

ARWACHIN WORLD SCHOOL, BHOPURA

Session 2024 – 25

CLASS-6

Dear Parents,

Greetings from Arwachin World School !

To complete the Holiday Home work, motivate the child to do it by himself/herself .

Children have worked very hard in the first term and it's so important we don't lose any of that good progress by 'switching off' over the break. Simply continuing to read each day over the holiday will keep our read skills and vocabulary active. Short, daily maths practice on Mathletics will also keep our number facts memorised and simmering. At the same time, children need to enjoy their holiday: play, be active, see new things and have fun so there is lots to talk about when we return to school!

What an exciting time of year! The New Year is a great time of year for reminiscing and looking forward to new adventures. Often there are parties, fireworks and family gatherings that we all love.
