

*“Engaging students in the educational process is an integral piece of student development”*

**Dear Parents,**

We cordially invite you to our first Student Led Conference of Grade I scheduled on 3<sup>rd</sup> August, 24 Saturday. It is an endeavour to empower our students to share the learning experience with their parents as they have learnt to map their learning goals.

This conference is to reflect on their successful learning experiences while also assisting them in becoming independent learners and skilled communicators. We value our students' opinions and views and we look forward to empowering them to improve verbal communication and critical thinking. This will help parents understand about the happenings in the classroom through the eyes of the child.

Kindly notedown the following points of SLC for your child-

1. Students will come to school in school bus at 8:00 am in neatly school uniform with ID Card.
2. Students will go home with parents after attending the PTM on the given slots.
3. The time slot for attending the conference is shared below.
4. SLC will be held in respective classes.

Kindly be on time to see your ward's performance.
