# MATHEMATICS

👉 Revise ut 3 syllabus (Measurement , Pattern and Symmetry)

👉 As part of our Ek Bharat Shreshtha Bharat activity, we will explore Maths through Delhi and the Andaman & Nicobar Islands.

Complete the following three activities neatly on A4 sheets:

### Distance & Place Value:

The distance between Delhi and Andaman is about 2,200 km.

Write it in expanded form and mention the place value of each digit.

### Weather Data:

Delhi:  $40^{\circ}\text{C}$  (summer),  $10^{\circ}\text{C}$  (winter)

Andaman:  $30^{\circ}\text{C}$  (summer),  $23^{\circ}\text{C}$  (winter)

Find the temperature difference for each place and tell which one has a bigger change.

### Data Handling – Favourite Tourist Spot:

Ask 5 family members which place they would like to visit – Delhi or

Andaman & Nicobar Islands.

Record the answers in a simple table and find which place got more votes.

Decorate your project neatly and write the topic on top. Let's explore how Maths connects Delhi and the Andaman & Nicobar Islands!
