

## **Report On Plantation Drive**

The Environment Club of Delhi Public School Maruti Kunj, Gurgaon organized a tree plantation drive on 25/07/2024 to observe The **World Nature Conservation Day**, celebrated every year on 28 July. The aim of the activity was to raise awareness amongst the students about the importance of preserving and conserving natural resources and the environment. The day also served as a reminder of the need to protect and sustainably manage the Earth's ecosystems and biodiversity for the well-being of current and future generations. Around 200 saplings of various plants were displayed in the school premises. A placard displaying valuable information about the plant accompanied saplings.

To celebrate the Day-6 of **Shiksha Saptah** (Education Week) activities conducted by The Ministry of Education, Government of India, the school Environment club also initiated **#Plant4Mother** campaign on 27/07/2024. The vision of the celebration was to strengthen the bond between students and their mothers and Mother Earth as well as to instil among the learners a deep-rooted pride in being Indian and dispositions that support responsible commitment to sustainable development and living. Students and their mothers within school premises, at their home or at some appropriate public places, planted more than hundreds of saplings collaboratively.

Respected Principal Mr. Akhilesh Chandra Chaturvedi and chief guest of the day Mr. Manoj Aggarwal (Administrator MEET) encouraged and guided the students to nurture their respective saplings, ensuring they receive water, nourishment and protection from harsh weather as caring for the plants builds a sense of ownership among the students. Students have participated in the activity with great zeal and enthusiasm.
