CLASS ACTIVITY REPORT

SESSION: 2026–2027

Name of the Activity: Mathematics Quiz

Day & Date: 21 October 2026

Class: VIII

Teacher In-charge: Mr. Satpal Singh

Activity In-charge: Ms. Kumari Shalini

Objectives: To enable the learners to

- Strengthen their understanding of basic Information Technology concepts.
- Recognise technology company logos and identify common digital devices.
- Develop awareness of internet safety, responsible online behaviour, and cyber safety.
- Enhance logical thinking, quick recall, teamwork, and communication skills.
- Encourage curiosity about technology through an engaging, interactive learning experience.

"Technology is best learned when curiosity, collaboration, and creativity come together."

A Glimpse of the Event

A Mathematics Quiz Competition was organised at MBS International School, Dwarka, on 21 October 2026 to enhance students' mathematical knowledge, logical reasoning, problem-solving abilities and mental calculation skills.

The competition was conducted in **one round comprising 15 questions**. The questions covered various mathematical concepts and were designed to assess students' understanding, accuracy, analytical thinking and quick decision-making. The participants were encouraged to listen carefully to each question, think critically and respond within the stipulated time.

The quiz created an engaging and intellectually stimulating atmosphere. Students participated enthusiastically and demonstrated their mathematical aptitude, confidence and presence of mind. The activity also promoted healthy competition, concentration and the practical application of mathematical concepts.

Throughout the competition, students were motivated to approach each question systematically and apply appropriate strategies to arrive at accurate answers. The quiz provided an opportunity for them to identify their strengths, improve their reasoning skills and develop a positive attitude towards mathematics.

The competition concluded successfully, leaving students motivated to explore mathematical concepts beyond textbooks. Overall, the activity proved to be an enriching learning experience that made mathematics more enjoyable, interactive and engaging while fostering a spirit of curiosity and academic excellence among students.

S.No.	Students Name	Class & Sec	Position
1.	Priyal, Navika, Aaradhya, Palak	VIII A	Ist
2.	Avani, Kshiraja, Saanvi, Tejaswini	VIII B	Ist
3.	Aarav, Vivaan, Raghav, Nakul	VIII C	Ist
4.	Pravesh, Yuvinsh, Chandresh, Kanav Khandelwal	VIII D	Ist
5.	Manavi Rana	VIII E	Ist
