Welcome to MBS College

MBS College redefines education to prepare students for real-world success. Located in Dwarka, New Delhi, the Institute's 2-acre campus serves as a hub of academic excellence and practical learning.

At MBS, education extends beyond textbooks. The institution blends strong theoretical foundations with hands-on industry experience, enabling students to excel and stand out in today's competitive environment.

Our Vision

"To be a center of excellence that integrates design, management, and technology education with human values - inspiring learners to become visionary leaders and compassionate contributors to the society."

Our Mission

- To provide quality education in design, management, and technology that nurtures creativity, critical thinking, and innovation.
- To foster a learning ecosystem that promotes ethical leadership, sustainability, and social responsibility.
- To integrate human values and holistic development by balancing intellectual growth (Mind), physical well-being (Body), and moral integrity (Soul).
- To build strong industry and community linkages that enhance experiential learning and employability.
- To empower students to become visionary professionals who contribute meaningfully to national and global progress.

Our Flagship Programs

2025-2026

Programs that shape industry
leaders

MBS College offers meticulously designed programs that equip students with the knowledge, skills, and insights required to excel in today's dynamic industries

Bachelor of Architecture (B.Arch)

- Duration: 5 years (Admission through NATA)
- Approval & Affiliation: Approved by COA and AICTE, affiliated with GGSIPU (Grade A+ by SFRC)
- Program Focus: Comprehensive curriculum integrating creativity, design innovation, and technical expertise

Bachelor of Business Administration (BBA)

- Duration: 3/4 years (Admission through CET/CUET)
- Approval & Accreditation: Approved by AICTE affiliated with GGSIPU (Grade A+ by SFRC)
- Program Focus: Leadership, strategic thinking, and modern business practices

Bachelor of Computer Applications (BCA)

- Duration: 3/4 years (Admission through CET/CUET)
- Approval & Affiliation: Approved by AICTE and affiliated with GGSIPU
- Program Focus: In-depth IT education blending core computer applications with advanced software engineering and data analytics

"Great architecture is the art of a few, and what we build does not simply accommodate the program, it also has meaning and must convey a message."
- I.M.PEI

“May our students grow and build a future of endless possibilities.”

WORDS FROM THE CHAIRMAN

Shri Gulshan Kumar Magon

This magazine showcases our motto of **Mind, Body, and Soul**. Since 2009, MBS College has grown from a small B. Arch program of 40 students to a thriving institution of 120, recently expanding to include a BBA course.

This growth reflects the dedication of our faculty and the trust of our community. We remain committed to fostering academic excellence, creativity, and innovation. To support this, our new infrastructure—including state-of-the-art classrooms, studios, labs, and secure basement parking—is designed to provide a modern, comfortable learning environment.

I am deeply grateful to the MBS family. Together, we are building a brighter future focused on academic knowledge, character, and leadership.

WORDS FROM THE DIRECTOR

Prof. Bijay Dash

“Let your creativity and dedication shape the future of architecture.”

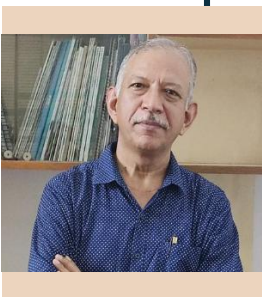

As we embark on a new academic term, I am filled with immense pride and optimism for the future of our School of Architecture, Planning, and Design. Our department continues to be a beacon of innovation, creativity, and excellence, thanks to the hard work and dedication of each member of our community. This year, we have witnessed remarkable achievements from our students and faculty. These successes are not just milestones but testaments to the collaborative spirit and intellectual vigor that define our institution. Thank you for your unwavering dedication and passion. Together, we are building a legacy of excellence that will inspire future generations.

“Discipline is doing what needs to be done, even if you don't want to do it.”

WORDS FROM THE DEAN

Prof. Praveen Arora

It is a pleasure to welcome you to MBS College. Since starting as an architecture college in 2009, we have evolved into a diverse academic hub now offering BBA and BCA programs, with more courses planned for the future.

We are committed to providing a progressive learning environment that equips students with essential skills for success. Our experienced faculty delivers high-quality education aligned with global standards. Through internships, industry exposure, and personality development, we prioritize practical knowledge and career readiness.

As we expand, we remain dedicated to shaping the leaders of tomorrow. I wish all our students a fruitful and enriching academic journey.

Continuous learning is the key to success

WORDS FROM THE DY. DIRECTOR

Prof. (Dr.) Sangeeta Malik

Education is not only about academic excellence but also about the overall growth of an individual. At our institution, we are committed to fostering the holistic development of every student by encouraging intellectual curiosity, ethical values, creativity, leadership skills, and social responsibility. Students are encouraged to actively participate in academic, cultural, sports, and community engagement activities that contribute to their personal and professional development. Such experiences help build confidence, discipline, teamwork, and a sense of responsibility toward society. We believe that each student possesses unique potential, and through continuous learning, innovation, and self-improvement, you can achieve excellence in all spheres of life. I urge all students to make the best use of the opportunities and resources available to shape a bright and meaningful future. Wishing you success and growth in all your endeavors.

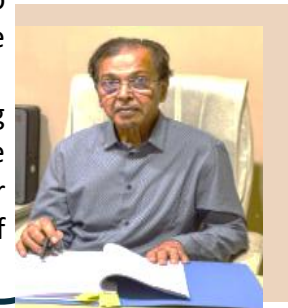

WORDS FROM THE SR. ADVISORY

Prof. V K Bugga

We do not create the work, I believe that we in fact are the discoverers

Nature serves as the ultimate inspiration for architecture, providing the elements that fuel human creativity. Architecture is the language used to translate these ideas into living spaces that blend seamlessly with the landscape to ensure human comfort.

A designer's primary responsibility is to prioritize the client's needs by "walking in their shoes" to truly understand their requirements. At MBS College, we encourage students to explore the world beyond the campus to better understand human psychology and find innovative solutions for the evolution of form and function.

Discipline, dedication, and a positive attitude help students achieve excellence in both academics and life

WORDS FROM THE SR. ADVISORY

Prof. (Dr.) Vivek Sabherwal

It gives me great pride to learn about the stupendous commitment of both, the faculty and the students' excellent achievements in both Academics and extra curricular achievements over the years, at MBS college under the flagship of Guru Gobind Singh Indraprastha University(GGSIPU). The launch of the magazine for the session 26 -27 is a moment of pride and joy, and a sense of gratification for the members of the MBS family. This magazine is a testimony of the success of the ability and potential of the students demonstrated in a nutshell. Kudos to the Magazine editorial team and those responsible to make it happen. Finally, may the Institute grow in all spheres of knowledge and experiential learning and continue to flourish, and its students develop into good human beings making a purposeful contribution to society.

Message

I am pleased to learn that **MBS College**, an affiliated institute of Guru Gobind Singh Indraprastha University, is bringing out its **College Magazine** for the academic session 2026-27, which is a matter of great pride and satisfaction.

A college magazine serves as an important academic and cultural document, capturing the intellectual pursuits, creative expressions and evolving perspectives of an institution's academic community. The magazine is a testament to the collective efforts of students and teachers who strive to uphold standards of excellence while embracing innovation and originality.

I am confident that this magazine will inspire young minds to pursue knowledge with curiosity and purpose, and motivate them to contribute constructively to academia and society.

Guru Gobind Singh Indraprastha University remains steadfast in its mission to promote quality education, research and holistic development across all its affiliated institutions. I am glad to note that MBS College continues to align itself with the University's vision of academic excellence, inclusivity and societal relevance.

I extend my best wishes to the Editorial Team and the entire MBS College fraternity for the success of this publication and for the continued achievements in years ahead.

MESSAGE

It gives me great pleasure to convey my warm greetings to the students, faculty, and management of **MBS College** on the occasion of the publication of the College Magazine for the Academic Session 2026-27.

A college magazine is much more than a compilation of activities; it is a reflection of the intellectual spirit, creative energy, and collective aspirations of the institution. It chronicles achievements, ideas, innovations, and expressions that shape the academic journey of students and faculty alike. Such platforms play a vital role in fostering dialogue, critical thinking, and a deeper engagement with the values of education and professional responsibility.

Architecture, as a discipline, demands sensitivity, imagination, technical competence, and a strong sense of social commitment. I am pleased to note the continued efforts of the College in nurturing young minds and creating an environment that encourages academic excellence, cultural participation, and holistic development. Institutions like yours contribute meaningfully towards strengthening architectural education and shaping responsible professionals for the built environment.

I extend my best wishes to the editorial team and all contributors for the successful publication of the magazine. May it continue to inspire creativity, celebrate achievements, and serve as a testament to the vibrant academic life of the institution.

With my sincere regards and good wishes for the continued progress of the College.

With best regards,

Yours sincerely,

Ar. Abhay Vinayak Purohit

Message

It is a pleasure to congratulate the institution on its endeavour in publishing the College Magazine for the Academic Session 2026-27. It eloquently mirrors the faculty's efforts in striving for excellence in all domains, honing marvellously well our students - our ignited minds.

To the students, **"A Dream is not that which you see while sleeping, it is something that does not let you sleep."** - Dr. APJ Abdul Kalam

"I have miles to go before I sleep." - Robert Frost

There are no shortcuts in life - Be active! Take on responsibility! Work for the things you believe in. Aspire not just for success, but also for a life of profound significance & lasting impact.

I am certain that this publication will ignite the flames of curiosity and purposeful inquiry in young minds, compelling them to advance knowledge and make meaningful contributions to both academia and society at large.

Wishing you all the best. May you continue to shine brightly, making your college, your family and your country proud.

I extend my highest commendations to the Editorial Team of this College community, wishing them unparalleled success with this edition and continued triumphs in the years to come.

GLOBAL RECOGNITION: MBS College Honored at IIT Delhi

MBS College has achieved a significant milestone by receiving the **Global Edu Leaders Awards 2026 for Excellence in Sustainable Education**. This prestigious award was presented at the esteemed **IIT Delhi**, marking another proud chapter in the institution's journey of academic excellence.

A Testament to Excellence

This recognition serves as a testament to the college's continuous efforts in several key areas:

Sustainability-Driven Education: Integrating environmental consciousness into the core curriculum.

Innovative Academic Practices: Developing forward-thinking teaching methodologies and research frameworks.

Responsible Leadership: Nurturing future-ready learners who are socially responsible and ethically grounded.

A Collective Achievement

This award reflects the unwavering commitment of the entire MBS community. We extend our heartfelt gratitude to:

Dedicated Faculty: For their tireless work in curriculum mapping and specialized research.

Ambitious Students: Whose innovative design ideas and academic achievements continue to push boundaries.

Stakeholders: For their constant support in building a sustainable future through quality education.

As we add this **"feather to our glory,"** we remain inspired to lead change and foster an environment where sustainability and education go hand in hand. Together, we are building a greener, more responsible future.

FACULTY DEVELOPMENT PROGRAM: URBAN SYSTEMS AND DESIGN RESEARCH METHODOLOGIES

MBS College in collaboration with COA-Pune organized a five-day Faculty Development Program (FDP) on "Urban Systems and Design Research Methodologies: Towards a Sustainable Environment" - provided a comprehensive platform for exploring modern research frameworks in urban planning. The program focused on bridging the gap between theoretical constructs and practical urban challenges.

SESSION SUMMARIES:

Session 1: Introduction to Research Methodologies – Focused on the fundamental principles of structured inquiry and the evolution of research in the built environment.

Session 2: Urban Systems and Complexity – Explored the interconnected nature of urban infrastructure, focusing on systemic approaches to city management.

Session 3: Sustainable Design Frameworks – Detailed methodologies for integrating environmental sustainability and resource efficiency into architectural design.

Session 4: Data-Driven Urban Analysis – Highlighted the role of quantitative tools, GIS, and digital mapping in understanding urban patterns.

Session 5: Qualitative Approaches & Case Studies – Focused on ethnographic research, participatory design, and learning from successful global urban interventions.

Session 6: Ethics and Academic Writing – Addressed the critical aspects of research ethics, citation standards, and the process of publishing in high-impact journals.

Council Of Architecture Training & Research Centre, Pune
In collaboration with
MBS College, Dwarka, Delhi
Organizes **05-Day Online Faculty Development Program** on

**Urban Systems and Design Research Methodologies :
Towards a Sustainable Environment.**

Date : 29th December 2025 – 2nd January 2026 | **Time: 10:30 AM – 2:00 P.M**

EXPERT SPEAKERS

Preamble:
The FDP is focused on strengthening key research areas in urban planning and tackling urban issues through policy frameworks. It also seeks to educate on technical pathways applications within the domain.

Key takeaways for participants:

- Understand and apply policy frameworks relevant to **Urban Planning and sustainable Urbanism**.
- Analyse and evaluate the primary **urban planning issues in megacities** related to **density, infrastructure, mobility, and resource management**.
- Formulate strong research problems and identify potential research gaps for **focused urban issues**.
- Address issues related to **human wellness, safety, and livability** in the design of high-density urban structures and developments.
- Commitment to **Justice and Equity** through ethical frameworks on Urban Planning, research, and addressing informed consent & privacy.

Notes:

- Teachers/ architects who wish to register for the training program either under Collaborative Training Program (CTP 2022-23) or as independent individuals may do so by filling up the Google form available on the given link.
- To confirm registration, kindly upload proof of payment towards the registration fees /nomination form on the college letterhead before submitting the registration form.
- Link to join the program will be shared one day prior to the program.
- This program is not for students.
- E-Certificate of said training program shall be send via email on the registered email id of participants, after successful completion of training program by the participant i.e., attending all sessions and submitting all assignments, EOPT and feedback form of training program.

Registration fees:
INR 1500/- (Rupees One thousand five hundred only)

Expert Lecture on "Understanding Structural Systems"

MBS College organized a specialized academic session titled **"Understanding Structural Systems"** as part of its Expert Lecture series. Scheduled for Thursday, **March 12th, 2026**, from **10:30 AM to 12:30 PM**, the event was held in the college's Seminar Hall. The session featured distinguished guest speaker **Prof. Charanjit Singh Shah**, the Founder Principal Architect of Creative Group, Delhi, who shared professional insights into the complexities of architectural frameworks. As an institution affiliated with GGSIPU and approved by the Council of Architecture and AICTE, MBS College designed this lecture to provide students with essential knowledge on the structural foundations that drive modern architectural design.

Expert Talk on Thalassemia Awareness

On **February 12, 2026**, the Rotaract Club and MBS College hosted a guest lecture on **Thalassemia Awareness** featuring Dr. Tajinder Singh. Attended by **130 participants**, the session educated students on genetic blood disorders, preventive measures, and the vital importance of early screening and social responsibility.

Dubai Study Tour:

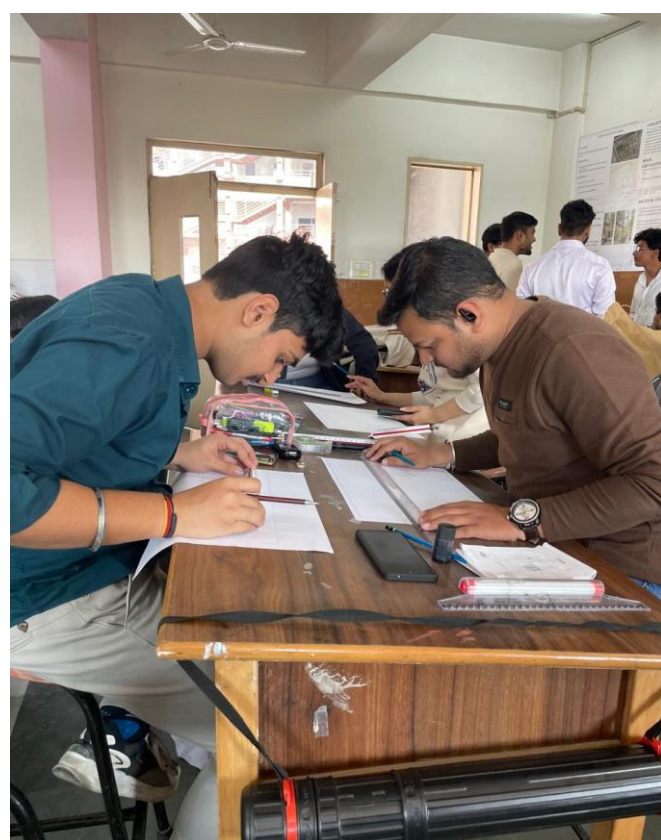

An Enriching Educational Journey for Architecture Students

The MBS College organized a study tour to Dubai and Abu Dhabi conducted from 18th February 2026 to 22nd February 2026. The delegation consisted of 18 students of Architecture (3rd year and 1st year), accompanied by two faculty members – Ar. Jyoti Arora and Ar. Pallabi Banerjee, and a co-ordinator from tour-organizing company Memories Maker, ensuring a high level of academic guidance and logistical discipline throughout the journey. It was a 5days study tour. The primary objective was to observe the transition of a trading port into a global metropolis. Students analyzed various typologies, ranging from traditional wind-tower residences to parametric high-rises, gaining insights into how modern engineering and traditional wisdom coexist in an extreme desert climate

The tour also emphasized cultural context through visits to the Sheikh Zayed Grand Mosque, and the Al Fahidi Historical District, allowing students to study the evolution from vernacular Wind Towers to global artistic hubs. Practical experiences, including the Desert Safari and Marina Cruise, complemented the academic site visits, offering a well-rounded perspective on Dubai's tourism-driven urban planning. The tour successfully bridged the gap between classroom theory and global professional practice, fostering a deeper understanding of architectural innovation and cultural preservation.

Highlights from Our Departmental Competitions

Design Week 2026:

Unleashing Architectural Creativity

MBS College hosted a dynamic and inspiring **Design Week** from **February 23rd to February 27th, 2026**. Students across all four years participated with immense enthusiasm, showcasing their technical skills and innovative design thinking through a series of year-specific competitions.

YEAR WISE COMPETITION HIGHLIGHTS

1ST YEAR – Designing a BOAT HOUSE–
A Vacation Dwelling on Water –
Where Architecture Meets Serenity.

2nd YEAR – SUNKEN ART GALLERY –
Experience Art Beneath the Surface–
Where Space, Light & Mind Connect.

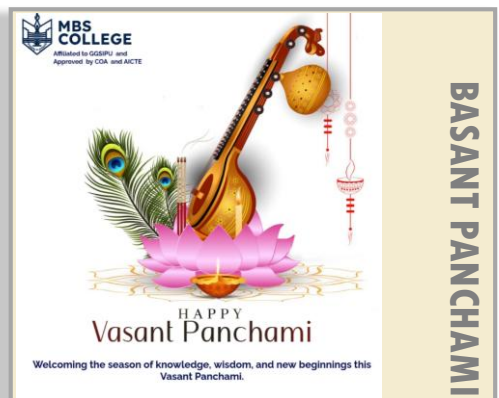

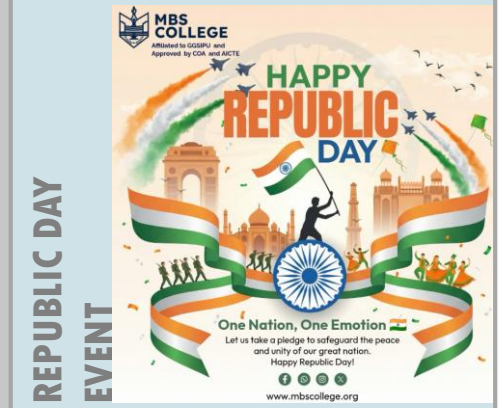

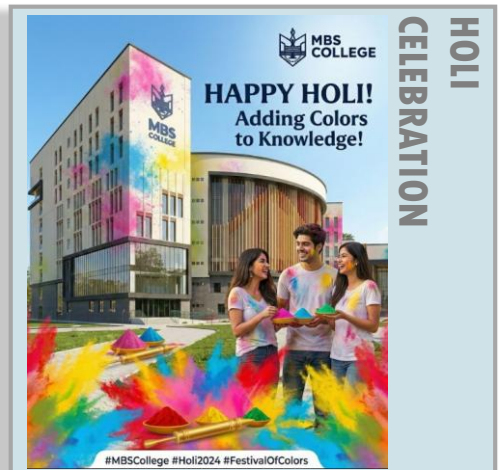

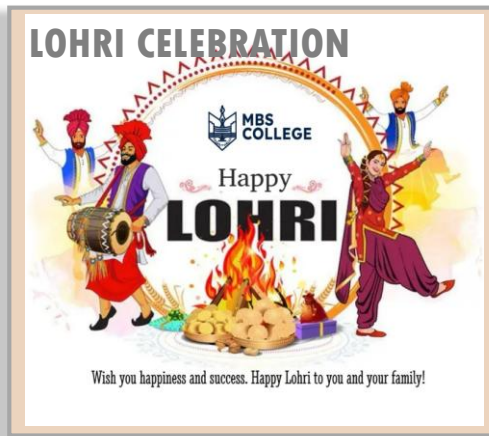

3rd YEAR – SUNKEN ART GALLERY –
Auditorium Design –
Showcase your Creativity & Engineering Skills.

4th YEAR – URBAN PULSE–
Design Small yet High-Impact Urban
Public Infrastructure.

The Spirit of Innovation

Throughout the week, the campus buzzed with creative energy as students came up with truly innovative ideas that pushed the boundaries of traditional architecture. The event provided a vital platform for peer learning and professional growth within the MBS community.

AAKAAR: Annual Fest and Felicitation Ceremony

Celebrating Excellence, Creativity and Collective Spirit

MBS College witnessed an unforgettable celebration of achievement and **talent at AAKAAR 2026**, the much-anticipated annual felicitation ceremony dedicated to honoring the hard work, perseverance, and accomplishments of its students.

The event commenced on a graceful and auspicious note with an orchestral performance by students of MBS International School, followed by the ceremonial lamp lighting and Ganesh Vandana by students of MBS International School.

Felicitation of Guests

The ceremony featured distinguished dignitaries, including GGSIPU Joint Registrar **Dr. Abha Vermani**, who inspired students toward academic integrity. **Dr. Bharat Jha**, a renowned educationist and author, emphasized social responsibility and growth. Additionally, senior journalist **Rakesh Kumar Singh** shared insights from his 28-year career, serving as a powerful example of professional excellence and perseverance for the students.

AAKAAR: Annual Fest and Felicitation

Celebrating Excellence, Creativity and Collective Spirit

Academic Achievers

The B.Arch academic honors at MBS College recognize excellence across multiple dimensions of student development. Beyond the **Batch Toppers** from all five years, awards were presented for **Best Design, Construction, and Creative Thinking**. Additional categories celebrated **Professional Discipline, Attendance, Teamwork, and Artistic Expression**, highlighting a holistic approach to architectural education and meritorious student performance.

Felicitation Ceremony

AAKAAR 2026 celebrated the B.Arch batches of 2018–2023 and 2019–2024, honoring their transformative five-year journey. These cohorts demonstrated immense resilience and creative courage, navigating a rigorous curriculum of intense studio culture, complex design iterations, and demanding technical juries. Their success reflects a relentless commitment to the discipline of architecture.

AAKAAR: Annual Fest and Felicitation Ceremony

Celebrating Excellence, Creativity and Collective Spirit

The cultural segment transformed the auditorium into a stage of energy and expression. From batch-wise **dance performances** and **theatre presentations** to **musical performances**, the atmosphere was electric. The performances were a reminder that while architecture builds structures, art builds community.

PERFORMANCE BY ALL THE SOCIETIES AND STUDENTS

The event concluded with heartfelt gratitude extended to the organizing committee, whose dedication ensured the seamless execution of the celebration. A vote of thanks marked the formal closure. **AAKAAR 2026** was more than a felicitation ceremony, it was a tribute to resilience, creativity, discipline, and shared growth. It reaffirmed that success at MBS College is not merely about grades, but about passion, perseverance, and the courage to perform both on stage and in life.

LOHRI CELEBRATION

MBS College celebrated the vibrant festival of **Lohri** with immense fervor on **January 13, 2026**, within the college campus. The event commenced with the traditional lighting of the **sacred bonfire** by the college leadership and faculty members, symbolizing the transition toward longer days and the conclusion of winter. Participants gathered around the fire to offer prayers for prosperity and joy while enjoying traditional seasonal treats, including groundnuts, rewari, and popcorn. The atmosphere was filled with energy as the celebration featured vibrant music and dance, successfully fostering a strong sense of community and cultural pride among students and staff. This successful event upheld traditional values, providing the college community with cherished memories of warmth and togetherness.

BASANT PANCHAMI

On **January 23, 2026**, MBS College celebrated **Basant Panchami** with deep devotion to honor Goddess Saraswati. The ceremony featured a traditional **Saraswati Puja and Havan**, where leadership and faculty offered prayers for wisdom and academic excellence. The campus was vibrantly decorated with floral arrangements and **rangoli**, while many participants wore yellow attire to symbolize the arrival of spring. This event reinforced the institution's commitment to knowledge and cultural heritage, marking the start of the academic session with renewed enthusiasm. The successful celebration concluded with a communal lunch for all attendees.

HOLI CELEBRATION

MBS College celebrated the vibrant festival of **Holi** on **March 3, 2026**, with great enthusiasm and cultural spirit. The program commenced with a meaningful **plantation ceremony**, where dignitaries planted saplings to promote environmental sustainability and growth. This was followed by the main festivities, where faculty and students used **organic colors** to ensure an eco-friendly and safe celebration.

The campus was filled with laughter and music, fostering strong bonds and interaction within the college community. To honor tradition, **gujiya** was distributed to all participants, adding a sweet touch to the festive atmosphere. Overall, the event successfully blended cultural values with environmental awareness, leaving the participants with cherished memories of unity and joy.

PLANTATION DRIVE

On this auspicious occasion, MBS College also organized a Plantation Drive in the college campus to promote environmental awareness and encourage sustainable practices among students. The initiative was conducted with great enthusiasm and aimed at spreading the message of harmony with nature along with the spirit of the festival.

The event witnessed the gracious presence and participation of the Director, Dean, Deputy Director, Senior Professors, faculty members, and students, who actively took part in planting saplings within the campus premises. The plantation drive highlighted the importance of protecting the environment and maintaining a green and healthy campus for future generations.

Cultivating Expertise Through Practical Exposure

CASE STUDY VISIT - MUSEUM

MBS College organised a visit on 12th February 2026 for the 2nd year, and it was led by the respective studio instructors to ensure the academic rigor of the Case Study Visits. As part of the 4th-semester curriculum, this visit was organized to provide students with a comparative understanding of museum architecture. The objective was to analyze two contrasting typologies: the **technology-driven, narrative-based** design of the Pradhanmantri Sangrahalaya and the **vernacular, open-air, material-focused** design of the National Crafts Museum.

DDA GREEN EXPO 2026

Third-year students of the Landscape Architecture Elective at **MBS College** gained vital practical exposure through an academic visit to the **DDA Green Expo 2026** and the **Palash Flower Show at Baansera** on February 14th and 15th, 2026. Accompanied by faculty member **Ar. Priyamvada**, the students explored the Yamuna River floodplains to study sustainable urban development, focusing on nature-based infrastructure such as ecoparks, urban forests, and the use of resilient materials like bamboo. By observing seasonal biodiversity and participating in panel discussions on environmental responsibility, the students bridged the gap between classroom theory and real-world application, reinforcing the necessity of climate-responsive design in addressing Delhi's urban challenges.

LEARNING BEYOND THE STUDIO- INDIA HABITAT CENTRE, NEW DELHI

A visit to the **iconic India Habitat Centre**, Lodhi Road, was organised on 28th February 2026 specially for the Third Year Architecture students to study its comprehensive building services — **HVAC, Fire Fighting, Water Supply, and the Water Treatment Plant** — and to understand their integration within the overall planning framework.

Designed by the **legendary architect Joseph Allen Stein**, on a 9 acre site and has 93,000 sqm built up area and is recognized as an iconic architectural building of modern era in New Delhi.

The visit also explored its **architectural language, spatial planning, internal vehicular circulation, two-level basement parking, and included a detailed study of the Convention Centre and Auditorium**, along with materiality and landscape integration.

Guided by Prof. Vivek Sabherwal, Ar. Neelam Shukla, and Ar. Divesh Wadhwa, the session effectively bridged classroom learning with real-world practice.

Learning beyond the studio — where architecture and services shape experience

INDUSTRIAL VISIT TO MOTHER DAIRY PLANT, PATPARGANJ, NEW DELHI

The MBS College organized an insightful industrial visit for BBA and BCA Students to the **Mother Dairy Plant, Patparganj**, on **February 14, 2026**. A group of **37 BBA students** gained firsthand exposure to large-scale dairy processing. The primary objective was to provide students with practical exposure to dairy processing, quality control, and supply chain management.

This visit successfully bridged the gap between academic theory and real-world industrial practices. Students concluded the day with a deeper understanding of hygiene standards and large-scale production efficiency.

Testimonials

I am deeply honored to share my experience as a proud alumnus of MBS School of Planning and Architecture. My journey through the Bachelor's program in Architecture at MBS has been nothing short of transformative. The knowledge, skills, and experiences I gained during my time there have been the bedrock of my professional success. The rigorous academic curriculum, combined with hands-on projects and practical learning, provided me with a solid foundation in architecture and planning. MBS College is not just an institution; it's a nurturing ground for creativity, innovation, and critical thinking.

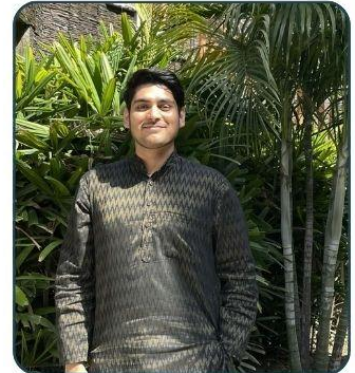

Anukriti Marwah
(BATCH 2019- 24)

"My journey with MBS SPA has been absolutely remarkable! The college provided a nurturing environment that allowed me to grow as an architect. The faculty members were not only knowledgeable but also passionate about their craft, inspiring me to push my boundaries and explore new horizons.

I am grateful for the friendships I made during my time at MBS College. We supported and inspired each other throughout the ups and downs of our architectural pursuits.

Sahil Sarfaraz
(BATCH 2018- 23)

I learned and gained extensive experiences which helped me throughout my studies in my thick and thin. I measure my experience not only in my career growth, academic learning, and skill development but also in the opportunities that MBS SPA gave me to build meaningful, lifelong relationships with a group of like-minded professionals. Today, as an Architect, I owe a huge vote of thanks for every opportunity given to me to explore my potential at MBS College.

Narkant Negi
