

# WINTER HOLIDAYS HOMEWORK

## CLASS-VII

### Celebrate the Spirit of Winter! ❄️

Winter vacation brings with it a refreshing pause from routine and is the time to relax, reflect and return with renewed energy. This break is not only meant for rest and recreation but also for personal growth, creativity and strengthening bonds with family. We encourage you to make the most of this time by engaging in meaningful and joyful activities.

### Embark on a Journey of Fun and Adventure

- 1. Read Relax and Recharge :** Read books that spark your imagination, practise mindfulness, pursue hobbies, dance, or engage in creative activities that promote inner balance and well-being.
- 2. Stay fit and Healthy:** Take part in indoor or outdoor games regularly. Learn the values of teamwork, sportsmanship and resilience by accepting both success and failure gracefully.
- 3. Cherish Family Time:** Use this break to connect with your family through conversations, walks, shared meals and simple activities that strengthen relationships.
- 4. Practise Gratitude and Kindness :** Begin each day with gratitude, positive thoughts and prayers for the health, happiness and harmony of all.
- 5. Save Nature :** Follow eco-friendly practices—conserve water and electricity, reduce waste, and respect nature in your everyday actions.

### Important Information

Winter Vacations will commence from 1st January 2026 onwards.

Dress warmly, stay well-nourished and take care of your health during the cold season. May this winter break bring you joy, peace and renewed enthusiasm for learning !

### **Q2. The Cold Desert Village**

Tsering lives in a high-altitude village surrounded by mountains. The climate is extremely cold and rainfall is very low. Water is mainly available from melting snow during summer. People grow barley and keep animals like yaks and goats. Houses are built with thick walls and small windows to protect from cold winds. Monasteries are important centres of social and cultural life.

## Questions:

1. Why do houses have thick walls and small windows in this region?
2. How does limited water availability affect farming in Tsering's village?
3. Why are yaks and goats more useful than cows in this area?
4. What role do monasteries play in the lives of the people?
5. Name one difficulty faced by people living in such a cold desert.
