ASSESSING LEARNING THROUGH TECHNOLOGY

ACTIVITY: Digital Assessment – Changes Around Us
DATE: 13 October 2026
CONDUCTED FOR: Class 7C

A Google Forms-based assessment on the Science chapter *"Changes Around Us"* was conducted for Class VII-C. The assessment aimed to evaluate students' conceptual understanding, identify learning gaps, and recognise areas requiring further reinforcement.

The activity supported technology-enabled assessment and helped identify students' learning needs, enabling focused revision and targeted academic support.
