

**Winter Holiday Homework (2024-25)**  
**For class- VI**  
**Unlock the Magic of Winter Break!**

**As we embark on our winter break, remember that this vacation is not only a time to explore the world outside but also an opportunity to rediscover ourselves while staying home and being safe.**

**Embark on a Journey of Fun and Adventure**

- 1. Read, Relax, and Recharge:** Get lost in books, exercise, meditate, dance, and channelize your energy in a positive manner.
- 2. Appreciate Nature:** Take long walks in parks or gardens with family and friends, adopt or grow a plant, and breathe in the fresh air.
- 3. Unleash Your Creativity:** Create a new story, try a new recipe with your mom, learn a new song, play a new instrument, and express yourself.
- 4. Cultivate Good Manners:** Respect your parents, grandparents, and all elders, and use the three magical words: Sorry, Please, and Thank you.
- 5. Stay Fit, Stay Healthy:** Play your favorite game or sport regularly, develop the spirit of sportsmanship, and sense of healthy competition.

**Family Connect and Learn**

- 1. Bond with Family and Friends:** Go for long walks or drives, learn from their experiences, and create new memories.
- 2. Save Nature:** Contribute to saving our precious environment, minimize waste, and conserve resources like water, fuel, and electricity.

**Happy Thoughts and Reminders**

- 1. Stay Positive:** Pray daily for yourself and others, and spread kindness and compassion.
- 2. Winter Break Schedule:** December 31, 2024 - January 9, 2025 (Winter Break), January 10, 2025 (Resume Classes).
- 3. Must-Do's:**
  1. Wear appropriate outdoor clothing and stay warmly clad.
  2. Stay well-nourished and hydrated.
  3. Find time for reading.
  4. Travel safely and keep a cold-weather safety kit in your vehicle.
  5. Help your parents with errands.
  6. Control screen time and encourage creative pursuits.

**Smile and Make Memories!**

**"Smile is the only curve which straightens everything." Have an enjoyable winter vacation, stay safe, and make memories that will last a lifetime!**

**(PRINCIPAL)**

**Q1. Read J. K. Rowling's famous book "Harry Potter and the Philosopher's Stone" or "Tree Lover" by Ruskin Bond.**

- Write a short summary of the story (75 words) and name the main characters in the form of booklet.
- Choose 10 interesting adjectives from the book and find their dictionary meanings.
- Find one synonym and one antonym for all the 10 words.
- Make a book cover for the above book. Remember, a book cover has the name of the book, author, illustrator and an illustration. Use a thick A4 size sheet and be as creative as you can.

**2. Make a preposition chart on an A 3 size sheet. You can include definition, types and examples of preposition in the chart.**

**Evaluation Criteria :-**

Content	Presentation	Creativity	Timely Submission

### MATHS

#### **Q1. Paper Plate Fraction Activity**

Steps:

Take a paper plate and divide it into equal parts (e.g., 8 or 10).

Color and label each section with a fraction (e.g., 1/8, 2/8).

Create different combinations and write questions like:

"What fraction represents the red sections?"

"What fraction of the plate is uncolored?"

**\*Homework to be submitted on A4 sheet**

**Q2. Complete Worksheets 89- 94 in Mathematics workbook.**

**Evaluation Criteria :-**

Presentation	Accuracy	Timely Submission
2	2	1

### SCIENCE

**Q1. Create a Magnetic Maze :** Design and create a magnetic maze using magnets, cardboard and a small metal ball to explore the properties of magnetism.

#### **Components**

- Maze board:** A flat surface with a maze design, usually made of cardboard, wood, or plastic.
- Magnets:** Placed under the maze board to create magnetic fields.
- Metal ball:** A small metal ball or object that responds to the magnetic fields.

### Objective:

The objective is to navigate the metal ball through the maze by using the magnets to guide it. The magnets create an invisible force field that attracts or repels the metal ball, allowing it to move through the maze.

### Evaluation Criteria :-

Creativity	Accuracy	Timely Submission	Design Efficiency
