

“Through literature, young minds learn not only to read words, but to read the world.”

Dear Parents,

We are delighted to inform you that the school is going to organise “ **LITERATI** ”, an **event where Literature comes to life**. It will be presented by Grade VI on **31st January 2026 from 10:30 a.m. onwards**.

The programme has been thoughtfully designed to provide our young learners with a meaningful platform to showcase their learning, creativity and confidence. Your presence and encouragement will serve as a great source of motivation for the students and will make the event even more enriching for them.

A formal invite will follow shortly.

We look forward to your gracious presence and continued support in shaping inquisitive and confident learners.

Warm regards,

Principal
