This year has been marked with academic excellence, creative endeavors and sportsmanship showcasing the dedication of students, teachers, and parents alike.

The collective efforts of our students and teachers have fostered a spirit of learning, perseverance, and collaboration. Every challenge was met with determination, and every success was a reflection of hard work and commitment. The values instilled and the knowledge gained will serve as a strong foundation for future endeavors.

As the new session approaches, may the pursuit of excellence continue, and may the coming session bring new opportunities, learning, and success for all.

As you are aware that, for every additional facility, up gradation and addition in infrastructure, financial resources are a must. Funds are also required to meet the daily recurring needs, rising prices, rising salaries, taxes, recruitment of new staff, scholarships and expenses for the under privileged etc. It is very well realized always that a fee hike should be in limit without any extra burden on the parents. Keeping in mind all the above points, we have been left with no option but to enhance the school fee by about 6% to 9%. This has the approval of the competent authorities as per rules.
