WEEKLY ASSESSMENT SYLLABUS –
2nd May 2022

Class 6
Mathematics
Marks - 40 Marks

- WHOLE NUMBERS- BODMAS, Simple addition, subtraction, multiplication and division, multiples, factors, HCF/LCM.

- INTEGERS – Recognition & use of integers in real- life situations. Basic addition and subtraction of integers.

- DATA HANDLING – Interpretation of pictograph, bar graph and pie charts.

- FRACTIONS (basic knowledge of class V: addition, subtraction, multiplication, division, finding fraction of a quantity)

- DECIMALS (basic knowledge of class V: simple addition, subtraction, multiplication and division)

- ANGLES (basic knowledge of class v: angles at a point, complementary, supplementary and reflex angles, triangles)

- TIME

Class 7
English
Comprehension Passage

Class 8
Hindi
पाठ– गोभी का फूल (संपूर्ण अभ्यास कार्य)

व्याकरण–अपठित गद्यांश

लेखन कार्य

Class 9
First Language English
Paper 1: extended response to reading- newspaper report. Mm: 25

Class 10
Physics
Chapter 8 – Electricity

Accounting

1. Manufacturing accounts
2. Depreciation
3. Incomplete records
4. Control accounts

Class A1
Economics
(as per Colin Bamford Susan Grant Cambridge International AS and A Level Economics Coursebook -Fourth Edition- Latest)

Complete Section 1- Basic Economic Ideas and Resource Allocation (AS Level)

Class A2
Mathematics
Pure Mathematics 3:

Modulus functions
Polynomials
Partial fractions

Mechanics

Resolution of forces
Graphical representation of motion
Newton's equations of motion

Statistics

Poisson distribution
Linear combination of Random Variables of poisson distribution only
