

REPORT

VISIT OF 1974 BATCH

On 25 September 2024, 21 students of the 1974 batch visited The Air Force School, Subroto Park. It was a moment of matchless exuberance and scintillating happiness for all of us.

The alumni who visited their Alma-mater regaled us with stories of the days of yore, their classes, and acts of mischief and remembered with great fondness and respect, Mr. Hari Dang.

It was a moment of inspiration for the students and us as well, as all of the old students had reached the pinnacle of their chosen profession, truly a testament to the saying, Ad Astra per Aspera!
