SEPTEMBER NEWSLETTER *DUSSEHRA SPECIAL EDITION*

RAVAN MAKING ACTIVITY

As part of the Dussehra celebration, students participated in a creative and meaningful Ravan Making Activity. The children worked together to make a big Ravan, decorating it with vibrant colours and craft materials. Along with the craft, students wrote on small slips the habits or negative qualities they want to give up—such as anger, laziness, fighting, or not completing work on time.

They then pasted these slips on the large Ravan, symbolizing the burning of negativity and embracing positive behaviour. This activity not only enhanced their creativity but also helped them understand the true message of Dussehra—victory of good over evil and becoming a better version of themselves.

DUSSEHRA SPECIAL

DUSSEHRA FESTIVAL – SPECIAL ASSEMBLY

A Special Assembly was conducted to celebrate the festival of Dussehra. The programme began with a beautiful thought for the day, highlighting the message of victory of good over evil. Students also shared meaningful thoughts and facts related to the Dussehra festival and its importance.

To make the celebration more engaging, many children came dressed as characters from the Ramayana, such as Lord Ram, Sita, Lakshman, Hanuman, and Ravan. Their vibrant costumes added charm and helped them relate to the values and teachings of the epic.

The assembly also included a graceful dance performance, showcasing the spirit and joy of the festival. Students further shared information about Maa Durga, explaining her story, virtues, and the significance of her nine forms during Navratri.

Overall, the assembly beautifully combined learning and celebration, helping students understand the values of courage, truth, and righteousness.

GANDHI JAYANTI SPECIAL ASSEMBLY

A special assembly was conducted to celebrate Gandhi Jayanti, honouring the birth anniversary of Mahatma Gandhi, the Father of the Nation. The students enthusiastically participated and shared Gandhiji's inspiring thoughts and teachings. They beautifully explained his famous principles — "Bura mat dekho, bura mat bolo, bura mat suno" — reminding everyone to lead a life based on truth, kindness, and non-violence. Through their presentations, children reflected on Gandhiji's values of simplicity, honesty, and peace, spreading the message that even small actions rooted in goodness can bring big changes to the world.

SEPTEMBER

CHARKHA MAKING ACTIVITY

As part of the Gandhi Jayanti celebration, children took part in an engaging and creative Charkha Making Activity. Together, they crafted a large charkha using various art and craft materials, symbolizing Gandhiji's principles of self-reliance, simplicity, and dedication to hard work. Through this activity, students not only learned about the importance of the charkha in India's freedom struggle but also understood how it represents the dignity of labour and the value of being independent. The beautifully designed big charkha became the centerpiece of the celebration, reflecting the children's creativity, teamwork, and deep understanding of Gandhiji's thought process and ideals.

CLEANLINESS DRIVE -INSPIRED BY GANDHI JI

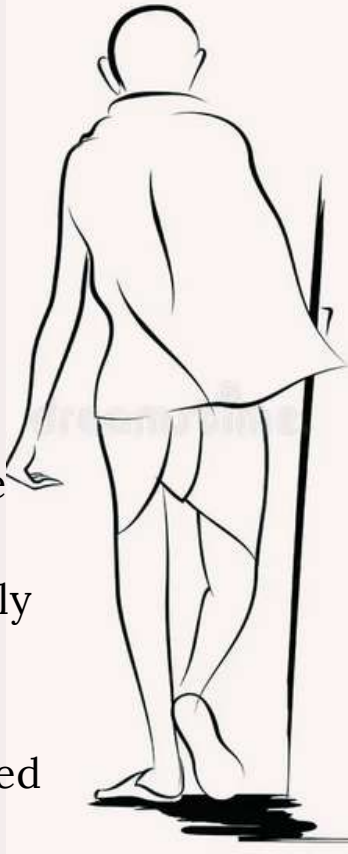

“Cleanliness is not just a habit, it is a way of life.”

As part of the Cleanliness Drive inspired by Mahatma Gandhi’s philosophy of cleanliness, responsibility, and dignity of labour, our young learners took an active step towards creating a cleaner environment. The activity aimed to make students aware of the importance of waste segregation and its impact on our surroundings.

Children enthusiastically participated by sorting biodegradable and non-biodegradable waste into separate bins. Through this hands-on experience, they learned how simple actions like separating waste can help protect nature and promote sustainability. The session also encouraged discussions on recycling, reusing, and reducing waste in daily life.

The drive not only helped students understand Gandhi Ji’s message of “Cleanliness is next to Godliness” but also instilled in them a sense of responsibility towards their school and community.

RAINBOW NUTRITION

Laurel students enthusiastically participated in the Rainbow Nutrition activity, learning the importance of eating colourful fruits and vegetables for good health. They identified and discussed different food colours and their benefits, realising that each colour provides unique nutrients to keep the body strong and healthy. It was a joyful and enriching experience that encouraged our young learners to make healthy food choices every day.

HEALTHY LIVING BEGINS WITH A COLOURFUL PLATE!

Collage Making

To celebrate Gandhi Jayanti, our young learners participated in a creative collage-making activity. Children cut, pasted, and arranged pictures related to Mahatma Gandhi, learning about his inspiring life and values of peace, truth, and non-violence. This hands-on experience encouraged teamwork, creativity, and fine motor skills while helping them appreciate the contributions of the Father of our Nation. It was a wonderful way to honour Bapu through art and imagination!

Career Mela: Guiding Young Minds Towards Bright Futures

The Sovereign School organised a vibrant Career Mela to guide students towards informed career choices.
Representatives from various reputed colleges and universities participated in the event.
They shared valuable insights about different academic streams and professional opportunities.
Students enthusiastically interacted with the experts and cleared their doubts about future courses.
The session helped them understand the importance of planning and goal setting.
It encouraged them to explore their interests and match them with suitable career paths.
The event created awareness about new-age careers and emerging fields of study.
Overall, it was an inspiring and informative experience for all the students.

Don’t just choose a career, choose a purpose that inspires you every day.

Roar for Rhinos:

A Call to Protect the Endangered

The Sovereign School conducted a special assembly to spread awareness about the importance of protecting rhinos. Students highlighted the alarming decline in rhino populations and shared how poaching and habitat loss are pushing this magnificent species toward extinction. Through speeches, facts, and performances, they emphasized the urgent need to take action and preserve wildlife.

"When the rhinos disappear, a piece of our Earth's heart fades away."

As part of the event, students took a heartfelt pledge to "Save the Rhino," promising to protect nature and encourage others to do the same. The assembly inspired everyone to become responsible citizens who care for the planet and its endangered animals.

To further the cause, a vibrant rally was organized where students carried creative placards and chanted slogans, spreading the message of conservation across the campus. The event beautifully reflected their compassion, awareness, and strong commitment to protecting the rhino and other endangered species.

RAINFOREST CONSERVATION ASSEMBLY

The Sovereign School conducted a special assembly on Rainforest Conservation to spread awareness about the need to protect our planet's rich and vital rainforests. Students presented informative speeches, poems, and short skits highlighting the importance of rainforests in maintaining ecological balance and supporting countless species of life. The assembly inspired everyone to think about how their small actions can help protect nature's beauty and strength.

"Small hands, big hearts saving nature from the start."

As a part of the activity, students wrote their ideas on leaf-shaped cutouts about how they can help save the environment and rainforests. These colourful leaves were then beautifully pasted on a large tree display, symbolizing collective effort and unity in protecting nature. The tree, filled with thoughtful messages, became a vibrant reminder that every small step counts in making the Earth greener and healthier. The event truly encouraged the young learners to act responsibly and become active protectors of our environment.

EXTRACTING DNA FROM BANANA

Students of Class XII performed an exciting DNA extraction from banana experiment as part of their Biotechnology practicals. By mashing banana pieces in a detergent and salt solution and adding cold ethanol, they observed stringy white DNA strands. The activity helped students visualize genetic material, reinforce theoretical concepts, and sparked curiosity and scientific inquiry.

The activity not only reinforced theoretical concepts such as cell structure, genetic material, and biochemical processes but also promoted curiosity, and scientific inquiry among learners.

“Learning is not just reading about DNA — it’s seeing life’s code unfold before your eyes.”

PIT COMPOST ACTIVITY -

TURNING WASTE INTO WONDER!

To promote sustainable living and environmental awareness, The Sovereign School organized a Pit Compost Activity for Classes VII-A and VII-B. Students actively participated by bringing biodegradable materials such as fruit and vegetable peels, dry leaves, and kitchen waste. They learned the importance of segregating waste, recycling organic matter, and how composting turns everyday waste into nutrient-rich soil.

Through this hands-on activity, students not only enhanced their scientific understanding of decomposition but also developed eco-friendly habits. They will continue to observe and monitor the composting process daily, gaining firsthand experience of how organic waste transforms naturally.

“Don’t waste the waste — let it nurture the Earth.”
