Session 2023 - 24

EACH COLOR IS UNIQUE,
BUT TOGETHER,
WE CAN CREATE AN AMAZING PICTURE.
LET'S LEARN TO EMBRACE DIVERSITY.

Editorial Board

The best service that can be rendered to a country next to that of giving it liberty, is in diffusing the mental improvement equally essential to the preservation and the enjoyment of the blessing.

Just as a river needs two banks to be regulated similarly the energy in our lives needs direction to flow in order to achieve its destination 'Pratibimb' also has the goal to create that bank for exchange of information and gives the right direction to the knowledge and creativity of our young minds.

It has been our joy and privilege to serve as a team for the Editorial Board. We have been fortunate to read through host of creative works of budding writers. Our 'Pratibimb' has tried to fulfil its traditional concepts of keeping record of school life and also serve as an outlet of opinion and imaginative work.

The achievement of 'Pratibimb' would not have been possible without single minded commitment and dedication of our Principal Mrs Shymali Wariach. We wish to extend our profound gratitude to her. We also wish to thank all those who have contributed their time to beget this edition of 'Pratibimb'.

MESSAGE

We live today in a world that is not only different from our times but also is changing at an accelerated rate. Educators are coerced to pause, reflect on prevailing social circumstances and evaluate entire education system as envisaged in NEP 2020. The core objective of overhauling of existing education system can only be achieved with in-depth understanding and wholehearted acceptance of change by every stakeholder.

At Air Force School Halwara we are aiming to provide a balanced curriculum which is aligned to new education policy and ensure that children, who walk into the portal of our school, are equipped with knowledge and skills to face the challenges of life.

Magazine is a milestone that marks our growth, unfolds imagination of students and gives life to the thoughts. It's a testament of school's achievements in scholastic and co-scholastic domains. The year 2024 witnessed remarkable moments of achievements for which I would like to extend my gratitude to Management, Parents, Staff and students for their unstinting support.

I take this opportunity to assure that Air Force School Halwara will always remain adhered to core values of honesty, integrity and scale greater heights in the times to come.

मैं एक छोटी कठपुतली,
रोना मुझे आता नहीं।
लड्डू पेड़े खाऊँ मजे से,
खाना बनाना आता नहीं।

शरबत बनाना आता नहीं।
चुनीया-चोली पहनू मजे से,
कपड़े सीना आता नहीं।

बेटी

जब-जब जन्म लेती है बेटी खुशियाँ साथ लाती है बेटी
ईश्वर की सौगात है बेटी सुबह की पहली किरण है बेटी

आंगन की चिड़िया है बेटी
त्याग और समर्पण सिखाती है बेटी

बार-बार याद आती है बेटी

जरा सोच-समझकर

लोग एक-दूसरे से कहते हैं, जरा सोच-समझकर काम करना। यह एक मुहावरा हो गया है। इसे बार-बार सुनने पर ऐसा लगता है कि सोचना और समझना एक ही मानसिक क्रिया के दो पहलू हैं। हम सोचने की क्रिया के साथ समझने को भी लपेट लेते हैं। लेकिन सयानों से पूछें, तो वे कहते हैं, ये दो बिल्कुल अलग बातें हैं। इन दोनों में इतना ही फर्क है, जितना कि देखना और अंधेरे में टटोलने में होता है। ओशो ने इन दोनों में बड़ा फर्क बताया है। वह कहते हैं कि सोचना, समझ का अभाव है। हम सोचते ही इसलिए हैं, क्योंकि हम समझते नहीं। जब समझ आती है, तो सोचना विदा हो जाता है। सोचने में विचार अंदर ही अंदर घूमते रहते हैं। सोचने में अनुमान होता है, तक तर्क होता है, फिर भी सही-गलत का पता नहीं चलता। सोचने में प्रश्न पैदा होते हैं, पर उत्तर नहीं मिलते। समझ के साथ कोई प्रश्न नहीं, बल्कि उत्तर है। क्योंकि समझ हृदय में पैदा होती है, जैसे अंधेरे में एक दीया जल गया, अचानक रोशनी हो गई और चीजें साफ हो गई। समझ ध्यान से पैदा होती है। ध्यान की ऊर्जा आपको अपने भीतर गहरे ले जाती है और आप उस जगह पहुंचते हैं, जहां समझ का सरोवर होता है, एक शीतल स्रोत। वहां से जो बुलबुला उठता है, वह है समझ।

समझ को जगाने के लिए रोज कुछ समय अपने साथ शांत होकर बैठना होगा। अकेले में चुपचाप, बिना किसी तनाव के। फिर आंखें बंद करके अपने भीतर डुबकी लगाने की कोशिश करें। जैसे-जैसे मौन घना होगा, आप पाएंगे कि कोई रोशनी सी उठ रही है। यह जो मौन केंद्र है, यही है समझ का स्थान।

आज फिर से हम स्कूल जाते हैं

चलो कुछ दर्द हम भूल जाते हैं, आज फिर मैं हम स्कूल जाते हैं।
रोक ना सके हमें कोई जंजीरें, वक्त का पैगाम आज साथ लिए चलते हैं।
जिंदगी मेरे स्कूल वाले ख्वाब लोटा देना,
मेरे बिछड़े दोस्तों को मुझसे मिला देना।
बंदिशें एहसास से बढ़कर नहीं होती, मेरे गुरु के मुझे दर्शन करा देना
चलो कुछ दर्द हम भूल जाने हैं. आज फिर मैं हम स्कूल जाते हैं।

आज का भारत

देश मेरा था सोने की चिड़िया
फेंक के साड़ी उतार के चुड़ियां
अब यहां डोले पश्चिमी गुड़ियां
सोना ले गये बेदर्द फिरंगी
रोये चिड़िया देख पेड़ों की तंगी
इतिहास था जिसकी महान गाथा
आज वहां समाज बना दोरंगी
उनके ही तन के दो हिस्से
भारत-पाक
तैयार बड़े लड़ने को परमाणु जंगी
कही खो गए महान नेता
देश छान झेले चालें बेढंगी
उग्रवाद घपलों से हुई हालत बदरंगी
इंतजार है उस खुशनुमा पल का
जब संतो की पावन धरती पर
खिलेगा कोई नेक फरिश्ता,
बरसाने की मेघ सतरंगी

Education is light,
Which makes the future bright.
It is a knowledge ship,
Which gives us scholarship.

It is very nice,
Which makes a person wise.
It is a game,
To fulfil everyone's aim.

It is very helpful,
Which makes everyone successful.
If we feel education is tough,
Then everything is rough.

So, if education is not with us,
Then it is a matter of shame for us.

Friends are just like a treasure,
They bring us lots of pleasure.
One smile will make you feel so good,
When you are not in the mood.

Your spirit lifts,
As they give you gifts.
Your nervousness slowly goes,
As your heart feels warm, and it glows.

Mood will be bloomy,
And you will not feel gloomy.
Friends bring us lots of pleasure,
So, keep them safe like a treasure.

Friends are just like a treasure...

BULLYING

Bullying refers to aggressive behaviour aimed at dominating another person. Bullying can happen at any stage of life, such as school bullying, college bullying, workplace bullying, public place bullying, etc. Many times, it is not only others but also family members or parents who unknowingly bully an individual by making constant discouraging remarks. As a result, the victim gradually starts losing his/her self-esteem and may also suffer from psychological disorders.

A UNESCO report states that 32% of students are bullied at schools worldwide. In our country as well, bullying is becoming quite common. In fact, bullying is emerging as a major problem worldwide. It has been observed that physical bullying is more prevalent among boys, while psychological bullying is more common among girls.

Preventive Strategies: In cases of school bullying, parents and teachers can play a very important role. They should try to notice the early symptoms in children/ students, such as behavioural changes, lack of self-esteem, less concentration, etc. Early recognition of symptoms, prompt action and timely counselling can reduce the after-effects of bullying on the victim.

The World

The calendar is changing, life is transforming,
Youth left behind as age keeps advancing.
As I write down each date, dates become history,
Like sand slipping away, the world escapes from me.

Once I was support; now I need someone to hold,
My boat, too, now seeks a shore to unfold.
Seeing the children brings joy to my heart,
In me, rivers of dreams still start.

They teach me to walk; they teach me to sit,
The younger ones now guide me bit by bit.
Once, I walked my own path, with tunes in my mind,

Those memories fade, left far behind.
As I write down each date, dates become history,
Like sand slipping away, the world escapes from me.

Mother

Red, blue, pink, and white,
You are beautiful and bright.

You stand with me all the time,
You make me happy with a rhyme.

You are my sunshine and my life,
Oh! My mother, you ignite in me a positive vibe.

My mother is my shining star,
She helps me near and far.
She wakes up early every day,
And guides me in every way.

She teaches me to be so kind,
And fills my heart and mind.
Her hugs are warm, her words are sweet,
With her love, my world's complete.

She cooks, she cleans, and helps me learn,
Her love for me will always burn.
She's my hero, my best friend,
I know her love will never end.

I thank her every day, you see,
For all she does so lovingly.

The Magic of Math

In the world of numbers, there's magic to see,
From one to infinity, and all in between.
Equations and formulas, patterns so grand,
Math is the language that helps us understand.

Triangles, circles, and shapes of all kinds,
Geometry's wonders expand our minds.
Algebra's puzzles, with variables in play,
Solve them with logic, and clear the way.

Calculus whispers of change and of flow,
Derivatives, integrals, all help us grow.
Statistics and data, in graphs they unfold,
Telling the stories that need to be told.

Math is a journey, a path to explore,
With each new discovery, we learn even more.
So, let's celebrate numbers, and all that they bring,
For in the world of math, our minds take wing.

TEAMWORK: THE KEY TO SUCCESS

"Alone we can do so little; together we can do so much." This quote by Helen Keller emphasizes the importance of teamwork in achieving success. In today's fast-paced and interconnected world, teamwork has become an essential component of accomplishing goals. Effective teamwork requires clear communication, active listening, respect, and empathy. When team members share a common vision and work together towards a shared goal, they can accomplish far more than they could alone. Teamwork fosters increased productivity, improved communication, diverse perspectives, enhanced creativity and better problem-solving.

To build a strong team, it's essential to establish a shared vision, foster a positive culture, develop teamwork skills, and celebrate successes. Team members should be encouraged to share their ideas, listen to others and respect diverse perspectives. By embracing collaboration and open communication, teams can overcome challenges and achieve remarkable results.
