

## **Provisional Allotment of Subject/Stream in Class XI**

Dear Parent,

Regular classes for Class XI will commence from Wednesday, April 16, 2025. The provisional stream-wise allotment list will be available on the school website on April 14, 2025, after 4.00 p.m.

### **Kindly note:**

- The allotment of stream/subjects in Class XI has been done on the basis of the marks/grades scored by the students in internal assessments. This allotment of stream/subjects is subject to change after the declaration of CBSE result.
- Students are advised not to buy books or join any Institute on the basis of provisional allotment of stream/subjects and if they do so, it is at their risk and expense. The school will not be responsible for this and stream/subjects will not be allotted on this pretext or excuse or expense.
- The students who have studied Mathematics (041) can take Standard Mathematics in Class XI. The students who have studied Mathematics Basic (241) can take Applied Mathematics in Class XI.
- After the declaration of CBSE result, students will be re-allotted the stream/subjects on the basis of their final result and the final stream/subjects wise lists will be displayed on school website. The school will not accept any approaches, recommendations, pressure, request or entreaties on this issue.
- It has been observed that many students later request for a change of subject. It is therefore advised to make a considered choice & a right decision taking into consideration one's aptitude in the selected subjects and the career ahead.
- **This is a provisional admission/allotment of stream/subjects & subject to change only after the declaration of the CBSE result and requests for the change of streams will not be entertained.**
- The school will be organizing workshops for students on career guidance in April.

Regards,  
Vice-Principal/HOS
