To celebrate the love and care of mothers, the students of Grade I and II took part in a beautiful Mother's Day activity. Children completed a special worksheet dedicated to their moms, where they wrote kind and loving messages about them. They also pasted their moms' pictures or made cute drawings to go along with their words. Each child expressed what makes their mother special—be it her cooking, her hugs, her stories, or her smile. The activity gave the little ones a chance to reflect on their bond and express their feelings in their own innocent ways. With crayons, stickers, and pure emotions, the worksheets turned into colourful keepsakes. It was heartwarming to see how thoughtfully and proudly the children worked on their little surprises. The activity reminded everyone that a mother's love is truly one of the greatest gifts in the world.

On the day of the event, the school was buzzing with colour, aroma, and enthusiasm! From Punjab's buttery parathas and lassi to Tamil Nadu's spicy dosas and sambhar, from West Bengal's sweets like rasgulla to Gujarat's tangy dhokla. This interactive experience not only allowed students to explore the diversity of Indian food but also taught them the importance of teamwork, cultural respect, and national unity. Through flavours and friendships, the students truly lived the message:
