A Glimpse of the Event

MBS International School organized a classroom activity titled "Road Safety Roleplay" for Class VI on 8 August 2026.

The session began with a discussion on traffic lights, zebra crossing, helmets and seatbelts. Students were divided into groups and assigned roles of traffic policeman, pedestrians, drivers and cyclists. They performed roleplays on crossing at zebra crossing, following signals, and consequences of rash driving.

The students participated with great enthusiasm and showcased excellent awareness and acting skills. The activity successfully helped students understand that following road safety rules is essential.

Students enthusiastically participated by enacting different road safety situations, portraying pedestrians, cyclists, motorists, traffic police officers and passengers. They demonstrated the correct use of zebra crossings, obeying traffic signals, wearing helmets while riding two-wheelers and fastening seat belts while travelling in cars. They also highlighted the importance of walking on footpaths, avoiding mobile phone usage while crossing roads and maintaining discipline near school zones.

Through realistic situations and meaningful dialogues, students showcased the consequences of careless driving and ignoring traffic regulations. The activity provided an engaging platform for students to understand their responsibilities as road users. It successfully reinforced the values of alertness, patience, discipline and civic sense while encouraging students to become responsible and safety-conscious citizens.
