Report on the Session: "Entrepreneurship" by Divya Mishra (Masters' Union)

A highly engaging and insightful session on Entrepreneurship was conducted for Class XI and XII C2 students on [Insert Date] by Ms. Divya Mishra, a mentor and strategist from Masters' Union, Gurugram. The session aimed to introduce students to the world of start-ups, innovation, and the mind set required to become a successful entrepreneur.

Ms. Mishra began the session by sharing real-life examples of young Indian entrepreneurs who transformed simple ideas into impactful ventures. She emphasized the importance of creative problem-solving, risk-taking, and resilience. Students were particularly intrigued by her breakdown of how a business idea evolves—from identifying a problem to developing a market-ready product.

One of the most interactive segments was a quick idea-pitching activity, where students worked in groups to brainstorm business ideas. Ms. Mishra provided individual feedback, encouraging students to think beyond traditional careers and explore entrepreneurship as a viable path.

The session concluded with a Q&A round, where students asked questions about funding, scaling a business, and balancing academics with entrepreneurship. Ms. Mishra's responses were practical and motivational, leaving students inspired and curious.

Overall, the session was a huge success, sparking interest in entrepreneurship among students and giving them a glimpse into the dynamic world of start-ups. The school looks forward to more such enriching experiences in the future.
