Building AI-Ready Minds for Tomorrow's Industries.

17+ YEARS OF ACADEMIC EXCELLENCE IN DELHI

ADMISSIONS OPEN 2026 - 27

PROGRAMS OFFERED:

B.Arch Bachelor of Architecture	**BBA** Bachelor of Business Administration	**BCA** Bachelor of Computer Applications
B.Com (Hons) Bachelor of Commerce (Honours)	**B.Tech** (CSE, ECE, AI&ML & Civil Engg.) Bachelor of Technology	

Welcome to MBS College

Vision

To be a centre of excellence that integrates design, management, and technology with human values, inspiring learners to become visionary leaders and compassionate contributors to society.

Mission

To provide quality education in design, management, and technology, fostering creativity, critical thinking, and innovation to develop AI-enabled, industry-ready professionals equipped with real-world skills and a strong sense of purpose.

Why MBS is the Right Choice for You

01
AI-driven Academic Learning

02
Personalised Academic Excellence

03
Infrastructure Built for Modern Learning

04
A Legacy of Proven Excellence

05
Prime Location With Seamless Connectivity

06
A Safe, Green Campus by Design

07
Career Support for Secured Future

08
Industry Exposure In Every Semester

09
Holistic Development

10
A Campus that stays Alive Year-Round

What Does MBS Offer?

COURSE: Bachelor of Architecture (B.Arch)

Duration: 5 years (Admission through NATA) | **Total seats:** 120

Approved by COA and AICTE, affiliated with GGSIPU

PROGRAM FOCUS:

- Blends creative thinking with technical expertise, focusing on design innovation and architectural problem-solving.
- Live projects, site visits, and in-campus internships integrated into every semester.
- State-of-the-art labs, model-making workshops, design studios, and AI tools to bring ideas to life.
- Regular guest lectures, industry collaborations, and expert sessions keeping students connected to the field.
- Strong placement track record producing skilled, confident, and industry-ready architects every year.

COURSE: Bachelor of Business Administration (BBA)

Duration: 3/4 years (Admission through CET/CUET) | **Total seats:** 120

Approved by AICTE & Affiliated with GGSIPU

PROGRAM FOCUS:

- Builds leadership, strategic thinking, and a practical understanding of how modern businesses operate.
- Learning driven through case studies, presentations, group discussions, and personality development sessions.
- Internship opportunities integrated early, giving students real corporate exposure before they graduate.
- Prepares students for both corporate careers and entrepreneurial paths with the right skills and mindset.

COURSE:

Bachelor of Computer Applications (BCA)

Duration: 3/4 years (Admission through CET/CUET) | **Total seats:** 60

Approved by AICTE and Affiliated with GGSIPU

PROGRAM FOCUS:

- Covers core computer applications alongside advanced areas like software engineering, data analytics, and AI.
- Strong focus on programming with live projects and practical sessions that mirror real industry expectations.
- Builds industry-relevant technical skills, ensuring students are capable in practice, not just qualified on paper.
- Graduates enter the IT sector equipped with the knowledge and hands-on experience employers actively look for.

COURSE:

Bachelor of Commerce (Honours)

Duration: 3/4 years (Admission through CET/CUET) | **Total seats:** 60

Approved by AICTE and affiliated with GGSIPU

PROGRAM FOCUS:

- Builds a strong foundation across finance, taxation, economics, and contemporary business practices.
- Practical application through case studies, live projects, and real-world exposure that goes well beyond theory.
- Develops the analytical, technical, and professional skills that employers across corporate and financial sectors look for.
- Value-added certifications in Advanced Excel and Tally giving students a practical edge in the job market.

COURSE:

Bachelor of Technology (CSE, AI&ML, ECE and Civil Engg.)

Duration: 4 years - Admissions through JEE Mains

Total Seats: CSE - 60 I AI ML - 60 I ECE - 30 I Civil Engg. - 30

Approved by AICTE and Affiliated with GGSIPU

PROGRAM FOCUS:

- Core engineering principles integrated with AI-driven learning across all four specialisations.
- Hands-on projects, equipped labs, and industry-relevant tools connecting classrooms to real engineering challenges.
- Problem-solving and technical proficiency are central, ensuring applied understanding in every semester.
- CSE students are trained in software development, data structures, and emerging technologies like AI and cloud computing.
- Civil Engineering students gain practical exposure through site visits, AutoCAD training, and hands-on understanding of construction and infrastructure.

AI-Enabled Learning that Speaks the Language of Tomorrow

From smart classrooms and AI-enabled labs to hands-on tool-based training, every program at MBS is designed to ensure students are not just aware of AI but are actively working with it.

01 B.Arch

From sketches to 3D models, from technical drawings to compelling portfolios, MBS architecture students use AI tools that make design thinking faster, sharper, and presentation-ready.

02 BBA

MBS business students use AI tools for marketing campaigns, for case-based learning, and for structured project management, building real industry fluency.

03 BCA

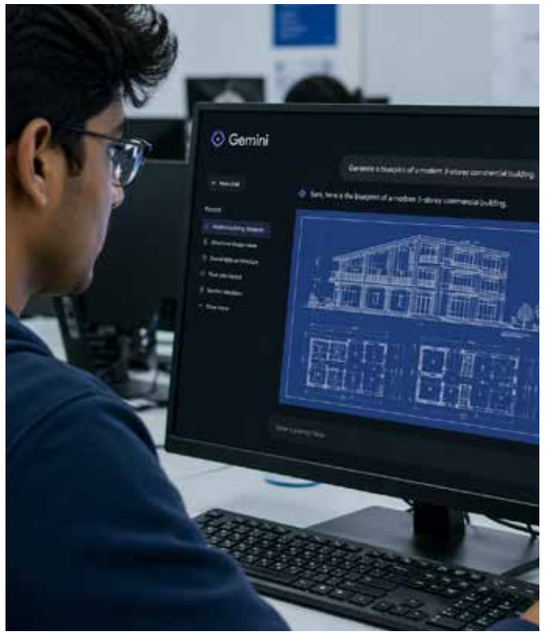

At MBS, BCA students code, debug, and collaborate using tools that turn complex programming concepts into practical, hands-on competency every semester.

04 B.Com

MBS commerce students use tools for data analysis, real-time financial research, and for professional presentations, making every assignment sharper and more industry-aligned.

05 B.Tech

From programming to concept clarity and logic building, MBS engineers are trained on tools that mirror real developer workflows.

At MBS college, students don’t learn about the shift; they experience it firsthand by building fluency with the latest tools that are ready to shape the future.

At MBS, we ensure students are future-ready

EARLY INDUSTRY EXPOSURE

From the initial stages, students engage with real-time businesses, developing practical skills and professional clarity.

EXPERIENCED FACULTY

From premier institutions like IITs, SPAs, NITs, and also leading universities, our faculties brings with them not just academic depth but strong, relevant industry experience.

WORKSHOPS & IMMERSIONS

Hands-on sessions with industry experts where students work through real-world challenges.

SITE & INDUSTRY VISITS

Regular exposure to live industrial and architectural environments.

CASE STUDIES & PRESENTATIONS

Students are trained through structured case studies, group presentations, and personality development sessions.

State-of-the-art Infrastructure

Every facility at MBS is designed with one purpose: to support serious learning, independent thinking, and hands-on practice. From day one, students have access to spaces that are functional, well-maintained, and built around what each program demands.

SPECIALISED LABS & STUDIOS

Climatology and Surveying Lab

Model Making and Material Museum

Computer Lab

Physics Lab

Chemistry Lab

Electronics Lab

SMART CLASSROOMS AND ACADEMIC SPACES

Well-stocked Library

Smart classrooms

CAMPUS FACILITIES

Cafeteria

Common Rooms for Boys & Girls

Campus-wide Wi-Fi

SPORTS & RECREATION

Indoor and Outdoor Sports Facilities

Dedicated Space for Club Work & Events

Global Connect with Industry Experts

INDUSTRY INTERACTIONS

- Distinguished industry experts, entrepreneurs, and corporate leaders are regularly invited to campus for seminars, workshops, and guest lectures.
- Sessions are designed to give students direct exposure to current trends, professional expectations, and real-world practices across sectors.

GLOBAL EXPOSURE

- International study tours and exchange programs that broaden perspective beyond the classroom
- Active collaboration with the University of the Arts, London, connecting students to global design and creative thinking.

MBS COLLEGE • MBS COLLEGE • MBS COLLEGE •

At MBS, industry exposure shows up from the very first semester, in the form of entrepreneurs who've built companies, architects who've designed cities, and tech leaders shaping what AI looks like next.

VIBRANT CAMPUS LIFE

Academics are just one part of the MBS experience. The campus stays active throughout the year, with festivals, competitions, and student-led communities that make college life memorable and fun.

CULTURAL CELEBRATIONS

From Diwali to Basant Panchami, campus celebrations bring the entire MBS community together, reflecting the cultural diversity.

EVENTS & COMPETITIONS

Students compete at platforms like NASA design competitions, GGSIPU sports meets, and the Anugoonj Fest, consistently representing the college with distinction.

STUDENT CLUBS & SOCIETIES

Photography, Heritage, Nature, Writing, Arts, Dance, Music, Drama, Fashion, and Sports, there is a community for every interest.

A Campus Built on Safety, Respect, and Accountability

MBS College maintains a strictly drug-free, smoke-free, and alcohol-free campus with zero tolerance and active vigilance across all spaces.

Anti-Ragging Committee

Our dedicated anti-ragging committee ensures a safe, respectful campus with a zero-tolerance policy, ensuring a safe & secure campus for the students.

Internal Complaints Committee (ICC)

Constituted as per the POSH Act 2013, this committee ensures a safe & respectful environment, addressing complaints of sexual harassment with confidentiality & prompt actions.

SC/ST Welfare Committee

A dedicated committee that ensures protection of rights, promoting inclusion and support in academics with career growth for SC/ST students.

Discipline Committee

A dedicated committee to uphold discipline, ensuring accountability and maintaining a respectful campus environment.

Disaster Management Committee

This committee works to build awareness, preparedness, and a proactive approach to managing emergencies, ensuring campus safety at all times.

Grievance Redressal Cell

A Student Grievance Redressal Committee (SGRC) is a mandatory, impartial body, ensures fair & timely resolution of students across academics, administrations & harassment, accessible via online forms, email, or complaint boxes.

Sports as an Integral Part

At MBS College, we actively promote sports as an integral part of holistic education. We believe that physical fitness, teamwork, and a spirit of healthy competition are essential for personal growth. Our campus offers excellent sports facilities and organises regular tournaments, inter-college competitions, and fitness activities to encourage student participation.

Our Notable Alumni.
Shaping Industries.

Academic Tours

DUBAI TOUR

MBS College regularly organises both national and international academic tours exploring diverse architectural styles, heritage sites, and contemporary urban spaces firsthand.

Every tour is structured around real learning, with guided visits, professional interactions, and on-ground documentation that bring planning, sustainability, and design innovation to life beyond the classroom.

PONDICHERRY TOUR

UDAIPUR TOUR

Recognized for Excellence

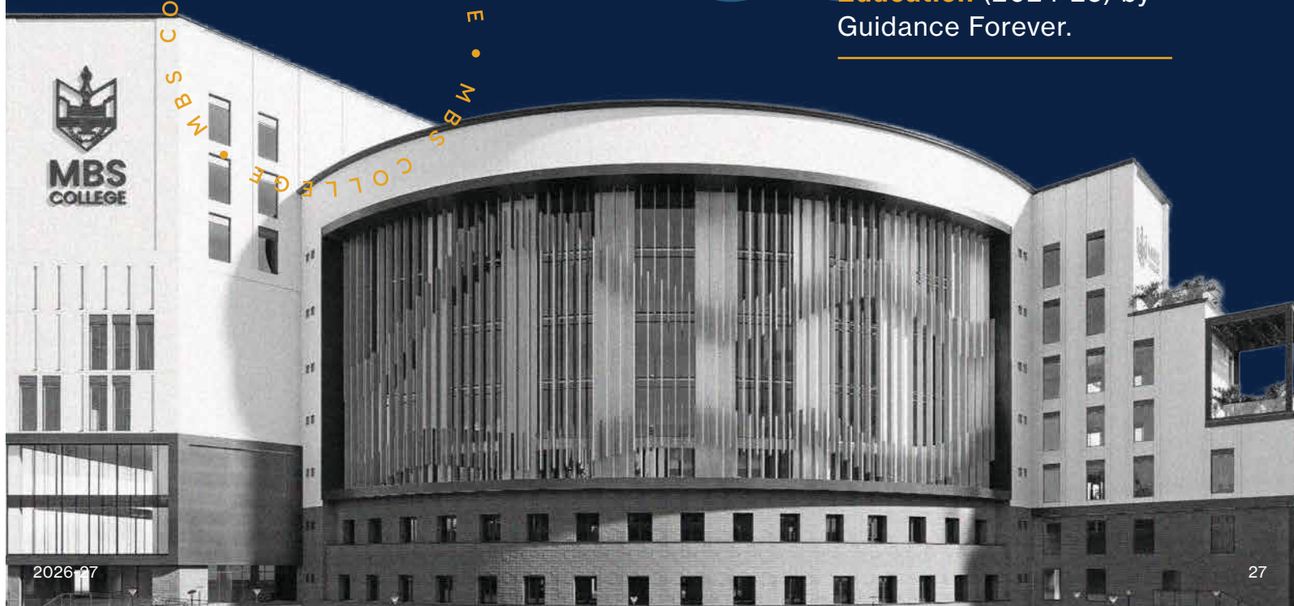

01 Ranked among the **Top 10 Architecture Colleges** in India (India Today), MBS College has been consistently recognised for its academic excellence.

02 Awarded as the **Best Architecture College in Delhi** (CEGR Jury 2019) and recipient of the **Sharpener Award for Excellence** in Architectural Education.

03 Awarded for **Excellence in Sustainable Education** at the Global Edu Leaders Award 2026, presented at IIT Delhi.

04 Winners of the **Solar Decathlon India Community** for outstanding achievement in sustainable design and innovation.

05 Awarded as **Excellence in Architectural Education** (2024-25) by Guidance Forever.

Proud Achievements of Our Students

UNIVERSITY TOPPERS
GOLD MEDALISTS (B.ARCH)

- Vanshika Bharaj (2011-16)
- Michelle T. Zacharias (2012-17)
- Abhishek Gupta (2013-17)
  Gagandeep S. Sabarwal (2014-19)

RESEARCH RECOGNITIONS

- Hina Sharma (2013-18) - Research Published nationally & internationally by Scholarinc India (2017)
- Dimple Manchanda (2014-19) - COA National Jury Award

NATIONAL HONOURS

Manoj Sharma (2013-18) - National Thesis Award & JK Aya Best Architecture Student Award

GLOBAL ACHIEVEMENTS

- Janhvi Ambhurkar (2015-20) - 2nd Prize, International Photography Competition (2018)
- Anukriti Marwa • Muskan Sharma • Nikita Saigal (2019-24) - 3rd Prize, International Tiny House Competition (Canada)

DESIGN & INNOVATION EXCELLENCE

- Vishal Yadav (2019-24) - 1st Prize, ATX Design of the Year
- Team Tejasvi (2021-22) - Winners, Solar Decathlon India (Community Resilience Shelter)
- INTACH Heritage Awards 2025 - Award of Excellence for “Between Journeys: Legacy of Sarai Shahji”

MBS College in 2025-26 : A Year in Highlights

ACADEMIC & INDUSTRY EXPOSURE

Academic visits to TV9 Bharatvarsh, Yakult, Mother Dairy, Baansera, Rajghat, PM Museum, National Crafts Museum, Biodiversity Park for real contextual learning.

EXPERT SESSIONS & CONFERENCES

Engaging sessions by Industry leaders on AI and Data Science Session, Tech4ED, The Power of Collaboration, Global Edu Leaders Interaction and many more interactions.

AWARDS & RECOGNITION

From NASA design awards to GGSIPU Sports Meet participation, MBS students consistently represent the college with distinction, across major different platforms.

SOCIAL INITIATIVES

MBS participated in various community action including the Punjab Flood Relief drive, Seva Bhoj outreach program, and a Blood Donation Camp organised on campus.

CAMPUS CELEBRATIONS

From Diwali and Holi to Basant Panchami and Lohri, the MBS campus celebrates through the year, culminating in AAKAAR 2026, the college's flagship cultural fest.

INNOVATION & ENTERPRISE

Startup to Mahakumbh connected MBS students to one of the world's largest gatherings, translating entrepreneurial thinking into a real, high-visibility platform.

Voices of our Students

MBS didn't just teach me architecture; it gave me the foundation to build a career on. The hands-on learning, the academic rigour, and the environment that pushes creative and critical thinking, all of them stay with you long after you graduate

ANUKRITI MARWAH
(BATCH 2019 - 24)

The faculty at MBS inspired me to become the architect I am today. The environment pushed me to grow, explore, and find my own voice as an architect. The friendships I built here made the journey even more meaningful.

SAHIL SARFARAZ
(BATCH 2018 - 23)

MBS gave me more than a degree. It gave me the experiences, the relationships, and the confidence to call myself an Architect today. Every opportunity here shaped who I am professionally and personally.

NARKANT NEGI
(BATCH 2014 - 19)

Training and Placement Support

MBS College's Training and Placement Cell works to connect students with quality internships and job opportunities. With well-equipped seminar and meeting spaces, the cell conducts on-campus placement drives and supports off-campus opportunities through strong industry links.
