

DPS Maruti Kunj Organizes Workshop on Cyber Safety for Young Citizens

Delhi Public School Maruti Kunj conducted an enlightening workshop on **Cyber Safety for Young Citizens** on **10th December 2024**, as part of its commitment to educating students on safe and responsible digital practices.

The workshop was led by **Mr. David Singh**, the **Academic Director** at **Edusoft ITS (P) Ltd.** and a renowned expert in the field. Mr. Singh is a **certified Master Trainer and Facilitator** and the author of several insightful books on **Artificial Intelligence**. His expertise and engaging presentation captivated the audience and provided valuable insights into navigating the digital world safely.

The session began with an informative presentation by Mr. Singh, highlighting key aspects of cyber safety such as protecting personal information, recognizing phishing scams, creating strong passwords, and the responsible use of social media. The presentation was complemented by interactive activities that engaged the students and tested their knowledge of online safety practices. These activities encouraged active participation and made the learning process both fun and impactful.

The event was a resounding success, equipping students with essential tools to stay safe online and fostering a culture of responsible digital citizenship. DPS Maruti Kunj remains dedicated to organizing such initiatives that contribute to the holistic development of its students.
