

**Dear Parents,
Warm greetings.**

Children naturally love drawing and express their feelings without words through the same. To appreciate the importance of art and drawing in building the kids brain. We are organising “**Drawing & Colouring competition**” with the theme – **Christmas for Grade- I on 20th December, 2024**. Students will be given practice for the same in the class. The basic outline of the competition will be taught in the class, you can make your ward learn to be more creative and expressive.

They need to bring their own colouring materials like crayons/colour pencils for the competition.

The judgement criteria for the competition will be Drawing, Colouring , Theme and Presentation.

Best Regards

(PRINCIPAL)
