Dear Students

*“The only way to do great work is to love what you do” ---Steve Jobs*

As we embark on this new academic year, I want to remind you of the incredible potential within each of you. Embrace challenges as chances to develop resilience and creativity. Remember, success is not defined by the number of obstacles you overcome but by your determination to keep moving forward. Stay curious, work hard and support each other. Believe in your abilities and let your passion drive you towards your goals.

**Warm Regards**

**Akhilesh Chandra Chaturvedi**

**Principal**

Dear Parents,

I want to extend my heartfelt gratitude for entrusting us with your children's education. Our goal is to create a nurturing and stimulating environment where your child can thrive socially, emotionally and academically. We focus on laying a strong foundation for lifelong learning.

We value your partnership and look forward to working together to make this year an enriching experience for your child.

Thank you for your consistent support.

**Best Wishes**

**Neena Kapoor**

**Co- Ordinator Nursery - II**

## ORIENTATION PROGRAMME

Delhi Public School, Maruti Kunj organized an orientation programme for the parents of new entrants of Classes Nur-II on 5<sup>th</sup> April 2024 with an aim to make them aware of school's vision and develop a strong partnership between school and parents for the holistic development of the children.

## WELCOME TO THE SCHOOL – TIKKA CEREMONY

The students of Infant Wing were welcomed by their class teachers. They welcomed the children by applying Chandan tikka on their foreheads. Children enjoyed making wristbands of their class group names. The first day of the school was fun filled for the tiny tots as they got involved in various activities.

## EARTH DAY ASSEMBLY

A special assembly was presented by the tiny tots of Classes Nur-II to mark World Earth Day which is celebrated on 22<sup>nd</sup> April every Year around the globe. Relevance of four R's Reduce, Reuse, Recycle and Recover were demonstrated. The main aim was to make the children understand the need and importance of Mother Earth.

## GREEN COLOUR DAY

Different activities were organized for the students of classes Nur-II. The children celebrated Earth Day as Green colour day. The students of class Nur and Prep made green coloured wristbands and thumb impression painting respectively. The students of class I and II went for Tree Plantation Drive and participated in Cleanliness Drive in school garden.

## Green Colour Day

## SHOWCASE AND SHARE

The Infant Wing students participated in enthusiastically in **SHOWCASE AND SHARE** Competition from 13-05-24 to 17-05-24. Different themes were given where they expressed themselves with props. The young minds were little explorers at work. The competition was fruitful and productive as each participant presented his or her views and they got a chance to showcase their talent.

### MOTHER'S DAY CELEBRATION

The children participated in 'Mother's Day' activity to show their love and affection for their mothers. The excitement and enthusiasm of children shone bright as the activity gave them an opportunity to showcase their artistic skills.

### WORLD HEALTH AND SAFETY DAY

An assembly was conducted by the students of Infant Wing on World Health and Safety Day with an aim to create awareness about the health and safety in our daily lives. The thought was Safety is as simple as ABC- Always Be Careful. It highlighted the importance of safety in order to protect ourselves from injuries and road accidents. The students performed a dance number which emphasized the ill effects of having junk food and benefits of healthy food.

### MOVIE TIME

The students of Infant Wing went to see a movie a show "Bonny Bears" at PVR -INOX cinemas. The students were seen giggling and clapping as they watched their favourite cartoons on the big screen. The children had joyful experiences as they shared fun filled moments with their soulmates.

### WEDNESDAY ACTIVITIES

A series of WEDNESDAY Activities were planned to develop fine motor skills and practical application of the taught concepts.

The students learn through various teaching aids and execution is done individually under the able guidance of the teachers.

The purpose of the activities is to develop MULTIPLE INTELLIGENCE.

Progress can be achieved by working together in the right direction. We would like to thank parents for their continuous support. We wish a joyous and progressive learning environment for the children where they grow and flourish as responsible and independent individuals.

Kindly login to the School Website to view more pictures related to the activities conducted in the month of April – May.
