

Winter Holiday Homework (2024-25)
For class- VII
Unlock the Magic of Winter Break!

As we embark on our winter break, remember that this vacation is not only a time to explore the world outside but also an opportunity to rediscover ourselves while staying home and being safe.

Embark on a Journey of Fun and Adventure

- 1. Read, Relax, and Recharge:** Get lost in books, exercise, meditate, dance, and channelize your energy in a positive manner.
- 2. Appreciate Nature:** Take long walks in parks or gardens with family and friends, adopt or grow a plant, and breathe in the fresh air.
- 3. Unleash Your Creativity:** Create a new story, try a new recipe with your mom, learn a new song, play a new instrument, and express yourself.
- 4. Cultivate Good Manners:** Respect your parents, grandparents, and all elders, and use the three magical words: Sorry, Please, and Thank you.
- 5. Stay Fit, Stay Healthy:** Play your favorite game or sport regularly, develop the spirit of sportsmanship, and sense of healthy competition.

Family Connect and Learn

- 1. Bond with Family and Friends:** Go for long walks or drives, learn from their experiences, and create new memories.
- 2. Save Nature:** Contribute to saving our precious environment, minimize waste, and conserve resources like water, fuel, and electricity.

Happy Thoughts and Reminders

- 1. Stay Positive:** Pray daily for yourself and others, and spread kindness and compassion.
- 2. Winter Break Schedule:** December 31, 2024 - January 9, 2025 (Winter Break), January 10, 2025 (Resume Classes).
- 3. Must-Do's:**
 1. Wear appropriate outdoor clothing and stay warmly clad.
 2. Stay well-nourished and hydrated.
 3. Find time for reading.
 4. Travel safely and keep a cold-weather safety kit in your vehicle.
 5. Help your parents with errands.
 6. Control screen time and encourage creative pursuits.

Smile and Make Memories!

"Smile is the only curve which straightens everything." Have an enjoyable winter vacation, stay safe, and make memories that will last a lifetime!

SCIENCE

Q1. Explore the behavior of light and image formation and make a report using the inner (concave) and outer (convex) surfaces of a spoon, and to verify the law of reflection using a mirror, flashlight, and protractor. For details follow the following instructions:

1. Materials Required:

- A metal spoon (clean and reflective).
- Notebook for recording observations.

2. Procedure:

- Hold the spoon's inner surface (concave) close to your face and observe your image. Gradually move the spoon farther away and note how the image changes in size and orientation.
- Now turn the spoon and observe its outer surface (convex). Move the spoon closer and farther from your face and note the changes in the image.

3. Observations:

- Describe how the image appears on the **concave surface** (size, clarity, orientation).
- Describe how the image appears on the **convex surface** (size, clarity, orientation).

4. Questions

- Why does the image on the concave surface appear inverted or magnified when the spoon is moved?
- Why does the image on the convex surface always appear smaller and upright?
