

DELHI PUBLIC SCHOOL

MARUTI KUNJ, GURGAON

(Under the aegis of the Delhi Public School Society, Delhi)

Dear Parents,

Experiential learning is a powerful pedagogical approach that engages learners through hands-on activities, real-world problem-solving, and reflective thinking. In the realm of science education, this method has proven to be particularly effective in fostering deep understanding, critical thinking, and a lifelong love of learning. The following activities were designed and conducted in Classes III to V keeping in mind the importance of Experiential Learning.

Class III

Individual Activity – Show and Tell

Topic – Regional Food of India

Students showcased the famous regional food of their choice and spoke about the ingredients and nutrients present in them.

Class IV

Group Activity – Making of Simple Machines

Students worked in groups and created various things to show the working and usage of simple machines like pulley, lever and inclined plane.

Class V

Group Activity

1. **Creating a comic strip and its presentation** - Students worked in groups and made a comic strip on pollution and also enacted it.
2. **Best out of waste** - Students worked in groups and created new things out of waste materials available at home.
