

SANGHARSH "EK PRAYAAS"

ARWACHIN WORLD SCHOOL

EDITORIAL

"NO ONE CAN WHISTLE A SYMPHONY IT TAKES A WHOLE ORCHESTRA TO PLAY"

SANGHARSH "EK PRAYAAS" AWS is ready with its fifth edition of its annual magazine which is the reflection of student's creativity and achievements. The school takes up relevant themes, researches on themes and implement them at all levels. This issue is an earnest endeavor by a committed and creative team who have worked passionately in ensuring originality and creativity in every piece of work and has chronicled the same along with activities and accolades of session 2024 - 25. The school magazine spouses the school spirit which is built up with in the collective actions, thoughts and aspirations and would indeed provide an insight to every reader about the mission and endeavor taken by the school. We would like to extend our sincere thanks to our dedicated team and students. The editorial board wishes all the readers a joyful reading!!

Sincere Thanks To :

MESSAGE FROM TRUSTEE'S DESK

"The best way to predict your future is to create it. Start crafting your story now."

As the trustee of our esteemed institution, it is both an honor and a privilege to share a few words with you through the pages of our student magazine. This platform is not just a collection of articles and artwork; it is a reflection of our school's spirit, values, and the tremendous talent that resides within our student body. Education is a journey, and it is the pursuit of knowledge, character development, and the nurturing of one's potential. Our school's mission has always been to provide you with a conducive environment to explore, learn, and grow. This magazine, a product of your creativity and passion, embodies that mission. In the pursuit of knowledge, remember that learning is a lifelong endeavor. Embrace every opportunity to broaden your horizons, question the status quo, and seek solutions to the challenges of our world. Your academic endeavors are important, but equally significant is your development as a well-rounded individual. I encourage you to use this magazine as a platform for self-expression and reflection. Share your thoughts, experiences, and stories that have shaped your journey. By doing so, you not only contribute to the enrichment of our school community but also inspire your peers. In the pages of this magazine, you will find a kaleidoscope of ideas and perspectives. Let it remind you of the importance of open dialogue, understanding, and the beauty of diversity. Be curious, be compassionate, and be courageous. As you read and contribute to this magazine, know that you are part of a legacy that stretches far beyond your time here. Your words and actions today will shape the future of our school and, in turn, the world. I am excited to witness your continued growth, and I believe in your potential to make a positive impact on the world. Keep striving, keep learning, and keep inspiring.

With best wishes
Dr. URMILA SHARMA

MESSAGE FROM CHAIRMAN'S DESK

"In the book of life, the best stories are written by curious minds and adventurous hearts."

It is with great pride and enthusiasm that I address you through the pages of our beloved student magazine. The power of words and ideas can be transformative, and this magazine is a testament to the creative potential within each one of you. Education is not confined to classrooms and textbooks alone. It is a journey of exploration, discovery, and growth. I encourage you all to use this platform to express your thoughts, aspirations, and unique perspectives. Let your words be the brushstrokes on the canvas of our school's legacy. As Chairman, I want to emphasize the importance of embracing diversity, fostering inclusivity, and continuing to uphold our school's values. Together, we create a vibrant and supportive community, where every voice is heard and valued. I urge you to delve into the articles, stories, and artwork within these pages. They represent the collective effort of our talented students and dedicated staff. Let this magazine inspire you, motivate you, and remind you of the boundless potential you possess. Education is a two-way street, and your active participation in our school's activities, including this magazine, is vital. I look forward to seeing your creativity, innovation, and passion shine through. Let us together make our school magazine a beacon of knowledge, creativity, and unity. Remember, the pen is indeed mightier than the sword, and your words can change the world.

With best wishes for your continued success and growth
ANUROOP SHARMA
CHAIRMAN OF ARWACHIN GROUP OF SCHOOLS

MESSAGE FROM THE DESK OF MANAGEMENT MEMBER

THE FOREWORD

THE 'SANGHARSH 4.0' OF IDEOLOGIES:

Dear Readers,

The 'SANGHARSH 4.0' in your hands, the reflection and refraction of the ideas and creativity, is the outcome of our writing workshops and projects across classes, with an aim of every child writing and expressing herself/himself in one way or the other; through an article, opinion, view-point, poem, illustrations or sketching. The soft skills that we cultivate through regular creative writing with our students have tremendous real-world application as well as help to promote the kind of atmosphere we want in our classrooms. After decades of experience with educating children, I have found that carving out regular time for creative writing in class provides benefits for teachers and students that we simply do not get from other activities. One of the benefits of creative writing in the classroom is most engaging for our students. When students are given opportunities to experiment with their voices and create through their own original work, they feel a sense of place and they are able to take the ownership of the project work. A beautiful sharing by a student about her relationship with creative writing in the classroom, goes as - 'Creative writing is important to me because it gives me a way to express myself. Sometimes, as a young teenager, it's not so easy to be able to freely express ideas and emotions. Many feelings and opinions one may otherwise not get to to share with others. However, in writing you can put all of those mixed emotions into words. Next thing you know, you've created an entirely different universe, with characters close to your heart. Everything is under your complete control. That is not something that you can experience in reality, even while reading a book. The feeling that you have created something, something that you can call your own, is what makes it incredible.' When we empower our students to create something that is only theirs, to make big choices in their writing, it can transform attitudes toward learning and education in general. Having students who are motivated to work to their full potential is a dream scenario for any teacher. Regular creative writing can help us to move in that direction. Hope you would enjoy reading the raw and fresh ideas of our talented students!

Warm regards

**MS SAUMYA ANUROOP SHARMA
(MEMBER OF MANAGEMENT)**

MESSAGE FROM THE MANAGER'S DESK

"Dreams do come true, but not without the help of others, a good education, a strong work ethic, and the courage to lean in."

I am proud to see how soon all AWS' fraternity along with its students have been able to adapt, first to online mode and now to offline classrooms. This institution breathes today with the desire to mould these young minds for a better future. And I feel a surge of pride in acknowledging that we all have kept the empty buildings breathing and fulfilling their purposes even from a great distance. This institution and I feel honoured to have been a part of your educational journey.

Like any good educational institute, AWS carries a great responsibility of shaping the future of many families and nation by developing ethical and industrious human resources. Utmost attention is given to the untapped talent and intellect of our primary, secondary and tertiary students and further expanding the horizon of academia by fulfilling the academic needs of the students of this great institution. I believe in the established notion of three constants in life... change, choice and principles. The aim of AWS has been to align our pedagogical practices with the change in the outside world, providing choice and staying true to the timeless principles that produce success. In the past decade with tremendous efforts, our team has provided vast exposure to our children and empowered them to participate in activities and scenarios that have harnessed their curiosity and inspired them to explore the world around them.

This school magazine is a creative pursuit that encloses the originality of thought and viewpoint of our Arwachinities. The contents of the magazine reflect how beautiful and insightful these minds can be and showcases their endless imaginations.

On completing this thoughtful compilation of creativity and perception, I congratulate the Principal, Staff and Students of AWS and wish them the best for this journey on the road to excellence.

Best wishes

Ms. Prabha Garg

(Manager of AWS)

MESSAGE FROM HEADMISTRESS'S DESK

"Challenge yourself; you may be surprised at what you're capable of achieving."

It gives me immense pleasure to connect with you through the vibrant pages of our student magazine, 'SANGHARSH 4.O'. This platform is a testament to your creativity, intellect, and your collective spirit. I am continuously impressed by the talent and potential that thrives within our school community. In the realm of education, we often speak of books and classrooms, but it's essential to remember that learning transcends the boundaries of traditional settings. Our student magazine exemplifies this, offering a window into the diverse range of experiences, interests, and talents that make up our school. Education is not just about acquiring knowledge; it's about nurturing a mindset of curiosity, empathy, and innovation. I encourage you to use this magazine as a canvas for your ideas and as a stage for your voices to be heard. Express your thoughts, share your experiences, and inspire your peers. I firmly believe that every student here has the potential to achieve greatness. However, greatness isn't solely defined by the grades on your report card. It's also determined by your character, your compassion, and your contributions to the world around you. The pages of this magazine are a reflection of the diverse perspectives that make our school community strong. Embrace the differences, seek to understand, and appreciate the richness that diversity brings to our lives. Let it be a reminder that unity in diversity is one of our greatest strengths. As you read through the articles and admire the artwork within these pages, remember that you are part of a dynamic and forward-thinking community. Your ideas, your dreams, and your actions have the power to shape our future. I have no doubt that the future is brighter because of the young minds that grace our hall- ways. I look forward to seeing you all continue to learn, grow, and lead, both within the school and beyond. Your journey is just beginning, and I have full confidence in your ability to make a positive impact on the world.

Warm Wishes

Ms. Mona Luthra

(HEADMISTRESS OF AWS)

MESSAGE FROM COORDINATOR'S DESK

Greetings from the Coordinator's desk!

The Arwachin World School Education symbolizes hope and faith. Hope that "the impossible will soon be possible" and faith that "ignited minds will turn dreams into reality" These thoughts become infectious and craft self-esteem and optimism in its human resources which in turn inspires a moral impetus in the young ones who enrolls into its various classes in AWS premises. The zeal to excel in life becomes a routine, inspiring the search for new vistas and innovation in all walks of life. No pessimist has ever discovered the secret of the heavenly bodies or sailed the uncharted sea or have opened a new doorway for the human beings to progress. It needs optimism of the highest degree to be exceptionally productive. We stimulate our kids, "The best books haven't been written, the best race hasn't been run, the best score hasn't been made yet, the best song hasn't been sung; Cheer up, for the world is young!" Such Arwachinities inspiration makes young ones so unstoppable. Choosing a learning Centre where the young ones are cared and nurtured in holistic values and 21st century life skills, is one of the major decisions ever taken by parents and we believe that The AWS , will be the choice a parent will never regret especially if you are ambitious and determined to craft a difference in the life of humanity by empowering your child with the right education.

**With love ,
Ms Jyoti Nautiyal

Arwachin World School, Ghaziabad, organises workshop on health and hygiene with all fervour

Arwachin World School, Ghaziabad, organised a workshop on health & hygiene in presence of Institute trustee Urmila Sharma, Arwachin Group of Schools chairman Anurup Sharma, Arwachin Bharti Bhawan School vice-principal Saumya Anurup Sharma, manager Prabha Garg, headmistress Mona Luthra, and the

coordinator. The speaker for the event, which was attended by students & teachers, was Preeti Joshi.

The workshop aimed to raise awareness about the importance of maintaining good health & hygiene practices in daily life. Joshi emphasized the need for proper hand washing, sanitation, and nutrition to prevent diseases and to create awareness about probiotics and gut health among people. Participants engaged in interactive sessions, including quizzes and group discussions, to reinforce their understanding of health and hygiene concepts.

The workshop concluded with a pledge by the participants to practise good health and hygiene habits in their daily lives.

The workshop aimed to raise awareness about the importance of maintaining good health & hygiene

Arwachin World School, Bhopura, Ghaziabad, introduces Jaadui Pitara initiative with all zeal

Arwachin World School, Bhopura, Ghaziabad, introduced Jaadui Pitara, an initiative launched as part of the NEP 2020 under the designing and implementing agency NCERT, ministry of education.

The initiative is specifically designed for children aged 3-8 years

This initiative is specifically designed for children aged between 3-8 years old. The motto of introducing the initiative was to enhance learning & development in five domains: physical, socio-emotional & ethical, cognitive, language & literacy, and ac-

esthetic and cultural.

Positive Learning Habits has been included as another domain of development. To promote creative thinking, problem-solving, & teamwork among students, a Jaadui Pitara activity was conducted for the Classes Bal - Vatika, pre-school & pre-primary and on another day for the Classes 1 & 2 under the guidance of all dignitaries namely Urmila Sharma, Anurup Sharma, Saumya Anurup Sharma, Prabha Garg, Mona Luthra, and the coordinator.

MATHS

A strange subject that's 'Maths',
which has never got me any pats.

Three major subjects in mathematics,
Algebra, geometry and arithmetic.

Maths is full of calculation,
but ~~problem~~ problem is in multiplication.

You draw lines for squares and triangles,
But you also have to find their angle!

Once when you double it's a square,
But when divided by the same number it's one.

The sums and problems are of tricks,
Your mark is 'zero' if it doesn't click.

Maths: A subject full of confusion!

Ojasvi Singh
VIII-A
AN'S

Marvellous Maths

Numbers, numbers all round,
Everywhere they can be found.

Numbers tell how old I am,
And how many people in my fame.

How much I weight and just how tall,
Where I live. And that's not all!

Numbers are a part of me,
Money, time, and history.

When to wake up and when to eat,
What size shoes to buy for my feet.

How much money something cost,
A number to call if my dog gets lost.

I don't know where I would be,
If numbers weren't a part of me.

sanjay @harjodh

Maths and Science all around
Math is counting, one, two, three,
Adding up is fun for me!
Shapes like circles, triangles too,
So much to explore, so much to do!
Science shows how flowers grow,
With sunlight and water, they start to glow.
The Earth spins round that's why we see,
The sun each day, so bright and free!
Math and Science hand in hand,
Help us understand this land.
From the stars above to the ground we know,
There's always more to learn and grow!

काव्यता - नारी शक्ति

(2021-2022)

लोट के पिछरा, रचनात्मक गतिविधि
जानें कब उड़ जाऊंगी मैं,
बादल बिखारो बरिशे,

फिर भी आसमान में जगह बरफानी में.....
हैं। गर्व है मुझे, मैं नारी हूँ.....
हैं। गर्व है मुझे, मैं नारी हूँ.....

"मैं नारी हूँ।
मैं शक्ति हूँ।"

"शशक्त नारी से
नी बनेगा
शशक्त समाज"

अने ही रूविनारी
जंतीसे से,
नरो है दुनिया ने कर मेरे,

फिर भी इसे लोट जाऊंगी मैं,
मैं किसी से कम नहीं हूँ,
ये नारी दुनिया को दिखऊंगी,

जो हाथान में धारे ऐसी नहीं मैं
नारी हूँ,
नारी का सम्मान ही
समाज की अमली हूँ। गर्व है मुझे, मैं नारी हूँ.....
पहचान है। हूँ। गर्व है मुझे मैं नारी हूँ.....

Ishika Ch
Khand...

समय का सदुपयोग

समय का पहिया चलता जाए,
समय अनमोल ही सिखाए,
जो समय को व्यर्थ गवाते,
लुटाकर मनके भी वापस न पाते।

खोया स्वास्थ्य हम पा सकते हैं,
परिश्रम से उस फलतामिल सकते हैं।
पर ग़ायब समय न लौटकर आता
समय गंवाने पर हर कोई पहचानता।

समय के साथ धूम धरती,
एक पल भी काम न करती।
समय और लहरे बढ़ती जाती
कभी लौट कर नहीं वे आती।

आज का काम न कत पर टालो
आज अभी पुरत कर डालो।
समय का महत्व जिन में लड़ो
हर काम की समय ताँका बनाओ।

Self Defence

Self defence is the ability to protect oneself from danger in threatening situations.

Understanding self defence helps in high-stress situations. It builds confidence, self-reliance, and helps to develop a warrior spirit, fight skills.

It develops concentration, focus and concentration.

It changes structural gender struggle by demonstrating non-violence.

It has a health influence on our life.

It enhances physical health and mental well-being.

In today's scenario it is a must to be safe against unwanted crime acts. It is important for personal safety to all.

Really we can say "Self defence is a fantastic skill" which can help us in many situations.

Thanks

Success Mantra

"Success is the sum of small efforts - repeated day in and day out."
- Robert Collier

Success is a strong word with a deep meaning, which may vary from person to person. A person who refuses to be successful has to work hard, overcome all obstacles while remaining strong enough to persevere along a path. There is no such thing as a spark for success. You must focus the rays of honesty, truthfulness, and kindness repeated efforts to be successful.

Being successful doesn't always mean being wealthy. For some, it may be achieving their dreams and goals. No matter what, one's dream is, success gives one immense happiness.

A person can achieve success if they are committed to their objectives and have the courage to confront any challenges that come on their way of success. The way to success is just like a staircase where each step is either broken effort and hardwork or failure. Failure which always looks as a beam and sets like a river to reflect our face. **ARI Akshat Kataria**, the much-loved of India says the about failure:

"If you fail, run you up because all means."

Challenges of clean water and their solutions

Challenges:-

1) **Water scarcity** - Safe drinking water is decreasing, and water scarcity is a major challenge because nothing can survive without water.

2) **Population growth** - 98% of water on Earth is salt water, which is unfit for human consumption.

Solutions:-

1) **Rain water harvesting** - A method for collecting rain water to provide a quality water source.

2) **Water conservation** - A practice that involves using water efficiently to reduce unnecessary water usage.

Harmony in Nature

Harmony in Nature

"Harmony in nature means living together in balance and peace." In nature everything works together in harmony creating a beautiful place. Each and everything plays an important role for balancing our ecosystem.

The health and well-being of one part of the ecosystem are linked to the health and well-being of the entire system. To protect and maintain our beautiful ecosystem for our future generations, we must start preserving water, animals, trees, rivers etc. by taking small steps, such as we can plant trees, we should learn habits of animals, we should not spoil the river by dumping garbage and we should not waste water and many more. Also, we should start using decomposable items instead of plastic. By following these simple steps we can extend the life of our earth.

Various of species and ecosystem plays a very crucial role, so protection and preserving it is essential for maintaining harmony in nature. Human activities such as pollution, deforestation, climate change can destroy our ecosystem. We should start promoting environmental education for the betterment of our ecosystem. We should develop and deploy technologies that reduce pollution, increase energy efficiency, and promote renewable energy.

In Conclusion, Harmony in Nature is a precious gift that deserves our appreciation and protection. Let us take a pledge together to preserve our nature and make a bright future for ourselves and generations to come.

Topic: Skills Education

Date: 30.9.24

In today's fast-paced world, traditional education alone is no longer enough to keep up with the ever-evolving job market. Skills education is becoming the key to unlocking future success. Whether it's mastering digital tools, learning a new language, or developing soft skills like communication and leadership, these abilities are critical to personal and professional growth.

Imagine entering a workplace as if you were an anime hero stepping into a new adventure. Just like a protagonist learns new abilities to face challenges and emerge victorious, skills education equips individuals with the tools needed to overcome real obstacles. With continuous learning, you can level up your capabilities, much like characters powering up to face new foes in their quest. From coding and data analysis to creative thinking and problem-solving, skills education ensures individuals remain adaptable and competitive. It's not just about learning a specific job role but acquiring the ability to learn, unlearn, and relearn in this ever-changing landscape. Just like the characters in anime discover hidden strengths, students and professionals alike uncover untapped potential through dedicated skills training.

Skills education is your anime journey—unlock new powers, level up, and face challenges the anime way!

Social Media

Social media is a way for people to share, post, and exchange ideas and information in virtual networks and communities. It is form of internet-based communication that allows users to create web content, share information, and have conversation.

Name: Sarav Karmal

Class: IV

LIFE SKILL

Date: _____

Skill Education is a teaching and learning approach that focuses on developing practical skills and abilities that are useful in the real world.

Skill Education equips individuals with the tools to transform their ideas into reality. It focuses on teaching practical skills that can be used in real-life situations. Skills like communication, problem-solving, creativity, teamwork, and decision-making are essential.

Skill Education can help people:-

Become more employable.

Develop continuous learning.

Become more creative and innovative.

Build stronger social connections.

Learn to collaborate with others.

Prepare for future challenges.

Discover their talent.

Make a positive impact on society.

In school, skill education can be introduced through activities like group projects, art, sports and hands-on learning in subjects like science and technology. For example, working together on a science experiment teaches teamwork and problem-solving.

"Exploring the World of Digital Studies"

"Digital studies represent a significant shift in the way we learn and interact with educational content. By digital studies and technologies, students can access a vast array of learning materials, resources, and tools that enhance their educational experience. From online courses and virtual classrooms to digital textbooks and multimedia-rich content, digital studies offer a flexible, personalized and engaging way to acquire knowledge and skills."

In today's digital age, the way we learn and interact with educational content is undergoing a significant transformation. At Poojashri World School, we recognize the importance of embracing this change and preparing our future for success in a rapidly evolving world. Digital studies are not just about using technology in the classroom; they represent a fundamental shift in the way we approach education. From engaging collaboration and communication skills to developing critical thinking and problem-solving abilities, digital studies have the potential to transform the way students learn and grow. Benefits of digital studies are:- Increased accessibility and flexibility, personalized learning experiences, increased engagement and motivation etc. Explore the various digital tools and resources available to us, are as:- Learning management systems (LMS), online education platforms and apps, Digital textbooks and e-books etc.

In conclusion, digital studies have transformed the educational landscape, offering a flexible, personalized and engaging learning experience. We can increase accessibility and improve outcomes and prepare us for success in the digital age. Ultimately, digital studies have the potential to democratize education, making high-quality learning experiences accessible to all. It's our responsibility to harness the power of digital studies to create a brighter, more equitable future for all.

PARENT'S REVIEW

To,
Arwachin World School
Bhopura Ghaziabad

We, the parents of Pragya Das, student of class 3rd section-A, would like to express our heartfelt gratitude for the wonderful learning experience our daughter is having at school.

Pragya is thoroughly enjoying her time at school and has shown significant growth, both academically and personally. We are extremely pleased to see her not only gaining knowledge, but also developing confidence, discipline and a love for learning. Her enthusiasm to go to school everyday is a testament to the supportive and positive environment crafted by the teachers and the school staff. We are thankful to the school for recognizing her efforts and fostering an environment where students are encouraged to reach their full potential.

We truly appreciate the dedication and commitment of the teachers in nurturing the talents and skills of their students. The personalized attention and guidance given to each student makes a huge difference.

We look forward to seeing her continue to flourish at this wonderful institution. Once again we extend our sincere thanks to entire team for their constant support and encouragement.

With Regards,
Dr. Pulak Das and Dr. Pinki Purogastan
Parents of Pragya Das, class 3rd section-A.

PARENTS REVIEW

ARWACHIN WORLD SCHOOL, BHOPURA

GHAZIABAD (UP)

We want to thank the school management for their tireless efforts and take this chance to congratulate them. Your school is doing excellent in all the fields, especially giving a lot of exposure to children. We are very grateful to all teachers' and principal. Moreover, we impressed with co-curricular activities organized by the school. As a result of this, our children have gained confidence and overcome stage fear. We wish a great success to Arwachin World School.

Thanking You

Students:

Sandhya Yadav (Class-III) & Vedika Yadav (Class-PP A1)

Parents:

Ms. Sonam Yadav & Dr. Surendra Kumar

Arwachin World School is an exceptional institution that offers a nurturing and stimulating learning environment. The dedicated teachers and staff ensure that each student receives personalized attention, fostering both academic excellence and personal growth. The curriculum is comprehensive, incorporating modern teaching methods and extracurricular activities that help students explore their interests and talents. The school emphasizes holistic development, with a strong focus on values, discipline, and community involvement. Communication between parents and teachers is excellent, keeping families well-informed. Overall, Arwachin World School provides a well-rounded education, making it an excellent choice for any student. Highly recommended!

Komal Mishra

Sowing a seed till it becomes a plant is the toughest job because the right amount of water, sunlight and manure are most important to grow up and become a good and strong tree. Nurturing a child is a similar process - the right amount of knowledge and timely training are most important. It helps the child become responsible and disciplined, which is the most challenging job.

I would like to express my sincere appreciation for the exceptional educational experience at Arwachin World School, Bhopura. Iudos for such a fantastic job. Thank you is such a small word for all your hard work. I am so grateful that my son Aarav Kamal has the opportunity to learn under your guidance. Since the day he started schooling, I have seen much improvement in him.

The curriculum is engaging and thoughtfully designed, catering to each child's individual learning style. The school's commitment to fostering both academic and personal growth is evident in the progress Aarav has made.

Thank you so much from the care of my heart for being Aarav's great guide/mentor/Guru.

Shilpi Raj
Mother of Aarav Kamal
Class-4

PARENT'S REVIEW

I would like to express my sincere appreciation for the exceptional educational experience at Arwachin World School. My daughter, Shambhavi Pasi, in Pre-School A, has greatly benefited from the nurturing guidance and innovative teaching methods. The school's commitment to fostering both academic and personal growth is evident in the progress Shambhavi has made.

The curriculum is engaging and thoughtfully designed, catering to each child's individual learning style. Shambhavi has developed impressive cognitive and creative skills, which reflect the school's dedication to holistic development.

The warm and inclusive environment at Arwachin World School has allowed Shambhavi to build confidence, form lasting friendships, and embrace learning with enthusiasm. I am truly grateful for the positive and enriching foundation the school has provided at this early stage of her educational journey.

Thank you for your unwavering dedication to excellence in education.

Ankita Gupta Pasi
Mother of Shambhavi Pasi
Pre-School A

Dear Sir/Madam,

I would like to share my experience of Arwachin world school, Bhupna, Gandhinagar (W.P.). The teaching staff are very good at nurturing & developing the children's academic skills as well as social interaction & productive play. I am very happy with my child's progress. She enjoys to come to school. We are grateful for the positive impact you have had and will continue to have on our children's lives.

Rashmi Dagar
Gauri's mother.

ARWACHIN WORLD SCHOOL

Very happy with the school system and with the cooperative attitude of the teachers for making my child more confident to participate in theatrical activities.

Bhopur Ghatsbad
Dear All Teachers and Staff

We are the Parents of Rishi Malik, Studying in Class 1st A. We would like to express our heartfelt gratitude to each of you for creating a nurturing environment that makes our child love attending school. Your dedication and hard work have made a significant impact on our child's educational journey.

Specifically, we appreciate:

- Regular updates on our child's progress, keeping us informed and engaged.
- Your approachability and willingness to listen to concerns, making us feel valued.
- The emphasis on extracurricular activities, fostering new interests and passions.
- Excellent communication, ensuring parents stay informed about events and policies.

Special thanks to Ms. Rakha for being an outstanding educator who genuinely cares about students. Your commitment to teaching is inspiring.

Thank you for all that you do.

Thanks & Regards
Shyam Malik & Vikas Malik
(Parents of Rishi Malik)

PARENT'S REVIEW

Arwachin world school

I must say that I am impressed by its focus on academic excellence, well-rounded education and community spirit.

The dedication of teachers and leadership is evident. Highly recommended for holistic education. It offers a variety of extracurricular activities including music, dance, art.

All the teachers in this school are professional and well educated.

I would like to take this privilege to congratulate the management of the school for its endless efforts. We are really feeling proud of all the teachers and the school as a whole. Arwachin World school, Bhopura (oxy homez) is doing excellent in all the fields especially giving a lot of exposure to children. Very nicely planned and organized Academic programme. Good efforts by all teachers. I am very grateful to the Principal, Co-ordinator and all the teachers of the school. Curriculum and extra-curricular activities and modes are very impressive by which my child is growing very well. I feel that my decision was right in sending my child to Arwachin World School oxy homez, Bhopura. Keep it up! I wish great success to the Arwachin World School oxy homez Bhopura.

PARENT'S REVIEW

I am expressing my heartfelt appreciation for the exceptional education and support provided by Arwachin World School. As a parent, I have witnessed the dedication, hard work, and passion of the teachers and staff.

The school's commitment to academic excellence, extracurricular activities, and character development has helped in shaping Aarav into a confident, curious, and compassionate individual. The teachers' ability to create engaging lessons, provide individualized attention, and foster a love for learning has been truly impressive.

I am grateful for the opportunities Arwachin World School has provided, from the robust curriculum to the various clubs, sports, and community service projects. The school's emphasis on values such as respect, empathy, and responsibility has been invaluable in helping Aarav develop into a well-rounded and thoughtful person.

I want to appreciate the entire Arwachin World School community, including the administration, teachers, staff, and students. Your collective efforts have made a significant positive impact on my child's personality.

I Arachin Arvind Srivastava, mother of Anshika Arvind Srivastava, who is currently studying in class 5th B section.

After choosing my words to be written in positive attitude, I want to share some important messages to you all. My words are studying in Arwachin school since past two years & I really felt some great changes in her. She's very disciplined, cheerful & soft spoken person right now. As I'm a single parent so I was unable to pay attention on my child due to busy schedule of mine & I wanted the best school for my word to help me off the same that I was unable to do.

As it's been 2 years, I really felt the way decision was right. I'm highly impressed by the teachers, as the teachers are very much friendly & highly educated also they provide a home like atmosphere to my child.

I'm really impressed by the co-curricular activities organized by the school which really helped my child to develop confidence & surmount the stage fear. And my child is progressing well academically, her confidence has boosted up.

I also want to mention about the interaction of children with teachers. One day I was talking to my child & she told me about how her teacher told through the medium of audience which I feel is really important for them to know. My experience with Arwachin is amazing.

I wish a bigget future for this school, that their school continues to progress & provide some the best citizens.

PARENT'S REVIEW

ARWACHIN WORLD SCHOOL

As parents, we can say that the role of school is commendable qua overall development of my ward. A substantial portion of child's time and life is spent in the school environment and undoubtedly, on twin fronts viz. ^{academia and co-curricular} activities the contributions of the school is appreciable. Our child's bright future commensurate with the school's endeavours.

Thank you for giving me an opportunity to share my views on Arwachin World School. My daughter Saraswati Saini is studying in Pre School. If I talk about school, the environment is very child friendly, teachers are very cooperative and the supporting staff is also very good. The best thing about the school is the values they inculcate in the students.

I am very happy with my child's progress. The curriculum is engaging and thoughtfully designed. She enjoys to come to school. We are grateful for the positive impact they have had on our child. I am truly grateful for the positive and enriching foundation the school has provided at the early stage of her educational journey.
