve water. Diamond students responsibly cleaned and filled their water bottles independently. Through these meaningful experiences, our young learners developed essential life skills such as coordination, independence, responsibility, and confidence, while understanding that every drop of water is precious. Together, we are nurturing responsible habits—because every drop counts, and every action matters.

.

Toddlers - Hanky Folding, Pearl- Putting On/Off Shoes, Ruby- Buttoning & Zipping, Diamond- Use of Fork, Knife & Spoon

On 14 July 2026, Tuesday, our learners took meaningful steps towards being independent through engaging Practical Life Skills activities. Pearl students practised putting on and taking off their shoes. Ruby students developed fine motor skills by learning buttoning. Diamond students practised using a knife, fork, and spoon correctly during dining skills activities. These hands-on experiences nurtured confidence, coordination, responsibility, and self-reliance—helping our students become more independent in their everyday lives. Small skills today become big milestones tomorrow.

English Recitation

Confidence begins with expression, and our little stars truly shine bright. Our Pre-Primary students participated in an English Poem Recitation Activity, where they recited poems with confidence, clear pronunciation, expressive actions, and joyful enthusiasm. This activity helped students strengthen their language and communication skills, memory, listening, pronunciation, voice modulation, self-expression, and stage confidence, while encouraging them to speak with clarity and confidence.

Independence Day Art & Craft

On 14th August 2026, Friday, our Pre-Primary students participated in a creative Art & Craft activity celebrating the values of love and peace. The Pearl Class created the Indian National Flag using finger painting, while the Ruby and Diamond Classes made beautiful kites and coloured them in the tricolour. The students also added meaningful messages to their kites, expressing their love and pride for our nation. The activity encouraged creativity, a sense of belonging to our country, and joyful participation among our young learners.

Har Ghar Tiranga

The spirit of Independence Day came alive in our families as parents proudly hoisted the Tiranga at their homes and shared beautiful family moments with us. Each picture reflected the same heartfelt emotions — love for our country, pride in our Tiranga, and the joy of celebrating together as a family. We sincerely thank all our parents for being a part of this special celebration and making "Har Ghar Tiranga" truly meaningful.

.

Show and Tell – 'My Favourite Fruit'

On 11th September 2026,Friday, our little stars of Grade Ruby enthusiastically participated in the Show and Tell Activity exploring the colourful and nutritious world of fruits. The activity aimed to spark an early interest in healthy eating habits while encouraging children to make nutritious food choices. Carrying colourful props and presenting their favourite fruits, the children spoke with confidence, excitement, and joy. They explored interesting facts about fruits, including their names, colours, shapes, tastes, textures, and health benefits.

Through this engaging experience, children developed communication, confidence, vocabulary, listening, observation, presentation, and creative expression skills.

Show and Tell – My Favourite Animal

On 9th September 2026, Wednesday, our little stars of Grade Diamond enthusiastically participated in the Show and Tell Activity. Dressed as their favourite animals and using adorable props, they spoke with confidence and joy. Through this engaging activity, children developed communication, confidence, vocabulary, listening, observation, presentation, and creative expression skills. They also became aware of interesting animal facts, including their names, habitats, food habits, body features, movements, sounds, and unique characteristics.

PBL Culmination – Ruby

On 19th September 2026, Saturday, our Ruby students brought their learning to life through the themes "Myself" and "Summer & Rainy Season." From making Hygiene Kits and exploring body parts and emotions to preparing lemonade, making fans and paper boats, students learnt through joyful, hands-on experiences. The highlight was the wonderful participation of our parents, who joined the activities, tasted the lemonade and shared the joy of learning with their students. A beautiful celebration of confidence, creativity and experiential learning.

PBL Culmination – Grade Diamond

On 19th September 2026, Saturday, our Grade Diamond students culminated their PBL journey through two engaging projects — "Play" and "Animals." Through the Play Project, students explored different ways of playing, created their own toys and developed creativity, collaboration, communication, problem-solving and sharing skills.Through the Animals Project, students explored animals, birds and their habitats while developing observation, empathy, care and responsibility towards living beings. Their visit to the Gaushala further connected classroom learning with real-life experiences.
The culmination gave students opportunities to present, demonstrate, communicate and reflect on their learning, truly bringing the PBL cycle to life:
Experience → Explore → Understand → Apply.

Sensorial Development Activity

On 22 September 2026, Tuesday, our Pre-Primary students participated in an engaging Sensorial Development Activity where they explored and identified different textures through hands-on experiences. The Toddlers explored wet and dry surfaces, while Pearl students felt and identified wet, dry, rough, and soft textures. Ruby students compared and described rough, dry, wet, and smooth surfaces, and Diamond students sorted and classified objects based on their textures. The activity enhanced sensory awareness, observation, vocabulary, classification skills, and fine motor development through meaningful experiential learning.

Experiments (Pearl-Thirsty Soil Test:Who Holds Water Best?, Ruby- Sticky or Loose? Soil Textures, Diamond- Dry or Wet? So Ti Drying Race!)

On 7 July 2026, Tuesday, as part of the Theme of the Month: Earth Element – Water, learners explored dry and wet soil through a hands-on sensory activity. They observed, touched, and compared the texture of dry and wet soil, discovering how water changes its properties. This engaging experience enhanced their sensory perception, observation, comparison, classification, and descriptive language skills while fostering curiosity and a deeper understanding of the role of water in nature.

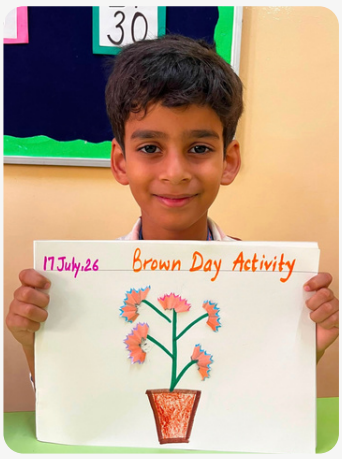

Fun Experiment (Water Theme)

On 24 August 2026, Monday, our Pre-Primary students explored the fascinating world of water through engaging, hands-on activities that encouraged curiosity, observation, and learning by doing. Our young learners explored what happens to different objects when they are placed in water. They also explored the concept of Sink and Float, experimenting with different objects and making their own observations and discoveries. Through these playful experiences, our young learners developed observation skills, fine-motor coordination, sensory awareness, prediction, problem-solving, communication, and early scientific thinking. These hands-on experiences encouraged curiosity, exploration, decision-making, and learning through experimentation.

Brown Colour Day

On 17 July 2026, Friday, our students celebrated Brown Colour Day with great enthusiasm. They expressed their creativity through engaging brown-themed art and craft activities and proudly showcased a variety of brown-coloured objects brought from home. These experiential activities help strengthen colour recognition while enhancing observation skills, creativity, and confidence.

White Colour Day

On 8 September 2026, Tuesday, our young learners celebrated White Colour Day with joy and excitement! Dressed in beautiful shades of white, the students participated in engaging activities that helped them recognise, explore, and appreciate the colour white through joyful, hands-on learning experiences. The day was filled with creativity, exploration, and cheerful moments, making the celebration a meaningful and memorable experience for our little learners.

Blue Colour Day

On 12 August 2026, Wednesday, our Pre-Primary students celebrated Blue Colour Day with enthusiasm and excitement. Dressed in shades of blue, the students participated in a variety of engaging activities that helped them explore and recognise the colour blue through joyful, hands-on learning experiences. The day was filled with creativity, exploration, and happy moments, making the celebration both meaningful and memorable for our young learners.

Sorting

On 10 July 26, Friday, our little learners had a wonderful time exploring and sorting circle shapes through a fun, hands-on activity. It was a joyful learning experience that enhanced their shape recognition, observation, and fine motor skills.

मिट्टी से सीखने का आनंद

On 27 जुलाई, सोमवार, बच्चों ने मिट्टी से विभिन्न वर्ण बनाए और उन्हें जोड़कर अर्थपूर्ण शब्दों का निर्माण किया। बच्चों ने बिना मात्रा वाले तथा मात्रा वाले शब्द भी बनाए और उनके प्रयोग को समझा। इस गतिविधि के माध्यम से बच्चों ने खेल-खेल में वर्ण पहचानने, शब्द बनाने और मात्राओं का सही प्रयोग करने का अभ्यास किया।

Fun with Letters

On 21 July 26, Tuesday, our students enjoyed a fun letter recognition activity. They searched for the letter called out by the teacher and placed their hands on the correct one. This playful activity helps improve their letter recognition, listening skills, concentration, and confidence. Everyone participated enthusiastically and had a wonderful time learning through the playway method. The day was filled with creativity, exploration, and happy moments, making the celebration both meaningful and memorable for our young learners.

I Spy

On 9 July 2026, Thursday, our students participated in the 'I Spy with My Little Eye' activity, where they identified pictures having the letter 'I/i' sound. This engaging phonics activity strengthened their letter-sound recognition, listening skills, vocabulary, and observation skills by making learning fun and interactive.

Number Recognition Activity

On 14 July, Tuesday, Number Recognition Activity – Hop to the Number- Students enthusiastically participated in a fun Number Recognition Activity where numbers were written on the floor, and they identified the correct number by looking carefully and hopping or stepping onto it. This engaging movement-based activity strengthened number recognition, visual discrimination, listening skills, concentration, and gross motor coordination while making learning enjoyable and interactive.

'प' व्यंजन की स्वादिष्ट सीख

13 जुलाई, सोमवार, को बच्चों ने कक्षा में 'प' व्यंजन से जुड़ी एक रोचक गतिविधि की। बच्चों ने प से पपीता को ध्यान से देखा, उसे काटते हुए जाना और फिर उसका स्वाद चखा। गतिविधि के दौरान बच्चों ने बार-बार "प से पपीता" और "प से पका हुआ पपीता" बोलकर 'प' व्यंजन का सही उच्चारण किया। इस अनुभवात्मक गतिविधि ने बच्चों को सीखने के साथ-साथ नए स्वाद का आनंद लेने का अवसर भी दिया। सभी बच्चों ने पूरे उत्साह के साथ भाग लिया और सीखते हुए खूब आनंद उठाया।

Visit to Grocery Store

On 13 July 2026, Monday, students experienced an enriching educational visit to Reliance Mart, where everyday shopping transformed into a joyful learning experience. As they explored different sections of the store, our young learners identified fruits, vegetables, cereals, dairy products, and other daily essentials while understanding their uses and importance in daily life. This real-world experience enriched their observation skills, vocabulary, confidence, and awareness of the world around them, making learning meaningful, engaging, and memorable.

Newspaper Hunt

On 10 July, Friday, our students participated in an exciting Letter ‘n’ Newspaper Hunt activity. They carefully explored the newspaper to find both the capital (N) and small (n) letters. The children enthusiastically searched through the pages and felt proud and excited each time they spotted the correct letter. This engaging activity helped strengthen their letter recognition, observation skills, concentration, and confidence while making learning fun and interactive.

Growing Strong, Moving with Joy

On 16 September 2026, Wednesday, our pre primary students participated in physical development. Physical development is nurtured through joyful and engaging experiences. Our little ones explored different yoga poses, building flexibility, balance, coordination, and body awareness while keeping themselves active, healthy, and refreshed. Through movement and play, children learn that being healthy is fun! These experiences help lay the foundation for an active lifestyle while developing confidence, strength, and healthy habits from an early age.

Toss the ball in the Egg Tray

On 16 September 2026, Wednesday, our Ruby students participated in an engaging pre-reading activity for the small letter "e." They were given many balls and were asked to identify the white ball. After finding it, they tossed the ball into the egg tray. While playing, the children repeatedly said "egg", helping them become familiar with the /e/ sound and recognise the small letter e in a fun and interactive way.

Healthy Cold Sandwich Activity

On 11 September 2026, Friday, Our Pearl Class students had a wonderful time preparing healthy cold sandwiches with their friends. They explored a variety of nutritious ingredients, practised simple food-preparation skills, and learned how making healthy food choices can be both delicious and enjoyable. The hands-on activity encouraged sharing, teamwork, independence, and joyful learning, making it a fun and enriching experiential learning experience for our young learners.

Pottery – Hands-on Activity

Students got their hands messy with clay as they joyfully learned to mould and shape a beautiful Krishna Matki, turning simple clay into a festive creation.

Leafy Fun with Number 9

On 9 September 2026, Wednesday, Ruby students went to the playground and collected nine dry leaves. They showed the leaves to the teacher and counted them aloud, making learning Number 9 fun and engaging.

Rainy Season Fruit Fiesta

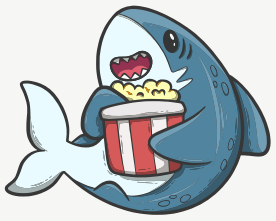

On 7 September 2026, Monday, as part of PBL, students learned about rainy-season fruits through a fun Fruit Fair organised at school. They explored different fruits, their names, colours, shapes, and tastes. The students also prepared and enjoyed fruit chaat together while discussing the importance of healthy eating habits.

Fun Facts for Little Learners

- An octopus has three hearts! Imagine having three hearts instead of one!
- Butterflies taste with their feet! Their feet help them find out if a plant is good to eat.
- A giraffe has a very long neck that helps it reach delicious leaves high up in trees.
- A snail carries its home on its back! Its shell is like a tiny house.
- Penguins are birds that cannot fly, but they can swim wonderfully! They use their wings like flippers underwater.
- Elephants have amazing memories. They can remember places, sounds, and other elephants for many years.
- A banana plant may look like a tree, but it is actually a very large herb, not a tree.
- The Sun is a star! It looks bigger than other stars because it is much closer to Earth.
- Bees make honey from flower nectar. They work together as a busy little team!
- Sharks can grow new teeth! If one tooth falls out, another can take its place.

PRIMARY WING ACTIVITIES

PRIMARY WING ACTIVITIES

Kargil Diwas

A special assembly was conducted on 24th July, 2026, by Grade II students to commemorate Kargil Diwas, honouring the brave soldiers who fought in the Kargil War of 1999. A thought about the courage and sacrifice of the Indian Armed Forces was an inspiration for all. Students presented a dance tribute that celebrated the bravery and sacrifice of the Indian armed forces, which was followed by a soulful patriotic song. Through their performances, the students expressed love for the nation and paid tribute to the heroes who protect our country.

Environmental Awareness Save Earth, Save Our Future

Our young learners from Grades I and II conducted a meaningful morning assembly based on the theme "Save Earth, Save Our Future" on 17th July, 2026. The assembly began with the Sanghatan Sutra, followed by the Thought of the Day, News Headlines and Word of the Day, encouraging students to develop positive values and stay informed. The children beautifully shared the importance of protecting our environment and reminded everyone that every small action; saving water, planting trees and keeping our surroundings clean helps create a healthier planet. They also expressed their love for nature and inspired everyone to care for Mother Earth. The assembly concluded with the National Anthem, leaving everyone inspired to become responsible citizens and work together towards a greener, cleaner, and brighter future. "Small steps today can create a greener tomorrow. Let's save Earth and secure our future!"

A beautiful morning of learning and togetherness

The students of Grade I and II began their day with Om Chanting and Sangathan Sutra, creating a peaceful and positive atmosphere. The assembly continued with a peaceful Silence Time, helping our little learners calm their minds and begin the day with focus. The assembly included News Updates, Thought of the Day and Word of the Day which encouraged awareness and vocabulary development. The highlight of the day was a Craft Demonstration, where students got an opportunity to learn new creative craft tricks and techniques.

Independence Day Special Assembly

Grades I and II students came together to celebrate Independence Day with great enthusiasm and patriotic spirit. The assembly began with Sangathan Sutra, followed by the Thought for the Day, News of the Day, and New Word. Students presented patriotic songs, energetic dance performances, an action song, and inspiring lines on freedom fighters. The patriotic songs 'Ae Watan,' 'Kadam Kadam Badhaye Ja,' and 'Vande Mataram' filled the atmosphere with pride and reminded us of the courage and sacrifices of our freedom fighters. The 'Unity in Diversity' skit beautifully highlighted the strength of our diverse nation and shared the message that together we are stronger and India's unity is our greatest strength.

.

Honouring Courage, Celebrating Wellness!

Our Grade I and II students came together for a meaningful assembly dedicated to Shaheedi Diwas, beautifully integrated with the theme of Yoga and holistic well-being. Through engaging presentations and activities, students explored the values of courage, sacrifice, patriotism and love for the nation, while simple yoga asanas and mindful practices helped them understand the importance of a healthy mind and body.
A Proud Moment!

कारगिल विजय दिवस

'शौर्य, नेतृत्व और सत्यनिष्ठा ही राष्ट्र की सबसे बड़ी शक्ति हैं।' कारगिल विजय दिवस के उपलक्ष्य में कक्षा IV के विद्यार्थियों द्वारा प्रस्तुत प्रार्थना सभा देशभक्ति, नेतृत्व और नैतिक मूल्यों का प्रेरणादायक संगम रही। विद्यार्थियों ने एक प्रभावशाली स्किट के माध्यम से कारगिल युद्ध में भारतीय सेना के अदम्य साहस, कैप्टन विक्रम बत्रा के अद्वितीय नेतृत्व एवं उनके सर्वोच्च बलिदान को जीवंत रूप में प्रस्तुत किया। इसके बाद कक्षा V के छात्र अर्नव ने वीर रस प्रधान कविता का प्रभावशाली वाचन किया, जिसने सभी के मन में देशभक्ति का जोश और राष्ट्रप्रेम की भावना जागृत कर दी। शिक्षिका वार्ता के माध्यम से जुलाई माह की थीम Leadership and Integrity पर प्रकाश डालते हुए विद्यार्थियों को यह संदेश दिया गया कि सच्चा नेतृत्व केवल आगे बढ़ने में नहीं, बल्कि सत्य, ईमानदारी, साहस और कर्तव्यनिष्ठा के साथ दूसरों का मार्गदर्शन करने में निहित है। राष्ट्रगान के साथ सभा का समापन हुआ। यह प्रस्तुति केवल एक कार्यक्रम नहीं, बल्कि प्रत्येक विद्यार्थी के मन में राष्ट्रप्रेम, नेतृत्व और सत्यनिष्ठा के मूल्यों को सशक्त करने का एक प्रेरणादायी प्रयास थी।
जय हिन्द!

स्वतंत्रता दिवस विशेष सभा

गेटवे इंटरनेशनल स्कूल में कक्षा 3 से 5 के विद्यार्थियों द्वारा स्वतंत्रता दिवस के उपलक्ष्य में एक विशेष प्रार्थना सभा का आयोजन देशभक्ति और उत्साह के साथ किया गया। सभा की भावपूर्ण थीम थी— "भारत के अनसुने नायक"। कक्षा 3 के विद्यार्थियों ने छह प्रभावशाली एकल प्रस्तुतियों (Monologues) के माध्यम से उन वीरों की गाथाएँ प्रस्तुत कीं, जिनका योगदान भले ही इतिहास में कम चर्चित रहा हो, परंतु राष्ट्र की स्वतंत्रता में उनका योगदान अमूल्य था। इसके पश्चात मनमोहक देशभक्ति नृत्य, भावपूर्ण कविता और मधुर हिंदी देशभक्ति गीत ने वातावरण को राष्ट्रप्रेम से भर दिया। यह सभा विद्यार्थियों के लिए हमारे स्वतंत्रता सेनानियों के त्याग, साहस और बलिदान को स्मरण करने का एक प्रेरणादायी अवसर रही। आइए, उन सभी ज्ञात-अज्ञात वीरों को नमन करें, जिन्होंने हमारे स्वतंत्र भविष्य की नींव रखी। जय हिंद! वंदे मातरम्!

.

A special assembly on Janmashtami and Raksha Bandhan

A special assembly on Janmashtami and Raksha Bandhan was beautifully presented by the students of Class 5, celebrating the values of faith, love, care and togetherness. A heartwarming skit showcased the beautiful bond of Krishna, Balram and Subhadra, while Hridyansh delivered an inspiring speech on Janmashtami.

The occasion was further filled with pride as Amay of Class 4 – Explorer secured First Prize in an International Online Abacus Competition. A wonderful celebration of culture, talent and achievement!

Hygiene Activity

Grade I students enthusiastically participated in Hygiene Activity focused on developing healthy daily habits. Through interactive demonstrations, they learned the correct steps of handwashing and head washing, understanding how good hygiene helps prevent germs and keeps us healthy. The children actively practiced each step with great excitement, reinforcing the importance of cleanliness and self
care in their everyday lives. It was a joyful and meaningful learning experience that encouraged our young learners to adopt healthy habits with confidence.

Buttoning Your Shirt Activity

Young learners of Grade I, enthusiastically participated in the Buttoning Your Shirt Activity, where they learned and practiced the essential life skill of buttoning a shirt independently. Through hands-on practice, students identified buttons and buttonholes, improved their hand-eye coordination and developed fine motor skills while building confidence in self-care. .

Folding Clothes

The students of Grade II actively participated in a Life Skill Activity – Folding Clothes. With great enthusiasm, they learnt to fold a t-shirt, short, handkerchief and hand towel neatly. Students helped each another and learnt to correct their folds through practice. They showed enthusiasm and quickly adapted to the folding techniques. Some initially struggled with aligning edges but improved with practice. By the end of the session, every child was able to fold the clothes with greater confidence and accuracy. This activity has built confidence, improved fine motor skills and encouraged independence, responsibility, neatness and care for personal belongings.

Float and Sink Lemon Experiment

Our Grade I learners had an exciting time exploring the Float and Sink concept through a Lemon Experiment. With curiosity and enthusiasm, they observed what happened when lemons were placed in water, made predictions and shared their observations. This hands-on science activity encouraged critical thinking, observation skills and scientific inquiry while helping children understand the concept of floating and sinking in an engaging and memorable way. It was wonderful to see our young scientists learning through exploration and discovery.

Character Parade: Leaders of India

To celebrate the spirit of Independence Day, the young learners of Grades I & II participated in a vibrant and inspiring 'Character Parade: Leaders of India' on 12 August 2026. Dressed as iconic Indian leaders and visionaries, our little ones confidently stepped forward to portray their chosen personalities. From powerful speeches to meaningful props, each presentation beautifully reflected the courage, vision, values and contributions of our great national leaders. The students presented their characters in English, Hindi and bilingual formats, making the event an engaging learning experience. Their enthusiasm, confidence and adorable performances truly brought the pages of history to life. The celebration provided students with an opportunity to remember and honour our great leaders and cherish our rich heritage. It also encouraged them to develop the values of unity, respect, courage and love for our nation, inspiring them to become responsible leaders of tomorrow.

Raksha Sutra
Rakhi Making Activity and Celebration

The students of Grade I & II, celebrated Raksha Bandhan as 'Raksha Sutra' with great enthusiasm, highlighting the beautiful values of love, care, respect and responsibility.

As part of the celebration, students participated in a Rakhi Making Activity, where they used colourful threads, beads, ribbons, sequins, and other decorative materials to create beautiful rakhis. The activity encouraged creativity and helped students understand the significance of the sacred bond celebrated through Raksha Bandhan.

The students came dressed in ethnic and traditional attire, adding to the festive spirit. They also participated in the Raksha Sutra activity and enjoyed sharing healthy dry sweets, making the celebration joyful and meaningful. The celebration provided students with an opportunity to connect with Indian traditions and values while enjoying a day filled with creativity, togetherness, and festive cheer.

Fun Day at the Fruit Garden!

Our Grade 3 students had a lovely visit to a fruit garden where they saw different fruit trees and learned about nature in a simple and enjoyable way. During the visit, a special circle time activity was organized to help children build friendships. Students were asked fun questions like "Stand together if you like to play outside" or "Stand together if you like watching cartoons." As they moved and grouped together, they discovered common interests and got to know each other better. This made them feel more comfortable, happy, and connected with their classmates. It was a joyful day full of learning, sharing, and making new friends!

Life skill Activity- Good Line vs Bad Line

Students of Grades III to V enthusiastically participated in an engaging life skill activity, "Good Line vs Bad Line," aimed at nurturing positive habits and thoughtful behaviour in everyday situations. Through role-play and real-life scenarios given by their teachers, students explored how to react, speak, and behave appropriately. They confidently differentiated between positive and negative responses, presenting their understanding of respectful communication, empathy, and responsible actions. This activity not only enhanced their decision-making skills but also encouraged self-awareness and emotional intelligence.

.

My Culture, My Pride

Grades 3 to 5 celebrated the beauty of Unity in Diversity through a vibrant CC Activity where students proudly represented the states their families belong to. From traditional costumes, cultural artifacts, and famous specialties to delicious regional food items, every presentation reflected India's rich heritage. The most delightful part was students sharing and relishing different cuisines together, making learning more joyful and memorable. Through listening, exploring, presenting, and experiencing, students discovered the uniqueness, culture, traditions, and pride of various states in the most engaging way. A wonderful celebration of culture, experiential learning, and togetherness!

Talent Hunt 2026 | Grades III–V

On 16th July 2026, our school proudly hosted the Talent Hunt for Grades III–V, celebrating creativity, confidence, and self-expression. Students showcased their talents through dance, singing, instrumental music, storytelling, acting, cooking skills, and art in two minutes. The event reflected our vision of nurturing every child's unique potential by providing meaningful opportunities to explore passions, develop communication and presentation skills, build confidence, and appreciate the talents of others. Congratulations to all our talented participants, and heartfelt thanks to our dedicated teachers and supportive parents for encouraging these young achievers. Every child has a unique talent—when given the right platform, they shine brilliantly!

When Teachers Became Students, Stories Came Alive!

The Story Studio for Classes III–V turned learning into a joyful, immersive experience! Our teachers stepped into the role of students and creatively modelled the art of story making through engaging presentations and storytelling. The real magic began when students from the audience were invited to weave their own stories using the tips shared. Their confidence, creativity and spontaneous storytelling were truly superb! The session beautifully promoted experiential learning, encouraging children to learn by doing, think creatively, communicate confidently and transform ideas into meaningful stories. Because the best stories are not just read—they are created, experienced and shared!

Celebrating Unsung Heroes

Our Grade IV & V students brought history to life through an engaging Gallery Walk and Living Museum, stepping into the roles of India's unsung heroes and introducing themselves with confidence and creativity. The experience offered students across different age groups a wonderful opportunity to explore, interact and learn about the inspiring lives and contributions of these lesser-known heroes. It was truly a remarkable showcase by our young learners for the entire school community, including the Management, Administration and Teaching Staff.

PBL - Clothes and Accessories Identification Activity

Our Grade I learners enthusiastically participated in a Clothes and Accessories Identification Activity, where they explored and identified a variety of clothing items and accessories used in our daily lives. Through interactive discussions and hands-on observation, students learned to recognize and name different types of clothes and accessories while understanding their purpose and importance. The activity helped enhance their observation skills, vocabulary, confidence and real-life understanding in a fun and engaging way. It was wonderful to see our young learners actively participating, sharing their ideas and learning through exploration.

Raksha Bandhan Beyond the Thread

Raksha Bandhan at Gateway International School was celebrated with a beautiful thought—protection and respect go beyond the thread of a Rakhi. Students of Grades III–V poured their hearts into creative messages and colourful artwork, expressing gratitude and appreciation for the people who care for them, guide them, inspire them and keep them safe. Their heartfelt expressions came together beautifully on the "Raksha & Respect Wall," creating a vibrant reflection of love and gratitude. A meaningful celebration that reminded everyone that the strongest bonds are woven with care, respect, gratitude and kindness—beyond the traditional thread.

Addition - Clay Activity

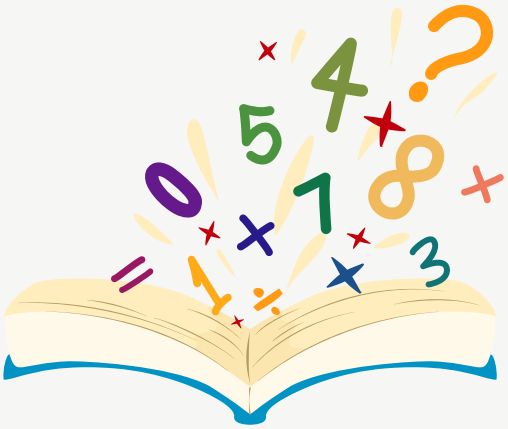

Grade I learners explored the concept of addition through a creative clay activity. Using colourful clay, they made objects, counted them, combined groups and found the total in an engaging hands-on way. This interactive activity strengthened their addition skills, counting ability, creativity and fine motor skills while making mathematics enjoyable and meaningful. Learning truly comes alive when little hands create big ideas.

Math - Addition Activity

The Grade II students had an engaging Addition Activity using dice and numbers. Students rolled the dice, while the other classmates gave a number to add to the number shown on the dice, then they added it and announced the sum. The activity made learning addition exciting and helped students improve their mental math and counting skills.

One and Many – Sorting Activity

Young learners of Grade I explored the concept of 'One and Many' through a hands-on sorting activity. They identified different objects and carefully sorted them into the correct baskets labelled "One" and "Many." The activity helped children understand the difference between one object and more than one object while developing their observation, counting and classification skills. The activity supported meaningful learning through active participation and exploration.

PBL - Paper Boat Making Activity

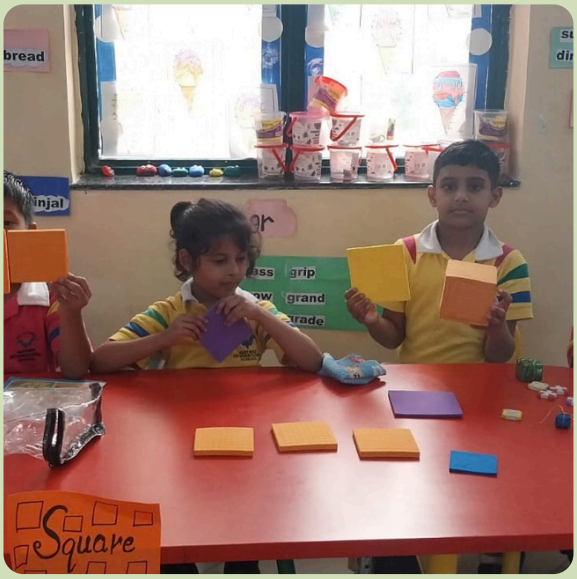

The students of Grade II participated in Paper Boat Making Activity as an introduction to the PBL topic Water. They learned the art of origami by folding colourful paper into boats and created a beautiful water scene in their notebooks. The activity integrated art with learning, encouraged creativity and helped students develop fine motor skills while exploring the theme of water.

Learning Subtraction Through Animals

The students of Grade I explored single-digit subtraction through an interactive animal activity. Using colourful animal cut-outs, one child removed animals one by one, while another child counted the animals that were left. This hands-on activity helped children understand the concept of "taking away" and strengthened their counting and subtraction skills. The activity made learning easy, joyful, and meaningful for our young learners. The activity turned the learning process into an engaging and enriching experience.

Sorting Shapes and Finding Objects

Grade I students explored the world of shapes through an engaging sorting activity. They identified different shapes and sorted various objects according to their shape. By observing and grouping objects, students strengthened their shape recognition, classification, and observation skills. The hands-on activity made the concept of shapes easier to understand for the students.The celebration beautifully reflected the spirit of Raksha Bandhan—spreading love, strengthening bonds and appreciating those who make a difference in our lives.

PBL Activity – Water

Learning about water became an exciting hands-on experience for our young learners of Grade II. Students explored different properties of water through engaging experiments such as “Shape of Water,” “Sink or Float,” “Taste and Smell of Water,” and “Mix and Don’t Mix.” Through observation, exploration and experimentation, students discovered interesting facts about water while developing their curiosity and scientific thinking. The activity encouraged students to explore, participate and learn with enthusiasm.

Save Earth Poster-Making Activity

The students of Grade II enthusiastically participated in a Save Earth Poster-Making Activity. They creatively designed colourful posters highlighting the importance of protecting our planet and caring for the environment. Through their artwork and thoughtful ideas, students expressed simple yet powerful messages about keeping the Earth clean, green and beautiful. The activity encouraged creativity, environmental awareness and a sense of responsibility towards our planet.

PBL Culmination – Grades I & II

From Experience to Understanding
On 12th September 2026, the young learners of Grades I and II culminated their Project-Based Learning journey by sharing how their learning developed through experience, reflection, conceptual understanding, and application.
The Experiential Learning Cycle
The projects were designed around a continuous cycle:
Experience (Do) → Reflect (Think) → Understand → Apply
Children began with experiences that connected to their world. Through hands-on exploration, observation, and reflection, these experiences laid the foundation for strong conceptual understanding, which they then applied in new situations and real-life contexts.
The Projects
Grade I – "Myself" and "Clothes"
Children explored aspects of themselves, personal choices, clothing styles, and their connection with everyday life.
Grade II – "Family" and "Water"
Children investigated family relationships, roles, and responsibilities, and explored the importance, uses, and conservation of water.
The Culmination:
The culmination gave children an opportunity to make their learning visible and communicate their learning journey.
Learning Timeline: Students traced their learning from Day 1 to the culmination, showing how their thinking and understanding developed.
Hands-on Demonstrations: Children demonstrated classroom experiments and activities and invited parents to participate in the learning experience.
Student Presentations: Students explained what they learnt, how they learnt it, and why it was important, giving voice to their understanding.
Learning Displays: Their work provided evidence of the concepts, skills, and applications developed throughout the project.

English Activity – Do/Does

Learning grammar became an exciting and interactive experience for our Grade II learners. The students explored the concept of 'Do' and 'Does' through a fun floor activity. "DO" and "DOES" were written on the floor, while sentence flashcards were used to create meaningful sentences. Students read each sentence and jumped on the correct word to complete it. The activity made grammar learning active and helped students understand the correct usage of do and does with confidence.

जादुई टेडी 'गोलू' के साथ सीखने का अनोखा सफ़र

कक्षा 3 के नन्हे-मुन्ने बच्चों ने गोलू टेडी के साथ एक बेहद आनंदमय गतिविधि में भाग लिया। बच्चों ने अपने प्यारे टेडी से दिल की छोटी-छोटी इच्छाएँ साझा कीं, जिससे कक्षा में खुशी और उत्साह का सुंदर माहौल बन गया।इसके बाद "जादुई बक्सा" खोला गया, जिसमें वर्णमाला के अक्षर और मात्राएँ छुपी हुई थीं। बच्चों ने समूह में मिलकर इन अक्षरों को जोड़कर सुंदर, अर्थपूर्ण शब्द बनाए। सच में, सीखना जब खेल-खेल में हो, तो हर पल ख़ास बन जाता है।

"हँसी की कलम, कल्पना के संग"

कक्षा 5 के बच्चों के साथ एक बेहद आनंदमय और रचनात्मक अनुभव साझा हुआ।
हास्य कविता को समझने की शुरुआत बच्चों ने सुनने और पढ़ने से की—उन्होंने हास्य कविताएँ पढ़ीं, कवियों के बारे में जाना और "हास्य रस" को महसूस किया। चर्चा के दौरान वीर, वात्सल्य और भक्ति रस से भी परिचय हुआ, पर बच्चों ने विशेष रूप से हास्य रस को आत्मसात किया। इसके बाद जब बच्चों ने SEA गतिविधि के दौरान छोटे-छोटे विषयों पर अपनी स्वयं की हास्य कविताएँ लिखीं, तो उनकी कल्पना, भाव और अभिव्यक्ति कागज़ पर जीवंत हो उठी। यह गतिविधि केवल लेखन नहीं थी, बल्कि एक सजीव अनुभव थी—जहाँ बच्चों ने भाव को जिया, समझा और फिर अपनी कलम से उकेरा। यही है वास्तविक "अनुभवात्मक अधिगम", जहाँ सीखना सिर्फ पढ़ना नहीं, बल्कि महसूस करना और सृजन करना बन जाता है।

कक्षा 4 के नन्हे रचनाकारों ने सीखने को दी एक नई दिशा

एक काल्पनिक कहानी से शुरुआत करते हुए बच्चों ने अपने माता-पिता द्वारा सुनाई गई कहानियों को जोड़ा। फिर उन कहानियों को चित्रों में बांटकर, हर चित्र में छोटे-छोटे संवाद (डायलॉग) लिखते हुए सुंदर कॉमिक स्ट्रिप तैयार की। यह पूरी प्रक्रिया एक Subject Enrichment Activity के रूप में संपन्न हुई, जिसे बच्चों ने बेहद उत्साह और रचनात्मकता के साथ सफलतापूर्वक पूरा किया। इस दौरान बच्चों ने न केवल अपनी कल्पनाशक्ति को पंख दिए, बल्कि सुनना, बोलना, पढ़ना और लिखना (LSRW)—चारों भाषा कौशलों को भी सहज रूप से विकसित किया। खुशी, रचनात्मकता और सीखने का यह संगम बच्चों के लिए एक यादगार अनुभव बन गया।

सपनों को मिली नई उड़ान!

कक्षा IV के विद्यार्थियों ने 'सपने वाला' कविता को एक रोचक एवं अनुभवात्मक गतिविधि के माध्यम से समझा। अध्यापिका 'सपने वाला' बनकर बच्चों के लिए एक विशेष टोकरी लेकर आईं, जिसमें उनके सपनों का प्रतीक बनी कई मज़ेदार वस्तुएँ थीं। बच्चों ने अपनी पसंद के "सपने" चुने, कविता का आनंद लिया और उसके भावों को आत्मसात किया। गतिविधि के अंत में प्रत्येक विद्यार्थी ने एक छोटी पर्ची पर अपने सपने लिखे। इस रचनात्मक गतिविधि ने बच्चों को बड़े सपने देखने, अपनी कल्पनाशक्ति को अभिव्यक्त करने और अपने लक्ष्यों के प्रति प्रेरित होने का सुंदर अवसर प्रदान किया। "हर सपना एक नई शुरुआत है, और हर शुरुआत सफलता की ओर एक कदम।"

पहेलियों और सीखने के माध्यम से भारत का उत्सव!

स्वतंत्रता दिवस समारोह के अंतर्गत 13 अगस्त 2026 को कक्षा 3 के विद्यार्थियों ने "भारत के राष्ट्रीय प्रतीक एवं विरासत स्थल" विषय पर एक रोचक पज़ल सॉल्विंग ग्रुप एक्टिविटी में उत्साहपूर्वक भाग लिया। विद्यार्थियों ने समूह में मिलकर जिगसॉ पज़ल जोड़े और विभिन्न राष्ट्रीय प्रतीकों एवं विरासत स्थलों की पहचान की। इसके बाद एक रोचक क्विज़ का आयोजन भी किया गया, जिसमें विद्यार्थियों ने अपने ज्ञान का प्रदर्शन किया। इस गतिविधि ने विद्यार्थियों में टीमवर्क, अवलोकन, समस्या-समाधान और देशभक्ति की भावना को बढ़ावा दिया। साथ मिलकर सीखा, पज़ल सुलझाया और भारत की गौरवशाली विरासत पर गर्व किया।

From Observation to Understanding – Learning Beyond the Classroom!

Our Grade 3 learners explored the Ekam Dining Area Kitchen to observe the steaming process of making soft, fluffy idlis. Through this real-life experience, they discovered how steaming is a healthy cooking method that preserves nutrients. By observing, questioning, and connecting classroom concepts with everyday life, our young learners turned curiosity into meaningful learning.

MIDDLE WING ACTIVITIES

MIDDLE WING ACTIVITIES

Kargil Vijay Diwas

A Tribute to Courage & Sacrifice

With deep pride and gratitude, the students of Class VIII Utsaah presented a heartfelt assembly to honour Kargil Vijay Diwas. Through a powerful mime, patriotic song, soulful poetry, and inspiring presentations, they paid tribute to the bravery and supreme sacrifice of our soldiers.
The confidence, enthusiasm, and patriotic spirit displayed by our young learners filled every heart with pride, reminding us that the legacy of our heroes lives on through the values we pass on to the next generation.
Jai Hind!

Islands of India

Grade VI Umang presented a beautiful assembly on "Islands of India." Through presentations, a skit, a podcast on screen time, and an interactive quiz, students showcased the diversity of India's islands while sharing meaningful messages. A wonderful display of confidence, creativity, and learning.

Nelson Mandela International Day

The assembly conducted by Grade: VI Utsaah was a heartfelt tribute to the life and legacy of Nelson Mandela—a symbol of peace, courage, and humanity. Through a soulful prayer, inspiring words, a touching poem, and a powerful skit, our students beautifully reflected the values he stood for—resilience, forgiveness, equality, and the transformative power of education. A meaningful reminder that even the smallest act of kindness and courage can create a better world.

Wonders of Science

Our Assembly on 30 July by Grade VIII UMANG truly brought science to life. With exciting live experiments like Double Decomposition, Oxidation, and Precipitation reactions, our young learners turned the stage into a vibrant laboratory. Their confidence, clarity, and enthusiasm made every moment engaging and inspiring. It was wonderful to see curiosity spark and science come alive beyond textbooks.
Kudos to Class VIII UMANG for a brilliant presentation

Exam Warriors

Students of Grade VI Umang, in their assembly on Exam Warriors, brought the situation of excitement, pressure, and sometimes a little panic during exams. With the right mindset and preparation, exam stress can be managed effectively. Through relatable scenes, expressions, and thoughtful messages, the students showcased how exam pressure can make students anxious and overwhelmed. They then demonstrated simple yet effective ways to overcome these challenges—planning ahead, revising regularly, staying organised, taking breaks, sleeping well, and believing in oneself.The performance reminded everyone that exams are not something to fear but an opportunity to showcase one's learning. With preparation, positivity, and confidence, every student can become an Exam Warrior!

The Himalayas

Grade VII Umang presented a vibrant and engaging morning assembly on the theme "The Himalayas." The assembly featured a soulful prayer, Thought of the Day, news updates, a captivating poem on the formation of the Himalayas, and an engaging skit, "Journey through the Himalayas," showcasing their location and divisions. An interactive quiz kept the audience actively involved. A special PBL presentation on "The Impact of Fast Fashion on Rivers" highlighting how our clothing choices affect water bodies and emphasizing the importance of sustainable living.

Gyaan, Guru aur Govind

The school witnessed a vibrant and meaningful assembly celebrating Janmashtami and Teachers' Day. Students of Grade VI Utsaah beautifully presented the teachings of Lord Krishna, highlighting the values of righteousness, compassion, courage, and selfless action through engaging performances and thought-provoking messages in their assembly "Gyaan, Guru aur Govind". The assembly also featured a heartfelt Teachers' Day tribute, where students expressed their gratitude and appreciation for the dedication and guidance of their teachers. The celebration beautifully reflected the values of wisdom, respect, and gratitude.

The Wall of Fame

The Wall of Fame celebrates students who shine through their achievements, dedication and positive learning habits. It recognises excellence beyond academics, appreciating students for their unique strengths and consistent efforts. Our Wall of Fame proudly celebrates students from Grade VI to X under four inspiring categories:

1. The Articulate Reader – Celebrating passionate readers and confident thinkers.
2. The Highbrows – Recognising academic excellence and intellectual curiosity.
3. The Engrossed – Appreciating enthusiastic participation in sports and activities.
4. The Compliant – Honouring regularity, discipline and responsible conduct.

The Wall of Fame is more than a display—it is a celebration of effort, growth and individuality. It reminds every learner that excellence takes many forms, and every sincere effort deserves to be recognised.

Life Skill: QCT Session

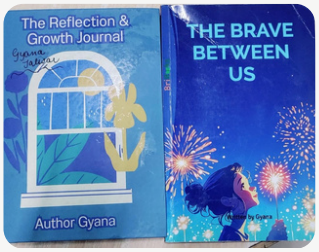

Quality Circle Time (QCT) sessions for Grades VI–VIII are conducted by an expert, providing students with a safe and engaging space to understand themselves better. Through interactive activities, they are learning to identify and manage their emotions, develop strategies to overcome negative feelings, and practice techniques to keep their minds calm. These sessions are helping nurture emotionally aware, confident, and resilient learners.

Young Author in the Making

We are incredibly proud of Gyana, our talented Grade 7 Umang student, for authoring not one but two books-"The Brave Between Us" and "The Reflection & Growth Journal". Her creativity, dedication, and passion for writing are truly inspiring and reflect the limitless potential of young minds. Congratulations, Gyana, on this wonderful achievement! We wish you many more milestones in your literary journey.
Keep writing. Keep inspiring.

The Indian Constitution – An Introduction

As part of the chapter "The Indian Constitution – An Introduction", Grade 7 students participated in an engaging SEA activity, "Framing Our Own Preamble." Students worked collaboratively to identify the values and principles they wished to see reflected in their classroom community. They discussed ideas such as equality, respect, justice, freedom, cooperation and responsibility, and collectively framed a Class Preamble. The activity helped students understand the significance of the Preamble while encouraging them to connect constitutional values with their everyday classroom experiences. It promoted critical thinking, teamwork, democratic participation and responsible citizenship, making the learning meaningful and experiential.

Nature's Secret Signals
The Colourful World of Acids & Bases

Can Nature Tell Us If Something Is Acidic or Basic? Grade VII students set out on an exciting scientific quest to find the answer through a hands-on exploration of natural and olfactory indicators!

Students experimented with natural indicators such as turmeric, red rose, and Aparajita, observing fascinating colour changes when they interacted with acids and bases. They also explored olfactory indicators like vanilla essence and onion juice, discovering how changes in smell can provide clues about the nature of a substance.

With every colour change and familiar aroma, students uncovered the hidden language of indicators and connected classroom concepts with everyday life.

The activity turned learning into a vibrant experience filled with curiosity, observation, experimentation, and plenty of "Aha!" moments. A fun-filled journey where students learned by doing and discovered that sometimes, science is all around us - we just need to look, smell, and explore.

SENIOR WING ACTIVITIES

SENIOR WING ACTIVITIES

SIGNIFICANCE OF 15 AUGUST IN STUDENTS' LIFE

The morning assembly conducted by Class X Siddhi beautifully combined the spirit of Independence Day with an important message on legal awareness and responsible citizenship.

INTEGRITY

DOING THE RIGHT THING EVEN WHEN NO ONE IS WATCHING

In order to inculcate and remind the moral values at all levels, on 2nd of August, a meaningful morning assembly was conducted by the students of Grade X-Sankalp. The assembly highlighted the importance of honesty, responsibility, truthfulness and strong moral values in our everyday lives. Through a wonderful thought of the day, speech and an informative quiz, students beautifully conveyed that true character is revealed not when we are being observed, but when we have the freedom to choose.

The message was simple yet powerful: Integrity is not about doing the right thing because someone is watching; it is about doing the right thing because it is right. The students were encouraged to make honest choices, take responsibility for their actions, respect others, and uphold their values even in situations where no one is there to appreciate or acknowledge them.

Teachers' Day & Janmashtami

The students of Classes XII-Commerce beautifully celebrated the spirit of Teachers' Day and Janmashtami through a vibrant and meaningful special assembly on 2nd September '26. The celebration was to pay tribute to the dedication and guidance of teachers while beautifully portraying the divine essence of Lord Krishna's birth. The assembly beautifully blended devotion, culture, respect, and celebration. It was a memorable morning that reflected the values of gratitude, love, wisdom, and togetherness.. A celebration where learning met devotion and gratitude filled every heart!It ended with great regard and admiration for the Teachers.

Hindi Diwas

The Senior Wing celebrated Hindi Diwas on 9th September '26 with great enthusiasm and pride, highlighting the beauty, richness, and significance of the Hindi language. The assembly began with an inspiring thought, followed by a meaningful presentation showcasing the cultural and linguistic importance of Hindi. Students presented engaging speeches, poems, and creative performances that reflected their love and respect for the language. The programme also highlighted the role of Hindi in preserving our cultural heritage and strengthening our sense of identity. The assembly concluded with a message encouraging students to respect and promote Hindi while embracing the richness of all Indian languages.

INTER HOUSE GROUP DISCUSSION COMPETITION

An Inter-House Group Discussion Competition for Grades IX–X was organised on the topic, "Impact of War on Students, Schools and Education." Students shared their perspectives, demonstrating confidence, critical thinking, awareness and communication skills. The discussion encouraged them to understand the impact of conflict on education and highlighted the importance of peace, safety, resilience and uninterrupted learning for every child. Together, let us choose dialogue over conflict and education over war.

My Dream India

Dream India was an inspiring initiative by CBSE on 14th August'26 that encouraged students to envision and express their idea of India they dream of. Through thoughtfully created pictures, write-ups, and imaginative expressions, students beautifully portrayed their hopes and aspirations for a progressive, inclusive, and prosperous nation. Their captivating creations reflected young minds filled with creativity, optimism, and a strong sense of responsibility towards the future of India. The initiative provided students with a meaningful platform to dream, create, and share their vision of a better India.

Keep writing. Keep inspiring.

Special Awareness Campaign for Student Council Elections

The School Student Council Election was conducted on 14th July '26 with great enthusiasm and active participation from students. A special awareness campaign was organised to educate students about the importance of responsible leadership. Students were encouraged to understand the value of voting and making informed choices.
The campaign highlighted qualities such as honesty, responsibility, discipline, empathy and teamwork. Candidates actively participated in the nomination and campaigning process. They presented their ideas, goals and vision for the school community. Students interacted with the candidates and listened to their plans for bringing positive changes. The campaign provided a platform for students to develop confidence and leadership skills. It also promoted democratic values, fair participation and respect for others' opinions.
The initiative successfully encouraged students to become responsible and active members of the school community.

Exam Stress – Causes, Effects and Coping Strategies

A Quality Circle Time (QCT) session on "Exam Stress" was conducted for the students of Classes XI Commerce with the objective of creating awareness about examination-related stress and helping students develop healthy ways to cope with it.

The session began with an interactive discussion in which students shared their feelings and concerns related to examinations. Common causes of stress such as fear of failure, academic pressure, high expectations, time management issues, comparison with peers and lack of adequate preparation were discussed.

Students were encouraged to understand that a certain amount of stress can motivate them to perform better, but excessive stress can affect their concentration, sleep, confidence and overall well-being. The importance of realistic goal setting, proper time management, regular revision, adequate sleep, balanced nutrition, physical activity and short breaks was emphasised.

The session also focused on the importance of maintaining a positive mindset and seeking support from parents, teachers, counsellors and friends whenever required. Students were introduced to simple relaxation techniques such as deep breathing, mindfulness and positive self-talk to help them remain calm during examinations.

The session concluded with the message that examinations are an important part of academic life but do not define a student's worth or potential. Students were encouraged to focus on consistent effort, self-belief and healthy routines rather than unnecessary pressure.

The QCT session was interactive and meaningful, providing students with a safe platform to express their concerns and learn practical strategies for managing exam stress effectively.

FROM PEN OF GIS CREATIVE WRITERS

TOGETHER WE GROW

Every morning, bright and new,
Our school welcomes me and you.
With smiling faces, hearts so kind,
We learn and grow with open minds.
Hand in hand, we laugh and play,
Helping friends along the way.
We share our toys, we share our cheer,
Making everyone feel near.
We sing sweet songs and read each day,
Learning in a joyful way.
Each little step, each lesson too,
Helps us dream and see things through.
We care for nature, plants, and trees,
The birds, the flowers, buzzing bees.
A gentle word, a caring smile,
Can brighten someone's day for a while.
Together we learn, together we grow,
With love and kindness that always show.
Though we are little, our hearts are strong,
Together is where we all belong.

DID YOU KNOW? SOME ENGLISH FACTS

* "I" is the shortest word in English.
* The word "alphabet" comes from the first two Greek letters: Alpha and Beta.
* "Bee" and "be" sound the same but have different meanings.
* 'Go' is the smallest sentence.
* A palindrome reads the same forwards and backwards, like "LEVEL."
* "Rainbow" is a compound word made from "rain" + "bow."
* English has 26 letters but more than 40 different speech sounds!
* Words that have the same ending sound are called rhyming words.

THE GIFT OF COLOURS

Long ago, there was a beautiful forest where many animals lived. Although the forest was peaceful, none of the animals were happy because their world was dull and colorless. One day, the Lion King called a meeting and asked, "Why are you all so sad?" An old Rabbit replied, "Your Majesty, our lives have no colours. Everything looks plain, so we have no reason to smile." The Lion King wanted to help his people. That evening, after a heavy rain, a beautiful Rainbow appeared in the sky. The King called out, "Dear Rainbow, will you share your beautiful colors with my forest?" The Rainbow smiled and said, "I will gladly share my colours, but someone must come and collect them." The King asked all the animals who would go. Everyone stayed silent until the gentle Butterfly and the graceful Peacock stepped forward together. "We will go!" they said. After a long journey, they reached the Rainbow, collected its magical colors, and returned safely to the forest. The Lion King happily said, "Now, let us share these colours with everyone." Butterfly and Peacock gave white to the Rabbit, black to the Cat, grey to the Elephant, brown to the Dog, golden yellow to the Lion, green to the Parrot, orange to the Fox, pink to the Flamingo, blue to the Bluebird, and many other beautiful colours to the rest of the animals. At the end, only a few drops of different colours were left. There wasn't enough of one color for either Butterfly or Peacock.

Butterfly smiled and said, "Let's mix all the remaining colours and use them ourselves." As soon as they did, Butterfly's wings became beautifully colourful, and Peacock's feathers shone with dazzling shades of blue, green, gold, and purple. The Lion King smiled and said, "Your kindness has made you the most beautiful of all." From that day on, the forest was filled with colours, happiness, and laughter. Every animal loved its unique colour, and Butterfly and Peacock became symbols of kindness and sharing. True happiness comes from sharing with others. When we give selflessly, life fills our hearts with the most beautiful colours.
