

## **WHAT'S THE VIBE- A CONVERSATION WITH YOUNG CHANGEMAKERS**

### **PANEL DISCUSSION**

**18 MAR 2025**

Drishana Borah, a student of XIIA and founder of Project Dhvani, participated in What's the VIBE – A Conversation with Young Changemakers, a panel discussion hosted by Youth Ki Awaaz in collaboration with Young Leaders for Active Citizenship (YLAC) in Lajpat Nagar, New Delhi on 18 March 2025.

The discussion explored factors driving youth participation in civic life and governance, alongside barriers like institutional distrust, resource gaps, and lack of awareness. The panel also shared practical strategies to overcome these challenges and foster inclusive engagement.

The event marked the launch of The VIBE Report, which captured insights from 5,000 young people on their engagement with democracy, leadership, and civic action.

Drishana emphasized the need to promote civic engagement from an early age, address systemic barriers limiting youth in social entrepreneurship, and create alternative avenues to tackle modern civic challenges.
